You could play a fire-hose on the waterproof Buck Skein fabric Jacket and though the force of the water would knock one over not a drop could seep through.

This process, developed exclusively for Buck Skein by Du Pont, makes it waterproof—100% waterproof—bone dry waterproof! Yet the price remains the same!

Buck Skein fabric has another added feature. It is now inter-lined with a soft cotton fleece as pictured. Outdoor men can appreciate what this extra warmth means when the wind and snow bite like acid.

Buck Skein fabric wears like saddle leather. Washes in soap and water as easily and as clean as a handkerchief.

Your Money Back

If Buck Skein fades, shrinks or loses its suede texture when washed. A written guarantee tags along with every garment. We further guarantee to refund your money if the new Buck Skein is not 100% waterproof. (You are the sole judge.)

The new jacket is made up to the standard of the old tried and tested Buck Skein. Made with a wool belt; adjustable collar and cuffs; two large flap pockets; double stitched seams; waterproof and cotton fleece lined.

Original Buck Skein Garments - - - Not Waterproof

Buck Skein Fabric
$2.98 Post Paid

Buck Skein Joe Says:

BUCK SKEIN

"30° WARMER THAN THE ORDINARY"
Now ½ Price of A Few Years Ago

Nationally advertised a few years ago at $6.50. Sears saving now brings this jacket down to $2.98. What Value and Comfort! Keeps you 30 degrees warmer inside than the ordinary garment because Buck Skein fabric is woven so tightly it holds in the natural heat of your body. The two-button adjustable cuffs keep out chill winds and the big collar turns up like a muffler so wind, rain and snow are kept off the neck. Tough as saddle leather but soft and luxurious as the smoothest suede. **Guaranteed to wash without fading. All wool belt; two oversize flap pockets; double stitched seams.**

83K800—Tan **83K801**—Gray
Sizes, 14 to 17. Half sizes. Order your regular shirt size. State size.

Double nap—Inside and out. Buck Skein fabric shirt at a new low price. Money back guarantee not to shrink, fade or lose its fine texture. Big and roomy with two large flap pockets. Looks like a million bucks and wears like a steel plough.

83K886—Tan. →
83K887—Gray.
Sizes, 14 to 17. Half sizes. State size. When not included in a $2 order send 10¢ for postage.

VALUE is not Established by Price

Microscopic Yarn Test!

Many, many times as powerful as the human eye, this little machine tells us the length of the fibers—the quality of the wool—the number of twists to an inch of yarn. It detects any flaw or weakness. It tells whether the yarn is combed or carded, whether all the fibers are wool or whether other fibers are combined with the wool.

All the snap, dash and swagger that the campus knows! These bright "V" neck pullovers are "going over big" at the Universities. Better knit—better made from better yarns.

QUALITY makes VALUE

For Boys' Sweaters
See Pages 432–433

The weave that goes into your sweater was selected for one particular purpose. For example . . .

SHAKER STITCH is a heavier, huskier stitch designed to give greater warmth in cold weather.

ELASTIC RIB STITCH is a lighter weave for general utility sweaters which can be worn under coats.

LINK AND LINK STITCH is a novelty weave, a big favorite in sports, specially created for snappy knit-in designs.

••Contrasting Trim as illustrated.
••Finest Tailoring throughout.

A luxurious gift—Beautiful material and stylish trimmings. The finely tailored double breasted model, four matched buttons and wide fringed sash make this the last word in modern masculine smartness.

See Opposite Page For Descriptions

AMERICA'S GREATEST BATH ROBE VALUES!!

1—Our robes are finished with the greatest care. No better tailoring elsewhere, regardless of price.
2—Sears Robes are roomier in chest and length and wider in sweep than ordinary robes.
3—The sleeves are set in as in a tailored coat.
4—All buttons are reinforced with stay button.
5—Materials are the best available.
6—Each robe is delivered in an attractive gift box.

RAYON Trimmed with Satin

Was ~~$5.48~~ Last Fall

$3.98 *Postpaid*

33K1938—Blue
33K1939—Maroon
Even sizes, 34 to 48 in. chest measure. State size wanted.
—Rich Brocaded Rayon Fabric.
—Real Satin Shawl Collar, Cuffs, Pocket trim, Yoke and Underfacings.
—Heavy Satin Sash With Fringe to Match.

No longer out of reach—the luxury of a rich, gleaming lounging robe! Not when Sears has brought the price down so low! A robe so good-looking, so fine, any man would be proud to wear it!

All Wool Flannel

$3.98 *Postpaid*

33K1970
Blue Stripe
33K1971
Brown and Tan Stripe
33K1972
Solid Blue
Even sizes, 34 to 48 in. chest measure. State size.
—100% ALL WOOL Flannel.
—Natty Stripings.
—Double Shawl Collar; 3 Pockets.
—Three Shell Buttons Backed by Stay Buttons.

Wonderfully light and comfortable, but warm as only All Wool can be! Sash trimmed with rayon knotted fringe. Tailored like an expensive suit!

Blanket Robe

$2.98 *Postpaid*

33K1928
Gray and Blue
33K1929
Brown and Blue
33K1931
Gray and Maroon
Even sizes, 34 to 48 in. chest measure. State size wanted.
—Thick, Soft Cotton Blanket Cloth.
—Jacquard Double Ombre Design.

Warm and snug as a downy blanket! Large double shawl collar and cuffs. Made like expensive robes, with full cord edging, Rayon girdle, 3 shell buttons and all seams reinforced with matched binding! Individually boxed—makes a very good looking gift.

How's This For Style?

$3.98 *Postpaid*

33K1965
Med. Blue with Lt. Blue Trim
33K1966
Green with green trim
33K1967
Brown with tan trim
Even sizes, 34 to 48 in. chest measure.
—Famous Beacon Cotton Blanket Cloth.
—Contrasting Cord Trim on Collar, Cuffs, Pockets and down front.
—Carefully Tailored; All Seams Bound.

Beacon brand—the sign of high quality and usually of high prices, too! Not so at Sears! Thick, velvety-soft cotton blanket cloth—tailored with all the quality features listed at the top of the page.

Here is Certified

Here IS definite, **certified,** PROOF that SILVERTONE Tubes are EQUAL To, or BETTER THAN, the standard nationally advertised brands sold elsewhere at higher prices.

It consists of the results of tests run under the supervision of **Arthur W. Sear, Assistant Prof., Armour Institute of Technology.**

Professor Sear chose equal quantities of SILVERTONES and a STANDARD ADVERTISED BRAND. He tested the 201A-type tube, because it is a representative tube used in battery sets. He tested the 224A-type because it is representative of tubes used in all-electric sets.

Since there is not space here to give the complete test data on each tube, we include on this, and the opposite page, only the most important facts about each test. Tests were made on all tubes for **Mutual Conductance . . . which is a definite check on the overall efficiency, and an accurate yardstick for measuring the probable life of the tube.** From the results of these reports, we again affirm that **SILVERTONE QUALITY IS SECOND TO NONE.**

SILVERTONES rank in service with the most expensive tubes—yet cost you up to 40% LESS than standard nationally advertised prices.

Report of Laboratory Test on Type 201A Tubes

This test was conducted to determine the mutual conductance of SILVERTONE type 201A tubes as compared with type 201A tubes made by another leading tube manufacturer.

The tubes were purchased in the open market in original factory cartons just as they are sold to the public. To secure an unbiased and impartial test, 50 tubes of each make were bought. All tests were made on a Hickok tube tester, the test being conducted by the usual method of comparing tubes used by manufacturers and dealers.

These tests showed the average mutual conductance ratings of SILVERTONE tubes to be superior or equal to the best Nationally Advertised tubes that are selling at 40% higher prices.

Also there was only a nominal variation among all the ratings checked, which indicates a close degree of uniformity of the tubes, and a close matching of each tube to the others.

ARTHUR W. SEAR
Assistant Professor
Armour Institute of Technology

The Mutual Conductance test applied to tubes is a definite yardstick for the measurements of general quality and length of life. The comparative test of type 201A tubes, and the type 224A tubes described on the opposite page are indications of the splendid quality of the entire line of SILVERTONE tubes.

NOTE! The Numbers on SILVERTONE Tubes Are Standard

The standard number of the SILVERTONE Detector-Amplifier tube for A.C. sets is 227. Some manufacturers, call it 127, 227, 427 or 527. SILVERTONE tubes replace any make of tubes where the last two numbers correspond.

There are No Better

QUALITY First - QUALITY Always - at Sears

Proof OF SILVERTONE QUALITY!

224-A TYPE **87c** EACH

Report of Laboratory Tests on Type 224A Tubes

I have just completed the inspection of a series of tests conducted to determine the efficiency of your type 224A screen grid tubes as compared with the efficiency of the type 224A tubes made by one of America's most widely known manufacturers . . . and priced at about 40% MORE than the price you ask.

These tubes were all purchased in the open market in the original factory cartons—just as they are sold to the public. To secure accurate samples so that an unbiased and impartial test could be made, 50 tubes of each were bought. These tests were run under standard conditions, and in accordance with recognized radio engineering practice.

I am listing below only the average readings for each set of 50 tubes, as there is not room for the entire list of 50 readings here.

	Mutual Conductance (Average of 50)
SILVERTONE	1341 Micromhos
Nationally Advertised	1029 Micromhos
Average superiority of SILVERTONE tubes	312 Micromhos

On the average, SILVERTONES showed superiority over this famous nationally advertised brand that sells for 40% more. This is undoubtedly due to the fact that the tolerance limits in the manufacture of SILVERTONE tubes are narrower than the limits used for the manufacture of standard brands.

The narrower SILVERTONE limits of tube measurement require the production of higher and more uniform quality tubes.

These measurements indicate that SILVERTONE tubes are equal or superior to the nationally advertised brand with which they were compared.

ARTHUR W. SEAR
Assistant Professor
Armour Institute of Technology

SILVERTONES are SUPERIOR or equal to famous nationally advertised brands. Why, then, pay 40% higher prices elsewhere?

Read These FACTS About the Price You Pay for Tubes!

You may buy tubes at LESS than SILVERTONE prices—or you can pay MORE!

Why should you pay up to 40% MORE when these tests, and the experience of millions of customers, prove that no matter how much MORE you pay, YOU CANNOT BUY A BETTER TUBE THAN SILVERTONE!

If you pay LESS than SILVERTONE prices, you are sure to get LESS in service. Tubes of SILVERTONE quality simply are not sold for LESS than SILVERTONE prices.

The wide difference in price is NOT because it costs LESS to make SILVERTONES. It actually costs MORE because we insist on BETTER-THAN-STANDARD quality. The real reason is our tremendous buying power and low selling costs.

SILVERTONES are Built to BETTER-THAN-STANDARD SPECIFICATIONS

There is ONE important fact you should know about radio tube QUALITY. Tube Standards vary. A TUBE IS NO BETTER OR WORSE THAN ITS MAKER INTENDS IT TO BE!

Like every other kind of merchandise, tubes are made to meet certain definite standards. If a manufacturer wants to turn out cheap, inferior tubes, he can readily do so. If he wants to make good tubes, he can go to considerable pains and expense to do so. It all depends on the standards and measurements for performance adopted by the maker.

Tube QUALITY thus depends on the test limits, and the leeway between these test limits selected by the manufacturer for his tubes. For example, the test limits for most standard nationally advertised type 224A tubes are between 800 and 1200 (Mutual Conductance units measured in micromhos). Any type 224A tube that checks between these limits is considered standard, and similarly, all types of tubes have their definite standard test limits.

But we demand BETTER-THAN-STANDARD tubes for our customers. So we raised BOTH test limits and narrowed the leeway between them. Thus SILVERTONE type 224A Mutual Conductance test limits MUST lie between 1000 and 1350 micromhos. This gives a leeway of only 350 as against 400 or more for other makes. We have established these BETTER-THAN-STANDARD Test limits for ALL our tubes . . . and our factory MUST produce tubes that check within these higher and narrower limits. Every tube that does NOT so check is promptly rejected.

Every Tube is Inspected 43 Times

During manufacture, every SILVERTONE tube undergoes forty-one laboratory inspections to insure perfection; then, as soon as they are received by Sears, they are again tested. Any tubes that do not come up to our HIGHER standards are immediately destroyed. And FINALLY, before shipping to you, **the tubes are again checked** on recognized tube checking instruments. **This is positive assurance that the tubes are in perfect condition.**

Such Precautions Have Been Worth While

SILVERTONE tubes have increased steadily in popularity. Sales have advanced from year to year, and from month to month without exception. Every tube we sell is its own salesman. Our millions of satisfied customers are the best PROOF that this is so.

There is But ONE QUALITY TUBE . . . . THE BEST

There is only **ONE QUALITY** tube—The BEST! Inferior quality tubes affect the performance of your set. They are short lived and noisy. Some are even genuinely defective when sold. The "seconds" and "thirds" of some manufacturers reach the market under a great variety of little known private brands—disowned by the maker—and sold to the public at cut prices. . . . But why take chances? Tests prove SILVERTONE tubes to be lower in price, and superior in quality and long life. We cannot afford to jeopardize our large tube business by selling second grade tubes.

Have you Tried a New Matched Set of Tubes? If you haven't, make this test yourself!

1. Turn the volume down as low as possible—so you can just barely hear.
2. Shut off the set at the light socket, and replace the old tubes with a NEW SET of MATCHED SILVERTONE Tubes.
3. Turn set on without changing volume setting and note the remarkable difference.

If your set is in good operating condition, we guarantee a matched set of SILVERTONE tubes to bring back 100% performance or your money will be refunded.

Tubes Made

We Guarantee Safe Delivery of All Our Shipments

50% MORE HOURS

Than Square Cell Batteries

SUPER SERVICE "B" BATTERY

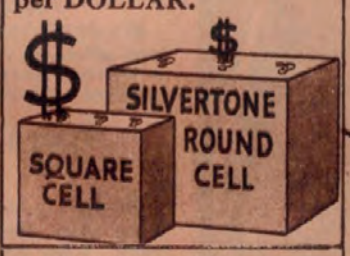
250 Extra Hours of Service

- ★ **Full 650 hours of service guaranteed.**
- ★ **45 volts, tapped for 22½ volts.**
- ★ **Standard list price, $3.25, size, 8¾x4½x7 in.**

This type of round cell battery is used in Police Radio Squad cars of many large cities in the United States. Standard equipment for airplanes operating between North and South America and subject to extreme temperature changes. IT MUST BE SUPERIOR TO MEASURE UP TO SUCH STRICT REQUIREMENTS.

We guarantee SILVERTONE Super "B" Batteries to give you full 650 HOURS of battery service which is full 250 MORE hours than the U. S. Government Specifications require **for the 1250 Ohm intermittent tests!** . . . At our low price this averages less than ⅓c per hour of service! Most 45-volt radio "B" batteries of this size and weight average but 400-hours of service —and cost you considerably MORE per hour to operate.

Laboratory tests show that SILVERTONE Super Service batteries not only last longer than similar types, but also maintain **a higher average voltage during their life-time.** Because best tone quality and distance are not obtainable from your radio set when its "B" battery supply falls below a certain voltage, this means that SILVERTONE Batteries will provide more satisfactory performance right up to the end of their life.



The largest cell recognized by the Government is the size used in our Super-Service battery. You may pay more money, or buy more battery weight elsewhere, but you cannot buy MORE battery hours economically.

57K5118—Price Each. **Postpaid**..... **$2.39**
Two. **Postpaid**..... **$4.73**
Three. **Postpaid**..... **7.07**

Note below that SILVERTONE ROUND cells are not only better than U. S. Gov't specification requirements of 400 hours but they also give many more hours of service than our claim of 650 hours.

SILVERTONE ROUND cell batteries deliver MORE hours of service per DOLLAR.

Even if the battery is not used for periods of from three to nine months after date of manufacture, *Silvertone Super Round Cell* batteries not only indicate their superior quality but still provide at least 250 more hours than U. S. specifications require for *New Batteries*. *Square Cells Lose* ½ their life in this time.

Read This Astounding Report

of SILVERTONE Superior Quality

We have always claimed SILVERTONE ROUND cell "B" battery construction to be the most economical possible . . . and that any additional weight and volume in a battery could not benefit the user. We have always known that SILVERTONE construction and price made them America's best "B" battery values . . . Below is further proof in the report of Professor Donald E. Richardson, Electrical Engineer, Professor of Electrical measurements at Armour Institute of Technology, Chicago, who analyzed comparative laboratory tests of ..... Super Square cell batteries versus Silvertone Super Service Round Cell batteries in strict accordance with U. S. Gov't Bureau of Standards Specification No. 58-A.

WHONE VICTORY 4000

DONALD E. RICHARDSON
ELECTRICAL ENGINEER
INSPECTIONS, TESTS AND CONSULTATIONS
CHICAGO

March 18, 1932

Sears, Roebuck & Co.,

Gentlemen:

(1) On the basis of the claims made by the respective manufacturers, Silvertone ROUND cell batteries give greater service in hours per cubic inch, hours per pound, and in HOURS PER DOLLAR.

(2) On the basis of competitive tests, Silvertone ROUND cell batteries give 80% MORE HOURS OF SERVICE than similar size square cell batteries--in hours per cubic inch, hours per pound, and in HOURS PER DOLLAR. For example, see below:

Competitive Test

	Volume, Cu. in.	Wt. in lbs.	Service Claimed	Service on Test	Price	Service in hrs. per cu. in.	Service in hrs. per lb.	Service hrs. per dollar
45-Volt SQUARE cell	310	15.5	600 hours	540 hours	$2.72	1.74	34.4	198
Silvertone Super ROUND cell	276	13.5	Former Rating 600 hours	720 hours	$2.39	2.61	53.4	301

(3) On delayed service tests, Silvertone ROUND cell batteries showed very little deterioration up to 9 months. The square cell batteries showed a deterioration of more than 50% during this time. For example:

Delayed Service Test

	New	After 3 mo.	After 6 mo.	After 9 mo.
45-volt SQUARE cell	540	450	369	213
Silvertone Super ROUND cell	720	694	649	634

(4) The Bureau of Standards Circular 79 on "Electrical Characteristics and Testing of Dry Cells" maintains that square cells of paper lined construction are inferior to round cells of similar construction. It further maintains that bag type construction is superior to paper lined cells.

Round cells of bag type construction are used in Silvertone batteries; square cells, with paper lined construction, in the batteries of the competing manufacturer.

From these facts, I am convinced that the round cell type is the better.

Yours truly,
D.E. Richardson

of SERVICE

SILVERTONE HEAVY DUTY

- **Full 500 hours service. 100 more hours than Government requirements.**
- **Bag Type Round Cell Construction—the most economical possible.**
- **Standard List Price for like quality $2.95.**

We guarantee SILVERTONE Heavy Duty "B" Batteries to supply 100 MORE hours than the new, more rigid U. S. Government Specifications demand for 1250 ohm intermittent test. This battery can thus be depended on to give full 500 hours of battery service.

Laboratory tests show that SILVERTONE Heavy Duty Batteries not only last longer than similar types, but also maintain **a higher average voltage during their lifetime.** Because best tone quality and distance are not obtainable from your radio set when its "B" battery supply falls below a certain voltage, this means that SILVERTONES will provide more satisfactory performance right up to the end of their life.

SILVERTONE Heavy Duty "B" Batteries are exceeded in performance only by our Super "B" Battery on the opposite page.

All SILVERTONE Batteries have bag type round cell construction—the finest known. The type of battery used by police squad cars. Spring clip terminals. Size 8x4¼x7¼ in. 45-volts, tapped at 22½-volts. Shpg. wt., 11 lbs. 8 oz. **Postpaid if part of $2 order.**

New SILVERTONE SUPER ALL WAVE

Long *and* Short Wave Reception ...With This Powerful 7-Tube All-Electric Table Model Using Latest Tube Developments.

The finest All-Electric midget radio set ever offered by Sears. The features listed at left cannot do full justice to this radio. Only a trial will bring out its excellent performance and convince you of its splendid quality and value.

COMPARE THESE FEATURES AND PRICES . . . WITH ANY 7-TUBE ALL-ELECTRIC . . . .

Easy Terms $5 DOWN

- All-Electric, Super-heterodyne Circuit
- Long and Short Wave Reception
- Single Tuning Unit
- New Pentode tubes—latest developments
- Large Super Dynamic Speaker
- Micro-Vision Triple Scale Dial
- Superb modern design Cabinet

The Super-heterodyne circuit has now been developed to an even higher degree of efficiency through use of the new type tubes. Type 256 is a new type of amplifier and gives the set greater volume. Types 257 and 258 screen grid pentodes are sensational developments in screen grid type tubes that add to the sensitivity of the set, yet help to greatly reduce back ground noises.

$37.50 CASH COMPLETE

Tuned With One Control

The single unit long and short wave chassis is tuned with one control. Less efficient sets have separate chassis and double controls for regular broadcast programs and short wave. This set brings you not only regular broadcasts, but also police calls, amateur broadcasts, airplane conversations and, with ideal conditions, foreign stations.

The 10-in. full range super-dynamic speaker renders superior tone quality that cannot be duplicated by sets with undersized twin speakers. Twin speakers in a midget cabinet do not give the best tone quality.

Ready to Use

Furnished in a very pretty, walnut finished cabinet with matched oriental wood instrument panel with tamo wood overlay decorations across the top. Decorative pilaster side posts. 17¾ in. high, 14¼ in. wide, 10¾ in. deep. Furnished complete and ready to operate with aerial kit and following matched SILVERTONE tubes: 1-224A, 1-256, 1-257, 2-258, 1-247, 1-280. For 110–120-volt 60-cycle A.C. If in 25-cycle district, so state. Shpg. wt., 36 lbs. **Not Prepaid.**

COMBINATION RADIO *and* ELECTRIC PHONOGRAPH *With Automatic Record Changer*

PLAYS TEN 10-inch or 12-inch Records Without a Stop!

- Super-heterodyne Radio, 8 tubes, regular broadcast only.
- Automatic Record Changer.
- Electric Phonograph Motor.
- Handsome walnut veneer cabinet.

$98.00 CASH COMPLETE

Brings you not only all regular radio broadcasts, but you can also enjoy your favorite records without the slightest inconvenience. Automatic record changer plays ten 10-inch or ten 12-inch records without a stop. The radio is of latest design, super-heterodyne circuit with full size super dynamic speaker. Phonograph records are reproduced through the audio circuit of the radio giving them a richness of tone the ordinary phonograph cannot duplicate. Cabinet is a beautiful piece of furniture with butt walnut and oriental wood veneer panels. 46½ in. high, 27 in. wide, 17 in. deep. Furnished complete with permopoint phonograph needle, aerial kit and matched SILVERTONE tubes as follows: 2-224A, 2-235, 2-247, 1-227, 1-280. Operates on 110–120-volt 60-cycle A.C. only. Not furnished for 25 cycle. Shpg. wt., 180 lbs. **Not Prepaid.**

HETERODYNE

Long *and* Short Wave Reception ...With This Beautiful 7-Tube All-Electric Console Radio Using Latest Engineering Features

The NEW, Improved, Perfected SILVERTONE! In the last few months, great advances have been made in radio engineering! Many new improvements have been perfected!

Six months ago no radio set used type 256, 257 or 258 tubes. No moderately priced set offered short wave reception with single dial tuning. Only DeLuxe models selling for more than $75 could afford such luxuries.

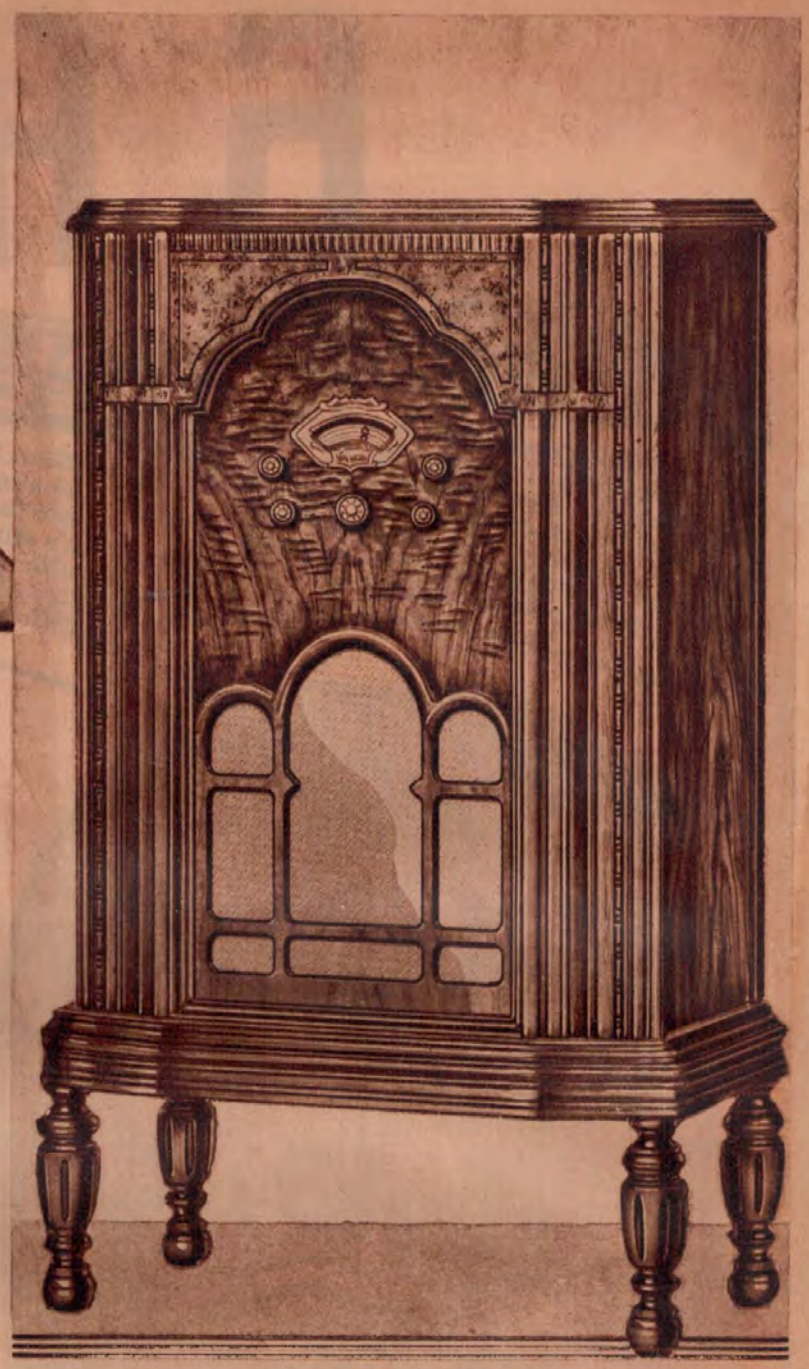
But the policy of Sears-Roebuck has always been to build quality merchandise at "every-day" prices. This beautiful 7-tube all wave radio, using the NEW tubes in an improved super-heterodyne circuit is conclusive proof.

$44.75 CASH COMPLETE

Long and short wave reception, short waves bring new interest and entertainment to Radio. Daytime receiving range is considerably increased. All programs, including police calls, amateurs, ships at sea, airplanes, and with ideal conditions, foreign stations.

Single tuning control, made possible by design of both long and short wave bands in one chassis unit. Less efficient sets require two chassis and two sets of controls to tune short waves.

Single Micro-vision dial with both long and short wave scales. Another efficient improvement over two dials that must be tuned separately.



Full range Superdynamic Speaker perfectly matched to the set and scientifically baffled in the cabinet gives perfect rendition of voice or music. Covers the entire range with no distortion even at great volume.

A great advance has been made in new tube developments. We have designed this super-heterodyne chassis to accommodate the new type 256 amplifier and 257 and 258 screen grid pentodes. The 256 tube gives the set additional volume while the screen grid pentodes, which are very quiet in operation, eliminate much of the crackling, hissing noise formerly so annoying.

Beautiful Walnut Finished CONSOLE model cabinet; matched stump walnut panel with tamo wood overlays. 39 in. high; 22¾ in. wide; 13½ inches deep.

Complete with 1-256 tube; 1-257 Screen Grid Pentode; 2-258 Screen Grid Pentodes; 1-247 Pentode; 1-224A tube; 1-280 tube and aerial equipment. **For 110-120 volt, 60-cycle A. C. If in 25 cycle territory, so state. Shpg. wt., 58 lbs. Not Prepaid.**

SUPER-HETERODYNE

6-TUBE CONSOLE

—New Super-heterodyne Circuit.
—New type 257 Screen Grid Pentode tubes.
—Super Dynamic Speaker.
—Full Size Console Cabinet.
—Complete with set of matched SILVERTONE tubes and aerial kit.

Quality way beyond this price. New from start to finish—strictly a 1932 product even though in the price range of obsolete models. The type 257 screen grid pentode tube serves a very definite purpose in improved tone quality and in sharpening selectivity. Covers lower wave length than ordinary sets to include police broadcasts. For those who desire real radio quality even at a very small price we offer this excellent NEW set.

$29.50 CASH Complete

The console cabinet is full size—39 in. high, 22 in. wide, 12¾ in. deep. The top and instrument panel are walnut veneered; the balance of the cabinet polished walnut finish. Contrasting zebra wood overlay decorations on the front. Furnished complete and ready to operate with following matched Silvertone tubes: 1-247, 2-224A screen grid tubes, 1-235 multi-mu, 1-257 screen grid pentode, 1-280, and aerial kit. 6 REASONS

SUPER-HETERODYNE

Offers greater range and finer selectivity. Brings in distant stations like "locals" and cuts out interference or over-lapping of stations. The super-heterodyne circuit gives you a much greater choice of stations.

ALL WAVE RECEPTION

Now, for the FIRST time, long and short wave reception is possible in a battery operated set . . in a single unit. Brings in police calls—ships at sea—airplane conversations and under ideal conditions foreign stations.

DYNAMIC SPEAKER

The Dynamic Speaker produces a depth and richness of tone that heretofore was possible only in Electric sets. Because the set is of superior design, the speaker is operated without excessive battery drain.

8-TUBE MIDGET BATTERY RADIO

WITH 10 GREAT FEATURES

(1) Super-heterodyne Circuit.
(2) Long and Short Wave Reception.
(3) Automatic Volume Control.
(4) Micro-Vision 3 Scale Dial.
(5) Single Unit Tuning Control.
(6) New One-Year Dry Type 3-Volt "A" Battery.
(7) New High Amplification, Low Drain Tubes Including Pentode.
(8) Genuine, Full Size Dynamic Speaker.
(9) Automatic Filament Control.
(10) Cabinet—Rich Walnut Veneered with burl Maple Overlays in Front. Measures 18-in. high; 15¼-in.wide; 10-in.deep.

$52.50 Cash
COMPLETE

Never before have so many startling new features been combined in one set: Here is a battery set that offers as much in quality and performance as an 8-tube All-Electric set. Super-heterodyne circuit and genuine dynamic speaker. Long and short wave equipment contained in a single chassis and tuned by a single control. Less efficient sets require two chassis. Covers the entire broadcast and short wave band from 18 to 550 meters and provides improved daylight reception.

The new *"Low-Drain" battery tubes*—including the mighty PENTODE Super Power tube—guarantee nationwide range and sensitivity, and hair-line selectivity.

Has the *Improved Automatic Volume Control* which maintains volume on any given station; and overcomes fading. The new *Filament Control* automatically adjusts battery voltages to the tubes.

Uses the *improved dry type 3-volt "A" Battery* guaranteed to give approximately a year's service with average use of 2 to 3 hours daily. No recharging!

Cabinet of rich walnut veneers with burl maple overlays in front. Measures 18-in. high; 15¼-in. wide; 10-in. deep.

Complete with "One Year 'A' Battery," 3 Heavy Duty "B" Batteries, "C" Batteries, aerial kit and following matched Silvertone tubes—2–230, 4–232 1–233 and 1–31 control tube. Shpg. wt., 137 lbs. *Not Prepaid.*

Triple Screen Grid Battery Set

$36.50 Cash
COMPLETE

With Pentode Tube, New Type Dry "A" Battery and Automatic Filament Control.

Uses the new type high amplification 2-volt tubes exclusively—3 type 232 screen grid and type 233 Pentode power tube.

Five tubes in all. Tuned radio frequency circuit that covers the regular broadcast band only (not short wave). While this set is superior to many of the present day battery sets now in use, we recommend our 57KM1571¼ for finest performance. Cabinet is of walnut veneers. Measures 16¾ in. high, 14¾ in. wide, 9 in. deep. Complete with 6-month dry type "A" battery, 3-light duty "B" batteries, "C" battery, aerial kit and following matched SILVERTONE tubes; 3-type 232, 1-type 233 and 1 type 30 filament control tube. Battery Radio Set Table

Especially designed for Midget Type Battery Sets. Has large compartment in back to accommodate all batteries.

This table offers a double purpose—it provides a definite place for your radio set, and gets unsightly batteries and wires off the floor. The whole unit can easily be carried from room to room without disconnecting the set. The table has a walnut veneered top; the front is of two-tone zebra wood panel-ing. Measures 26¼ in. high, 19½x14¼ in. Shpg. wt. 25 lbs. *Not Prepaid.*

57KM4540¼..... **$5.85**

WHY SILVERTONES *Are the Most Up-to-date* BATTERY Radios

ONE YEAR GUARANTEED BATTERY

A new improved dry type of battery that requires absolutely no attention. Hook it up and forget it. With average use of 2 to 3 hours daily, this battery will give a year of service. Complete description below.

NEWEST TUBES

Uses the NEWEST low drain, high amplification Screen Grid and Pentode battery tubes—type 230, 232 and 233. This is the FIRST time we have ever offered a battery set with the NEW powerful Pentode tube.

FULL VISION DIAL SINGLE UNIT TUNING

Micro-vision dial with micrometer adjustment. Both long and short wave bands are engraved on the one dial. You can locate the station you want, quickly and accurately.

8-TUBE Battery Radio NEWER!—BETTER!

(1) Super-Heterodyne Circuit
(2) Long and Short Wave Reception
(3) Improved Daylight Reception
(4) Micro-vision Tuning
(5) New One Year Dry 3-volt "A" Battery
(6) Genuine Dynamic Speaker
(7) Automatic Filament Control
(8) New High Amplification Low Drain Tubes
(9) Single Unit Tuning Dial
(10) Automatic Volume Control

The same chassis or set as that encased in the midget on opposite page—but the cabinet—Large ornate walnut finish console with genuine walnut veneer front panel beautifully enhanced by Tamo wood overlays across top and bottom rail. Measures 40½ inches high. Top 25x15 inches.

$59.95 CASH COMPLETE

There Is No Better

You'll marvel at the selectivity, sensitivity, and tone of this battery operated Super-heterodyne. It is truly as modern in performance and appearance as the latest All-Electric.

Convenient shelf with sufficient space for A, B, and C batteries. Its increase in size means larger baffle board or sound chamber, producing even deeper tones and better tone quality than Midget Type Sets.

Short wave reception brings you exciting Police Calls, Airplane contacts, etc.

Complete—Ready to operate with 3 Heavy Duty "B" Batteries, one year Dry "A" Battery, "C" Batteries, aerial kit and 8 matched SILVERTONE Tubes including 2-230, 4-232, 1-233 and 1-31 filament control tube. Shpg. wt., 171 lbs. *Not Prepaid.*

$69.95 CASH COMPLETE
Nothing Else to Buy

Our finest Silvertone radio set, combining every worthwhile advancement radio science has to offer. The assembling of all this quality into a set selling for this price is a typical Sears merchandising triumph, and one impossible to duplicate.

A true *realistic tone* never before achieved in any radio set; shut your eyes and you can easily imagine the performing artist close to you. A *range of stations*, small and large, near and far, that will give you ANY kind of radio entertainment at ANY time, no matter what your taste. You find them *quickly*, hear them *distinctly* and satisfy any requirement for *volume*. A *console cabinet* of exquisite, yet dignified beauty, designed especially for finest sound reproduction.

If technically-minded, you'll be interested to know that the *New Type Super-Power Tubes* "class B" used in this set are 5 TIMES MORE POWERFUL than ordinary 247 Pentodes—giving you power almost unbelievable. For smoothest performance in the screen grid stages, we give you *new type* 257 and 258 *Screen Grid Pentodes*.

The *Super-Dynamic Speakers*, one 10-inch, the other 12-inch, are scientifically matched and mounted in an extra large speaker chamber with proper baffle area. This means finest tone quality at any volume—from a whisper to power enough to fill an auditorium, giving *absolute fidelity* of reproduction whether deepest bass or highest treble.

SILVERTONE offers *long and short wave reception* by means of a *single chassis* tuned with one illuminated *micro-vision dial* that includes both regular broadcast and short wave scales. Short waves widen the scope of daylight reception—they open new fields of interest and entertainment. You hear police calls, airplane contacts, amateur stations, ships at sea and under ideal conditions foreign stations.

Still another noteworthy feature, the quiet *Automatic Volume Control*, which maintains volume and reduces fading, and eliminates the characteristic noisy hiss and roar formerly so disagreeable when tuning from station to station.

The *Console Cabinet*, front and top, is veneered with figured walnut highly polished, with paneling of beautifully grained Stump Walnut and Lacewood. Stands 44 in. high, 25¼ in. wide and 15 in. deep.

Complete with *De Luxe Aerial Kit*, and the following matched SILVERTONE Tubes: 1-256, 3-257, 3-258, 4-246 Class B Amplifiers and 1 type 283. For 110-120-volt, 60-cycle A.C. Shpg. wt., 123 lbs. *Not Prepaid.*

9 TUBE SUPER-HETERODYNE *Long and Short Wave Radio*

3 Dual Grid Power Tubes "Class B"

$54.75 CASH COMPLETE
Nothing Else to Buy

- Five Newest Type Pentode Tubes.
- Long and Short Wave—Single Unit Control.
- Giant 12-in. Super Dynamic Speaker.
- Micro-Vision, Illuminated Dial.
- New Improved Super-heterodyne Circuit.
- Beautiful Modern Design Cabinet.

As outstanding in quality and as distinct a value as our Silvertone above! It has 9 tubes, Giant Dynamic Speaker and is housed in a faultlessly made cabinet of different design. It reflects in every way *radio science's latest achievements* in the production of volume, tone fidelity, distance and selectivity.

The *Dynamic Speaker*, a new type especially designed to reproduce the true natural tones in all their vibrant clarity at any volume made possible by the new tubes.

Single Unit Long and Short Wave Chassis is much more efficient than ordinary sets designed with a separate short wave chassis that must be tuned separately. Short waves widen the scope of daylight reception—they bring in police calls, amateur broadcasts, ships, aeroplanes and foreign stations under ideal conditions.

The *Illuminated Micro-Vision Dial*, adjusted with micrometer accuracy, is engraved with both regular broadcast and short wave calibrations.

New Improved 9-Tube Super-Heterodyne Circuit, built around the very latest tubes, is now even more selective and powerful. A station at your command at practically every point on the dial.

Cabinet of beautiful Walnut finish. Instrument panel of attractive matched stump *Walnut* veneers. Contrasting overlays of *Tamo Wood*. Height, 42¼ in.; width, 25 in.; depth, 13½ in. 57K4934 Postpaid..... **$3.95**

SEARS AERIALS

IMPROVE RECEPTION 50%

Six Out of Every Ten Aerials, More Than a Year Old, Are Defective!

Corroded aerial wire or loose connections will affect the efficiency of your radio set as much as 50%. Due to slow deterioration you may seem to be getting satisfactory radio reception from an old antenna, but you will be greatly surprised what superior results a new aerial will give. A large percentage of radio troubles have been cleared up by either repairing the old antenna or installing a new one.

Why not inspect your aerial system and replace all corroded or worn parts from the many bargains on this page?

Silvertone DeLuxe Aerial Kit

A complete outdoor aerial equipped with lightning arrester bearing "insurance policy" against damage to the radio chassis if struck by lightning through antenna circuit, listed by Underwriters' Laboratories. 75 ft., coil 7 strand No. 24 bare copper aerial wire, 45 ft., coil rubber lead-in and hook-up wire. 1 lightning arrester, 1 insulated copper lead-in strip, 2 strap type ground clamps that fit up to 2½ in. pipe, 2 3½-in. glass insulators, 3 6-in. standoff insulators. 2 wood screws (for arrester). 2 screw eyes. 1 instruction sheet. Shpg. wt., 3 lbs. 4 oz. **Postpaid if part of $2 order.**
57K5516—DeLuxe Aerial Kit..... **$1.35**

Junior Aerial Kit

Consists of 60 ft. coil, 7-strand No. 24 bare copper aerial wire. 35 ft., coil rubber covered lead-in and hook-up wire. Insulated lead-in strip. 2 2½-in. porcelain insulators. 3 wire knob insulators. 1 strap type ground clamp. 2 screw eyes. 1 instruction sheet. Shpg. wt., 2 lbs. 4 oz.
57K5517—Postpaid if part of $2 order..... **75c**

A Complete Non-Directional Aerial

$1.95

—7 Strand 24-gauge enameled copper aerial wire.
—Soldered rubber covered copper lead-in wire.
—Carefully constructed and completely insulated.

Requires only a fraction of the space used by an ordinary aerial, and equally efficient.

57K5525—For Tuned Radio Frequency Sets reasonably near broadcasting stations. 20 feet long overall with 100 feet of aerial wire and 25 feet lead-in wire. Shpg. wt., 3 lbs. **Postpaid if part of $2 order**..... **$1.95**

57K5526—For Tuned Radio Frequency Sets, Long Distance from Radio stations; 40 feet long overall with 200 feet of aerial wire and 25 feet lead in. **Postpaid**..... **$2.75**

57K5527—For Super-heterodyne Sets located long distance from broadcast centers. 5 feet long overall with 25 feet of aerial wire and 10 feet of lead-in wire. Shpg. wt., 2 lbs. 8 oz. (Not illustrated). **Postpaid if part of $2 order**..... **$1.39**

57K5528—Window Sill bracket type illustrated at left, for Super-heterodyne sets close to broadcasting centers. Measures 31 inches overall. 18 feet of aerial wire and 10 feet of lead-in wire. Shpg. wt., 4 lbs.
Postpaid if included in $2 order..... **$1.59**

Aerial Equipment and Accessories

Gold Plated Antenna Wire

100 ft. coil of 7-strand 24-gauge wire, 24 karat gold electroplated. The best type of wire for picking up electrical radio impulses. Practically non-corrosive. Superior to either bare copper or enameled aerial wires. **Postpaid if part of $2 order.**
57K5413
Shpg. wt., 1 lb..... **65c**

Stranded Bare Copper Aerial Wire

Popular priced 7-strand, 24-gauge bare copper wire. Shpg. wt., 12 oz. **Postpaid if part of $2 order.**
57K5418—75 ft. coil..... **27c**

Enameled Aerial Wire

75 ft., 7-strand, 24-gauge enameled copper wire. Enamel coating prevents corrosion. **Postpaid if part of $2 order.**

Lead-in or Ground Wire

50 ft. coil solid tinned copper wire with heavy rubber covering.
57K5404—Shpg. wt., 12 oz..... **35c**

Flexible Hook-Up Wire

16 strands, 30-gauge copper wire, rubber insulation. 25 ft. coils only. **Postpaid if part of $2 order.**
57K5406—Shpg. wt., 4 oz..... **16c**

Lightning Arrester

Brach's famous bakelite STORM KING Arrester with "insurance-policy" against damage to the radio chassis if struck by lightning through the antenna circuit. **A protective necessity with every outdoor aerial.** Listed by Underwriters' Laboratories. 4¼ in. long. **Postpaid if part of $2 order.**
57K5506
Shpg. wt., 8 oz..... **49c**

Famous Sticktape Aerial

Extremely Popular for Indoor Aerial Installations

Sticks anywhere and can be hidden behind baseboards, under rugs or around windows. A white adhesive tape with one side coated with an alloy of great pickup ability. Comes in 50 ft. lengths, but can be cut off anywhere. ¼ in. wide. **Postpaid if part of $2 order.**
57K5511—Shpg. wt., 8 oz. **69c**

Screw Type Ground Clamp

Pointed screw makes perfect contact. Fits pipe up to 1½ in. Shpg. wt., 4 oz. **Postpaid if part of $2 order.**
57K5529..... **8c**

Glass Aerial Insulator

Reduced volume is often due to porous or defective insulation. Glass insulators are non-porous and efficient. 3½ in. long. Shpg. wt., 8 oz. **Postpaid if part of $2 order.**
57K5504—Set of 2..... **8c**

Lead In Strip

12 in. long, all copper, shake-proof screw type terminals. Covered with weatherproof Ducoed braid. **Postpaid if part of $2 order.**
57K5514—Not Illustrated. Shpg. wt., 4 oz..... **8c**

Only $25 CASH For This Fine CONSOLE PHONOGRAPH

- **Genuine Walnut or Mahogany, Veneer front.**
- **Contrasting two-tone wood effects and neat carvings.**
- **Plays 10- and 12-inch records.**
- **Size, 32½ in. high, 32½ in. long, 19 in. deep.**
- **Five double faced records (our selection) and needle assortment included.**

This is one of the greatest va ues in this entire Catalog. Not so many years ago a phonograph less attractive in appearance and far inferior in reproduction sold for more than $100.

This Truphonic phonograph represents the utmost in sound reproduction and is the result of experience gained in selling nearly 1,000,000 phonographs. Buy it so you can enjoy more happy hours with the kind of entertainment you like the best. Build up a library of your favorite selections from our large record selections. There is no better instrument than the Truphonic. Enjoy it while you pay for it. Send small down payment with time payment order blank—and use it for 30 days in your home. If you are not satisfied that this is about the biggest $25 value you have ever seen send it back and we will refund any money that you have paid including transportation. **Shipped from factory in Northern Wisconsin. Not Prepaid.** Shpg. wt., 100 lbs.

Easy Payment Price, $4.50 down, $4.00 a month..... **$27.50**
Use Time Payment Order Blank in Back of Catalog.

BETTER TONE - MORE BEAUTY GREATER VALUE

Two things you want in a good phonograph—beautiful tone—faithful reproduction. Here we give you both in big measure at a price that is astounding.

We give you beautiful tone because the tone reproducing parts are the very finest made. The tone arm is scientifically tapered and connects with an air tight sound chamber which is 3 feet long. The Truphonic reproducer catches every variation in the recording just as it was played at the recording studio and it couldn't be more realistic. The tone arm, reproducer and long tone-chamber combined make a phonograph unit which brings great satisfaction to all who play this instrument. You cannot find all of the great features listed below in phonographs costing up to $15.00. Built for the home or for outdoors.

ALL THESE FEATURES

- **—Airtight sound chamber 3 feet long to insure real tone quality.**
- **—Latest type scientifically tapered tone arm.**
- **—Truphonic reproducer.**
- **—Long playing Silvertone motor.**
- **—Tone equal to many floor models.**
- **—9-inch turntable covered with velveteen.**
- **—Case covered with rich Du Pont Fabrikoid.**
- **—All exterior hardware is nickel plated.**
- **—Corners dovetailed to withstand jar or knock.**
- **—Size, 16½x14x7 in.**
- **—Carrying wt., 16 lbs.**

12K4910¼—Postpaid..... **$9.98**

OUR FINEST.. $13.95 Post Paid

Compares to $20.00 Value Elsewhere

- **—Covered with heavy, durable, genuine Du Pont Fabrikoid in a beautiful dark blue color, Spanish grained and handsomely embossed. Padded top.**
- **—Corners substantially constructed, giving protection against jar or shock.**
- **—Powerful, quiet running, hand winding Silvertone motor.**
- **—Cotton velveteen covered turntable.**
- **—Plays 10 or 12-in. records.**
- **—Automatic set stop.**
- **—Large record holder.**
- **—Nickel plated hardware.**
- **—Spring needle cup.**
- **—Assortment of needles included.**
- **—Carrying weight, 16 lbs.**
- **—Size, 16½x14x7¼ inches.**

Point by point this portable has been checked at every feature with machines costing up to $20.00 elsewhere and it equals or excels the others. We have cut costs of manufacturing, but the quality has been maintained.

Take Your Music With You!

A portable should be in every party—there's never a wait for "dance programs." And a whole season's record supply can be bought for what we save you now. Music that suits your moods is always available on your portable. Economy values like this are rare. Determine to buy your portable now. Delay no longer. **Shipped from our store.**

12K4914¼—Cash Only. **Postpaid**..... **$13.95**

AN UNUSUAL PRICE!

- **—Sturdy spring motor.**
- **—New improved type tone arm and reproducer.**
- **—Attractive case covered with maroon imitation leather.**
- **—Record holder.**
- **—Needle cup.**
- **—Size, 11x13¾x6¼ inches.**
- **—Carrying weight, 10 lbs.**

A Real Portable Phonograph...

At the Lowest Price Ever

$4.98 is an unusual price for a real portable phonograph. Not a toy or a makeshift — but a phonograph that is equipped with a good reliable motor, improved type tone arm, reproducer and tone chamber. A phonograph that is well constructed and will reproduce records with splendid tone and plenty of volume. We do not know of a portable under $10 that compares with it. Study the list of construction features.

An outstanding Sears value! We are breaking all records by showing you a real portable at a real price. You will be convinced that quality has not been sacrificed in this great buy. Order it! Try it! Convince yourself that we have succeeded in making a good portable to sell at this price.

High Quality Phonograph Needs-LOW PRICED

Phonograph Main Springs

Marine End

Rectangular End

Mainsprings connect with the spring barrels in different ways. Most have "Marine" ends; some have "Rectangular" ends; some have two different type ends. Illustrations show two kinds. In ordering read closely the descriptions and then consult these drawings. Be sure your measurements are accurate. Order lubricant when you order the spring. See Silvertone Mainspring Lubricant below. If in doubt about the spring or springs which you need simply send us POSTPAID your spring barrel and we will put in a single spring for $1.50, double spring for $2.00 and three springs for $2.50. These prices include the cost of the springs.

Postpaid if included in $2 order.

The Standard of Recording Excellence

Certainly all of the most famous orchestras are recorded by Brunswick—*Ben Bernie, Guy Lombardo, Isham Jones, Abe Lyman, Cab Calloway, Bennie Krueger, Duke Ellington*—each an outstanding star. And many noted radio singers are exclusive Brunswick artists.

The standard price of these records is 75c. That is our price. We list these records as a convenience for our many customers who want recordings by their favorite recording and radio stars, but who have difficulty in getting them. All Brunswick records are shipped *Postpaid*.

Order by Catalog Number **12K6300** *and give record number. Allow extra titles for second choice. Each. Postpaid.....* **75c**

COWHIDE BRIEF CASES

Super Steel Rib Construction

$3.98 *Postpaid*

Top Grain Cowhide — *Built for Service*

- Three pockets.
- Size 16x11 inches.
- Split cowhide partitions.
- Split cowhide gussets.
- ⅞-inch top grain cowhide straps.
- Metal protectors on four lower corners.
- Guaranteed to keep its shape.
- Extension lock.
- Good quality cowhide handle.
- Name or initials in gold.

(***Print name or initials plainly.***)

Super Steel Rib construction means built for "hardknocks." Underneath the welted edges is a Spring Steel frame as shown above. This gives added strength and durability at the points where the strain is greatest. Jam these pockets as much as you like, but you cannot stretch them out of shape. In many cities visited we didn't find a brief case of this quality for less than $4.95. Many were offered up to $5.50. Save at least $1.00 here. **Black or Brown. State color.**

12K5332—Postpaid..... **$3.98**

Split Cowhide

Same as above but back and front made of split cowhide. Fiber partitions.

12K5322—Postpaid..... **$2.98**

Name or initials in gold free of charge on any of our brief cases. Please *print* name or initials desired.

Split Cowhide Three Pockets

$2.00 *Post Paid*

- —Size 16x11 inches.
- —Made of fine grade smooth split cowhide.
- —Good grade of flexible split cowhide gussets.
- —Partitions of tough fiber.
- —⅞-inch top grain cowhide straps with roller buckles.
- —Extension lock.
- —Good quality split cowhide covered handle.

A case designed to give real service at a cost within reach of everybody. Compares with cases selling elsewhere up to $3.50. Black or Brown. State color. Name or initials in gold. Print name or initials.

12K5323 Postpaid..... **$2.00**

12K1622—Shpg. wt., 9 oz... **39c**

One of Life's Greatest Thrills

The First Recital!

That is one of the greatest thrills in music—for pupil and parent.

The ability to play favorite music remains one of the greatest thrills through life for those who have become familiar with one or more instruments. Even greater is the contented thrill of the parents reclining in the home listening to their own children play a solo, perhaps a duet, or even a little orchestration. Proudly they muse, "I helped them accomplish that."

Parents! Youth! Don't deprive yourself of these same thrills! Sears enable all to afford the "Luxury of Music" by pricing QUALITY within reach.

Learn to play—it's more than worth the effort.

12 LESSONS $1.50

To the Purchasers of a Sears Instrument

A Scholarship Certificate which enables you to get those first important 12 lessons for only $1.50 is furnished with Sears instruments. Use it without delay.

A Successful Home Study Course

Learn in your own home. Receive detailed instruction from lessons prepared and corrected by the trained staff of the National Academy of Music in Chicago. Devote a definite time to regular practice, and your progress will amaze you as well as your friends. Thousands have done it. You can too.

This special thrift opportunity to introduce our customers to the thrills of musical accomplishment is available only to purchasers of Sears instruments. There is no obligation to continue. But by special arrangements we have made with the National Academy of Music your Sears Scholarship entitles you to special REDUCED RATES on advanced lessons.

Courses for 18 Different Instruments

Your Scholarship Certificate is included with any of the following instruments you buy from us: Violin, Mandolin, Mandolin Banjo, Guitar (regular or Hawaiian), 5-String Banjo, Tenor Banjo and Tenor Guitar, Plectrum Banjo, Cornet, Trumpet, Alto, Mellophone, Baritone, Clarinet (Boehm system), Saxophone, Piano Key Accordion, or Piano. USE IT! The $1.50 covers clerical and mailing costs only.

STRADIVARIUS MODEL VIOLIN and 13-Piece Outfit

ONLY $9.45 Postpaid

- Figured two-piece maple back; maple sides.
- Straight grained top (spruce).
- Inlaid purfling around edges.
- Ebonized fingerboard, tailpiece and pegs.
- Shaded reddish brown color.

$9.45 isn't much for a violin and an outfit as complete as shown here—but when we tell you that an outfit as complete and a violin as good bought elsewhere would cost you between $15.00 and $20.00 we mean it.

We sent shoppers into cities and towns as far west as San Francisco—as far North as Duluth—as far South as Galveston, Texas—and as far east as Boston—and smaller towns in between—to find out what a violin outfit like this would cost. The lowest price we found was $15.00—the highest price was $20.00 in a far western city. We know exactly what we're talking about when we say this outfit at $9.45 is equal to outfits sold elsewhere from $15.00 to $20.00.

This lower price is to be expected from Sears. We send buyers to Europe who buy violins direct from the makers. We do our own importing. **Not one store visited by our shoppers imported violins.** Doesn't that explain why we can give more quality for less money?

By all means get a good violin and all the needed accessories. But why put a big sum of money in a high priced violin until you are sure that the violin is the instrument you want to learn? We recommend this outfit. It is complete—it has fine appearance—excellent tone—well made. It will give you a good start.

Outfit consists of 1 Violin as described; 1 shaped case, imitation leather covered, nickel plated lock and clasps; 1 Brazil Wood Bow, ebony, nickel silver lined frog, leather grip; 1 Four-Pipe Tuner; 1 Ebonite Chin Rest; 1 Piece Rosin; 1 E-String Adjuster, 1 Inset Bridge for Steel E-String; 1 Mute; 1 Extra Set Gut Strings; 1 Book, "The Young Violinist"; 1 Guckert's "Self Instructor"; 1 Black Japanned Music Stand; 1 Fingerboard Chart; Certificate for 12 lessons at a reduced price included (see above).

12K107¼—Complete Outfit, with full size violin **Postpaid**..... **$9.45**

Three Quarter Size

12K108¼—Complete Outfit, same as above but in **three-quarter size violin** for children from 8 to 12 years of age. **Postpaid**..... **$9.45**

School Orchestra Outfit

$6.25 Post Paid

—Stradivarius model.
—Carefully constructed of two-piece maple back and spruce top.
—Maple sides and neck.
—Ebonized fingerboard, tailpiece and pegs.
—Reddish brown, shaded to natural color.
—Full size.

Just how good can this outfit be at $6.25? That's a fair question. We'll answer it gladly. It's the same quality that others must ask up to $12.50 for. It is not as good in tone quality as our 12K107¼ shown on this page, but it is a good violin—well made—finely finished. You will be proud to own it and will be happy with it.

Set consists of: 1 Violin, as described; 1 Shaped Case, covered with imitation leather, with nickel plated clasps; 1 Brazil Wood Bow, ebony frog, nickel silver trimmed; 1 Ebonite Chin Rest; 1 Piece Rosin; 1 Violin "A" Tuner; 1 E-String Adjuster; 1 Extra Set Strings 1 Fingerboard Chart; 1 Instruction Book. Certificate for 12 lessons at a reduced price included.

12K105¼—Full size only. **Postpaid**..... **$6.25**

Low Priced—Three Sizes

Same as above but in cardboard case and without chin rest and E-string adjuster.

12K100¼—**Full size. Postpaid**..... **$4.95**
12K101¼—**Three-quarter size** for children 8 to 12 years of age. **Postpaid**..... **$4.95**
12K102¼—**One-half size** for children 6 to 8 years of age. **Postpaid**..... **$4.95**

The Sure Way to POPULARITY

Play Hawaiian or Spanish Style

ONLY $4.89 Postpaid WITHOUT CASE

SAVE AT SEARS

- Body of birch throughout.
- Back and sides finished in shaded red mahogany color.
- Natural finish top.
- Beautiful Hawaiian scene in colors on top.
- Ebonized fingerboard.
- Patent heads.
- Standard size.
- A canvas case, three picks, a steel bar, adjustable nut and two instruction books, as well as a lesson certificate (see page 490) included.
- Play either Hawaiian or Spanish (regular) style.

While the price is lower by at least $2.50 than a guitar of similar quality bought elsewhere, still it is well made as the features above prove. And you will get years of service from it. The price covers everything you need to start playing including the instruction books on how to play either Spanish (regular) or Hawaiian style. We sold more guitars similar to this last year than any one because we gave a great guitar at a low price. Buy one and learn to play. For only a small amount now we furnish a good quality canvas case, which is a protection for your guitar.

Learn to Play the Guitar at Home

If you have never before played any instrument, nor taken a lesson you will be amazed to find out how simple it is to learn to play at home. To all buyers of Sears instruments we have made available a Scholarship Certificate entitling them to 12 lessons at $1.50. Lessons by the noted guitarist, Wm. Foden, or by K. M. Baxter, the famous Hawaiian guitar player. Read about this special offer on page 490.

. . . Genuine Mahogany

$9.75 Without Case Postpaid — *Play Spanish or Hawaiian Style*

- —Back and sides of genuine selected mahogany.
- —Top of clear spruce in natural finish.
- —Genuine colored wood block inlay around top edge and soundhole and bound with celluloid.
- —Top and sides decorated with beautiful Hawaiian scene decalcomania in various colors.
- —Genuine mahogany neck.
- —Pearl effect celluloid fingerboard and guard plate.
- —Nickel plated patent heads.
- —Standard size.
- —Included are three picks, steel bar, extension nut, two instruction books and lesson certificate (see page 490) to help you play either regular (Spanish) or Hawaiian style.

Here is combined beauty in tone, beauty in design, beauty in decoration and a low price. In many stores visited by our buyers, we did not find a single instrument under $15.00 that compared to this in originality of design and decoration. Learn to play. Let this be your "Musical pal." You will never be "left home" if you can play a guitar. To protect the guitar against damage, include the attractive Biltwel imitation leather covered case as shown.

12K213¼—Without case. Postpaid **$9.75**

12K2213¼—With flannel lined imitation leather side opening case. Postpaid **$12.00**

Gene Autry 'ROUNDUP' GUITAR

See Page 490 for Lessons

$9.95 Post Paid
LESS CASE

- Mahogany Back and Sides.
- Selected Clear Spruce Top.
- Top Edge and Soundhole Bound With Black and White Celluloid.
- Top Decorated With Striking Western Ranch Scene and With a Reproduction of Gene Autry's Signature.
- Genuine Mahogany Neck.
- Ebonized Fingerboard.
- Patent Heads.
- Standard Size.
- A Gene Autry Book of Cowboy Songs, His Photograph, a Lesson Certificate (see page 490), an Instruction Book and Pick Included.

Gene Autry, the smiling Oklahoma Yodeling Cowboy, is one of Radio's outstanding entertainers of the day. With his large number of yodeling cowboy songs he has attracted to him thousands of "Autry fans." So popular has he become that his public has demanded a reproduction of his famous **"Roundup" Guitar** and here it is at a popular price.

Two years ago Gene Autry was unknown. Today his fame is country wide. A noted radio artist, a famous stage star and the well known **CONQUEROR RECORD ARTIST.** Simply because he learned to play the guitar while on the ranch and became a singer of cowboy songs. Tomorrow—next year—and every year new stars will develop. Maybe one will be you. Even if you never reach the fame of Autry—a boy or girl who plays the guitar is always welcome wherever young folks gather.

- —Choice of Walnut or Polychrome Finish.
- —"Kant Krack" Case, Instruction Book, Scholarship Certificate (See Page 490) and Pick Included.

$46.00 Cash
Postpaid

The nationally advertised "National Triolian" guitar is "professional" in the fullest sense, being preferred by leading radio and vaudeville artists on all circuits. The metal diaphragm amplifies the true, sweet tones produced by the strings.

It yields powerful, rich, dynamic non-metallic tones, of a volume heretofore considered impossible in a stringed instrument and not at all possible in an ordinary regulation guitar. Every detail of construction denotes the craftsmanship of experts in a fine instrument, therefore, with reasonable care, the National Triolian will last a lifetime. "Kant Krack" side opening case, included. **Postpaid.** **$46.00**

Latest Arched Top and Back

The same acoustical principles used by the old violin makers are behind these latest arched top and back guitars. Due to the depth and curvature of the body great variation of volume is made possible and conflicting overtones are avoided. These instruments are excellent for professional public appearances where combined volume and sweetness of tone are essential.

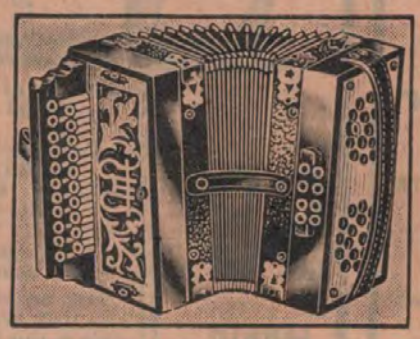
Popular Italian Style ACCORDIONS

Neither "old fashioned" nor a revived fad! Accordions need not be high priced to justify their way to permanent popularity. Musical pleasure beyond belief awaits you with one of these easily bought, easily learned, Quality Instruments.

$9.75 Postpaid

BEAVER—*Fancy Model*



- Mahogany Finish Full Frames.
- 16 Fold Bellows, Maroon Colored.
- 21 Treble Keys and 8 Bass Keys.
- Size, 6x11 inches.
- Instruction Book Included.
- Handsome Gilt Impressed Designs.
- Stradella Metal Corners.
- Four Sets of Genuine Steel Reeds Mounted on Aluminum Plates.

You can well be proud of this accordion for the generous saving our price gives you. And more important you will admire the quality results and good looks that would make it a popular choice at customary prices.

Neither quality nor beauty has been sacrificed to attain this low price. Very beautiful scroll work on front panel in impressed rose design with leaves and flowers covered with gilt which richly brings out the entire design. A "surprise" for tone and appearance.

12K631¼—Postpaid..... **$9.75**

12K625¼—Same as above, but ten treble keys and four basses. Two sets of steel reeds and bellows of ten folds. Open key action and divided frames. Postpaid..... **$5.75**

$7.25 Post Paid

Beaver Brand *Italian Style*

- —Ebonized Keyboard and Frames.
- —Treble and Bass Panels in Beautiful Natural Maple with Fancy Grill Work.

C. Fidardo GENUINE ITALIAN ACCORDIONS

The NEW Instrument of Youth—The PIANO ACCORDION!

Back again as the favorite solo instrument. Its popular music wins—in the home, at the party, and in the big orchestras. Producing both melody and its own vibrant accompaniment, it is almost an orchestra in itself. Sweet rich tones for the home can be built up to theater volume. PIANO PLAYERS LEARN QUICKLY. Only the method of playing the basses is different, and not nearly as difficult as the "complicated" appearance suggests. Develop popularity and profit with your tuneful talents. Play as you pay—on a quality instrument.

$225.00 CASH

10 Days' Trial

We guarantee these instruments against defects. We will send one on a ten day trial to prove to you that you save one-third or more. Send the down payment with the Time Payment Order Blank or the full cash price.

If after ten days you are not thoroughly satisfied your money, including transportation charges, will be promptly returned.

Silver Plated E Flat Alto Saxophone Supertone Bandmaster

- **—Silver plated with gold plated bell. Polished keys and engraving.**
- **—Modern key system.**
- **—Mother-of-pearl buttons and rollers.**
- **—Correct tone and pitch.**
- **—Quick and easy key action.**
- **—Includes Keratol (artificial leather) covered cotton flannel lined case.**
- **—Also music lyre and neck strap.**

We have sent shoppers to many stores to find out what a Saxophone like this would cost. The lowest price they found was $85.00. You save easily $20 to $29.50. And it's a regular saxophone too—not a makeshift with fewer keys. Made in a famous Elkhart factory. Double guaranteed, by the maker and by Sears. High quality in materials and workmanship. Instruction book and Lessons certificate (see page 490) included.

12K873¼—Postpaid. Cash Price **$55.50**
Time Payment Price. $9.00 down, $6.50 monthly. **Postpaid** .. **$61.00**
Use Time Payment Order Blank in back of catalog.

Pride of Elkhart Saxophones

- **—New high E and F forked mechanism on alto and tenor.**
- **—Light, fast key action. —Drawn tone hole sockets.**
- **—Kid key pads. —Burnished keys and engraving.**
- **—Mother-of-pearl finger-tips and rollers.**
- **—Professional mouthpiece.**
- **—Silk pile, plush lined, keratol (artificial leather) case.**
- **—Also includes music lyre, neck strap, and screwdriver.**

Your money buys "first line" quality of a leading manufacturer of "Bandtown" (Elkhart, Ind.) when you choose "Pride of Elkhart." Latest model of satisfying high grade instruments is yours at a saving of one-third or more. The beautiful tone, great carrying power, and easy blowing have a true professional quality. Perfectly tuned, with extreme high and low tones (so difficult on most saxes) easily obtained even by beginners on these instruments. Instruction book and Lessons Certificate (see page 490) included.

Any of the above **25** bulbs for **$1.48** | **12** bulbs for **79c** | **6** bulbs for **45c**

EARLY TULIPS

Double and Single

You can grow these indoors in pots or outside for early blooms. Plant some Early Tulips and some Darwins and enjoy a succession of glorious blooms for several weeks in the spring. Shpg. wt., per package of 12 bulbs, 12 ounces. **Postpaid if part of $2.00 order.**

KEIZERKROON (GRAND DUKE) (8 inches): **71K3326**—Most popular and showy of the single early. **Bright red** with **golden yellow** margin..... **12** bulbs for **47c**

MURILLO (8 inches): **71K3327**—Double flowers of delicate **blush pink.** Still the favorite of the double tulips... **12** bulbs for **44c**

CRIMSON BRILLIANT (8 inches): **71K3325**—**Bright vermilion** single flowers of large size..... **12** bulbs for **39c**

YELLOW PRINCE (8 inches): **71K3328**—**Golden yellow,** sweet scented single flowers..... **12** bulbs for **45c**

OUR SPECIAL MIXTURE

Early Tulips

A specially selected mixture of varieties noted for their brilliant colors. Not like ordinary mixtures made from surplus of the grower. All varieties purchased in large quantities and mixed by us so that you won't get all of one kind. Shipping weight, 12 bulbs, 12 oz. **Postpaid if part of $2.00 order.**

71K3365 **12** bulbs for **39c**

71K3366 **50** bulbs for **$1.50** | **71K3367** **100** bulbs Postpaid **$2.89**

Shpg. wt., 50 bulbs, 3 lbs.

Bulbs will be shipped to you about Sept. 20th, immediately upon their arrival from Holland.

BREEDER TULIPS

Like the Darwin types, these bloom in May. In Breeders you get a range of colorings that you can't get in the Darwin varieties. Every lover of tulips should order a few Breeders. Shpg. wt., per pkg. of 12 bulbs, 14 oz. **Postpaid if part of $2.00 order.**

BRONZE QUEEN (28 inches): **71K3350**—Soft **buff** color tinted **bronze** inside..... **12** bulbs for **45c**

PANORAMA (Fairy) (26 inches): **71K3353**—**Reddish mahogany** flowers..... **12** bulbs for **47c**

LOUIS XIV (16 in.): **71K3352** Considered the grandest of all tulips. An immense flower of rich **purple** with **golden bronze** margin, inside **bronzy purple** **12** bulbs for **67c**

CARDINAL MANNING (28 in.): **71K3351**—**Wine-red** flushed **rosy-brown**..... **12** bulbs for **47c**

EARLY FLOWERING CROCUS

One of our earliest spring flowers, often blooming before snow has entirely disappeared. Plant the bulbs in the fall in your shrub borders and perennial beds or in groups under trees. The Crocus is becoming quite popular for Rock Garden work where it will make a beautiful showing early in the season. Ideal for edging tulip beds. Hardy and need not be disturbed for several years if foliage is not cut. We offer a select mixture of healthy, good size, Holland grown bulbs. Shpg. wt., 12 bulbs, 3 oz.; 50 bulbs, 12 oz. **Postpaid if part of $2.00 order.**

71K3390 **12** bulbs for **29c**

71K3391 **50** bulbs for **$1.15** | **71K3392** **100** bulbs Postpaid **$2.00**

SPECIAL DARWIN TULIP MIXTURE

Nice plump bulbs from our own grower in Holland. The varieties are mixed by us after arrival in this country thus assuring you a real assortment and not just one or two kinds. Priced lower than what is usually asked for good mixtures. Plant this special mixture for satisfaction. Shpg. wt. 12 bulbs, 12 oz.; 50 bulbs, 2 lbs. 8 oz. **Postpaid if part of $2 order.**

12 bulbs **71K3322** for **35c**

71K3323 **50** bulbs for **$1.23** | **71K3324** **100** bulbs Postpaid **$2.25**

Supreme Bulb Collection

Our Supreme Bulb Collection affords an opportunity to get a collection of Dutch bulbs at a saving. Order now for shipment when bulbs arrive from Holland.

This collection consists of:
12 Crocus, mixed
6 Hyacinths, mixed
12 Darwin Tulips, mixed

All bulbs are of our usual high quality. The blooms of these bulbs will make a delightful showing next spring. Shpg. wt., 1 lb. 12 oz. **Postpaid if part of $2.00 order.**

71K3370 **30** bulbs for **$1.00**

LAURENS KOSTER: **71K3277**—**Orange yellow** cup with white petals, five to seven flowers on a stem. **6** bulbs for **54c**

KING ALFRED: **71K3276**—The largest and showiest of the daffodils. Exceptionally rich **yellow** coloring... **6** bulbs for **$1.10**

JONQUIL (Campernelle): **71K3290**—The campernelle is the finest jonquil of all. It is a pure **yellow** and very fragrant. Groups of bulbs among the shrubbery give a rich effect..... **6** bulbs for **49c**

Shpg. wt. 6 bulbs, 12 oz. **Postpaid if part of $2 order.**

PAPER WHITE NARCISSUS

For growing in pebbles and water

When flowers are scarce during the winter months, nothing is so cheering in the home as Paper White Narcissus. They are so easy to grow. All you need are good, strong bulbs and a bowl and some small pebbles to hold the bulbs upright. If planted about Thanksgiving time you will have flowers for Christmas. Shpg. wt., 6 bulbs 12 oz. Postpaid if part of $2 order.

71K3250 **6** bulbs for **35c**

FLOWER AND PLANT FOOD

Produces luxuriant foliage; beautiful flowers and early vegetables. Fine for pot plants and also all outdoor plant life. Free from odor; clean; highly concentrated and keeps indefinitely. A teaspoonful dissolved in water will make a gallon of highly effective fertilizer. Usually sells for 50c elsewhere.

71K3025—1-pound package. Shpg. wt., 1 lb. 4 oz. **Postpaid if part of $2.00 order.... 35c**

PEONIES

Fall is the best time to plant Peony roots. We offer only strong 3 to 5 eye divisions and not 2 eye roots usually offered at our prices. Shpg. wt., each, 8 oz. **Postpaid if part of $2.00 order.**

FELIX CROUSSE: **71K3181**—A mid-season peony of the rose type and a real leader. Large globular solid flowers of a rich brilliant **ruby red.** **1** Big Root for **47c**

FESTIVA MAXIMA: **71K3183**—Although it is an old variety it still leads. It is the foundation of all peony collections. Very large **white** flowers dotted with **carmine**..... **1** Big Root for **33c**

KARL ROSENFIELD: **71K3184**—Without a doubt one of the leading **red** sorts. Free blooming; large flower of semi-rose type..... **1** Big Root for **55c**

EDULIS SUPERBA: **71K3182**—Popular because it blooms early, usually around Decoration Day. Large size fragrant flowers of clear **mauve pink.** One of the most popular varieties..... **1** Big Root for **33c**

Unnamed Peonies

We offer first quality roots of either **red, pink or white.** These are all choice varieties and are not to be confused with cheap unnamed colors. **State choice of color.**

71K3180 **3** Big Roots for **75c** | **1** Big Root for **29c**

PEERLESS REPLACEMENT WHEELS

$2.00 And Up Postpaid

CAN'T SLIP SPOKES

Out-of-true or worn out wheels can be quickly and satisfactorily replaced with these guaranteed, genuine hand trued wheels! They will beautify your bike and add years of service. May be had for FRONT WHEEL with Spindle Hub, or for REAR WHEELS with Spindle Hub or Coaster Brake built-in. **Specify Musselman, New Departure or Morrow Coaster Brake.** See illustrations and descriptions of the various types of rims at right above, also note how to determine size. All spokes highly nickeled and can't come loose. All rims drilled with 36-spoke holes, fit 1½-inch tires.

A New Wheel on Your Old Coaster Hub
If your old coaster brake has 36 spoke holes and is still serviceable, send it to us, following instructions on last Index page. *Be sure to send the Hub Shell.* We will build a new wheel on it. Deduct $2.50 from prices of wheel with coaster brake listed below.

Note: Hubs for rear wheels regularly come with std. 10-tooth sprocket for 1x3/16-inch chains (7 and 9-tooth can also be furnished). For ½x⅛-in. chains, hubs come with std. 18-tooth sprocket (14, 16 or 20-tooth can also be furnished). **State number teeth wanted on sprocket.**

For Special Enamel Finish Wood Rims instead of Natural Wood Finish (25-in. rim only), add 22c. Colors: **Cherry Red** with **Ivory** Center, or **Red** with **Black** Stripes. **State color wanted.**

HOW TO ORDER Bicycle Wheels and Rims

Order by Catalog Number of correct type and rim size of wheel. Measure from top to bottom. (See illustration.) Do not include tire. **If rear wheel state number of sprocket teeth wanted.**

They're BETTER BIKE TIRES *because* —

WE BUILD THEM JUST as GOOD as ALLSTATE AUTOMOBILE TIRES

—And Here's Proof You Save at Sears!

As part of our National Shopping Program, we bought bicycle tires similar to our Regular ALLSTATE from stores in all parts of the country. Note these typical prices below, then figure your savings when you buy from Sears.

Oklahoma City	$2.25	Miami, Fla	$2.15
Pittsburgh, Pa	1.95	Grand Island, Neb.	2.00
Hartford, Conn	1.98	Wichita Falls, Texas	2.95

BOYS HERE'S WHAT IT TAKES TO MAKE GOOD BIKE TIRES

Tread uniform thickness, balanced like our auto tires; tested to give longer wear.

Special square woven fabric, strong and puncture resisting.

All virgin rubber, resilient, long wearing. Holds color.

Best grade live, red rubber ply constructed inner lining. Holds more uniform pressure.

DUTCH BRAND Rim Cement

For securely attaching tires to wood or steel rims. One tube, 1x6 in. enough for 1 tire. shpg. wt., 1 lb. Postpaid if part of $2 order.

28K2280
2 tubes..... 23c

28x1½ NOW ONLY $1.50 EACH IF BOUGHT IN PAIRS

28x1½ NOW ONLY $1.10 EACH IF BOUGHT IN PAIRS

- 3 Full plies, square woven, puncture resisting fabric.
- Tread patterned after ALLSTATE Auto Tire
- Black Tread, White sidewalls. Beautiful and sporty looking.
- Cotton strip at base helps to grip tire to rim.
- Live red rubber lining holds air longer.
- Single tube, cement-on style.

The finest tire we offer for your bike, one that will give long safe mileage like our Famous **ALLSTATE** Auto tires. Built with the same care and exactness that means more wear. Postpaid if part of $2.00 order or more.

28K1891—28x1½. Fits 25 in. rim. Shpg. wt., 2 lbs. 14 oz. Each..... **$1.57**
Two tires. **Postpaid**..... **$3.00**

Spoke Brush

For Wire Wheels

Tapered for wire wheels and steel spoke wheels. Heavy bristles. Lgth., 18 in. **Postpaid if part of $2.00 order or more.**

28K5056—Shpg. wt., 5 oz.....**18c**

Spoke Brush

28K5052—Of strong fiber. Length, 17 in. Shpg. wt., 8 oz.....**18c**
28K5053—With black hog bristles. Length, 17 in. Shpg. wt., 6 oz.....**25c**
Postpaid if part of $2.00 order or more.

Auto Mop

Water flowing through soft cotton yarn keeps mop clean. Screw-on hose connection. Strong nickel plated back. **Postpaid if part of $2.00 order.**

28K5051—Shpg. wt., 1 lb. 4 oz.**$1.08**

Spray Gun

Uses air from tire. Sprays touch-up paint and disinfectants. Made to fit 28K7067 DuPont Touch-Up Enamel can as shown above at left. Includes ¼-pt. empty bottle, cap with nozzle, valve and about 6 ft. of rubber hose.

Shpg. wt., 1 lb. 3 oz. **Postpaid if part of $2.00 order.**

28K7086—Complete.....**98c**

Garage Hose Outfit

25 ft. of ⅝-in. black hose, complete with couplings and washers. Wall hose hanger included. **Postpaid if part of $2 order.**

99K7291—Shpg. Wt., 8 lbs.**$1.69**
For other hose see page 931.

Sheep's Wool Mitt

Polishing surface, about 8x5½ in. Soft wool back. Washable. Ideal for autos, furniture, shoes. A real value. **Postpaid if part of $2.00 order.**

28K9093—Shpg. wt., 2 oz.....**15c**

Waterproof Apron

Good quality rubber coated fabric. Protects clothing when washing car. A handy home item. **Postpaid if part of $2.00 order.**

28K7063—45 inches long, 33 inches wide.
Shipping weight, 1 lb. 8 oz.....**95c**

Handy Window Cleaner

Has felt pad on one side for washing and rubber squeegee on other side for drying. Width, 4¾ inches. Shpg. wt., 9 oz. **Postpaid if part of $2.00 order.**

28K7053.....**18c**

Genuine ROCK ISLAND Sheep's Wool Sponges

These genuine Rock Island Sheep's Wool Sponges are the finest obtainable for auto and household use. They are softer, wear longer and absorb more water than other grades of sponges that cost as much or more. Buy two at these low, money saving prices, one for the car, one for the house. Sizes below are diameter of sponge wet. **Postpaid if part of $2 order or more.**

45c And Up

28K10855—5½ in. Shpg. wt., 2 oz.....**45c**
28K9617—6½ in. Shpg. wt., 3 oz....**$1.15**

Grass Sponge

28K9618—A general utility sponge. Diam. when wet, 6½ inches. Shipping weight, 3 oz.....**15c**
Postpaid if part of $2.00 order.

70,000 MILE

Definitely PROVES

ONLY ONE MOTOR OIL Combines these 3 Factors

1 Costs LESS

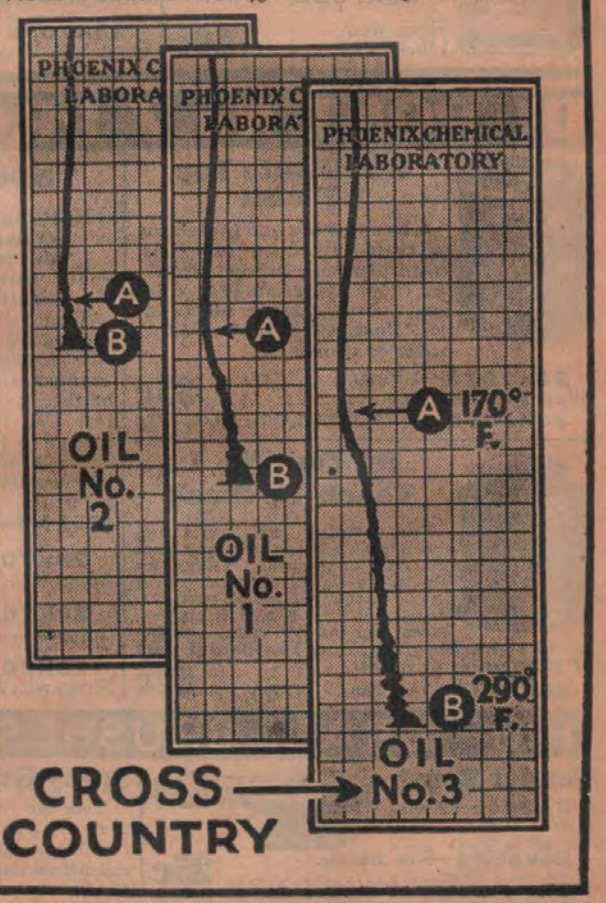
The Standard Price Everywhere Is almost twice as much Per Quart for Similar High Quality 100% Pure Pennsylvania Oil.

CROSS COUNTRY ONLY

14¾¢ PER QUART IN 5 GAL. PAILS

As Compared to

OIL NO. 1 AT	OIL NO. 2 AT
30c PER QT.	35c PER QT.



2 Lasts LONGER

The Mileage Record Chart Below, Submitted by the Engineers in Charge of the Road Test Has Proved That **CROSS COUNTRY** OIL Gives More Miles of Perfect Lubrication Than Other *Leading Nationally Advertised Brands* of 100% Pure Pennsylvania Motor Oils Sold Everywhere at Higher Prices.

3 Lubricates BETTER

Oil Film Strength Tests in the Laboratory are Further Proof That **CROSS COUNTRY** OIL Has Greater Stability and Higher Heat Resisting Qualities Than Other Leading Nationally Advertised Brands of 100% Pure Pennsylvania Oil.

BOTH LABORATORY and actual Road Tests prove **CROSS COUNTRY** Motor Oil to be superior to other leading brands of 100% Pure Pennsylvania Oil.

On the Road

In our testing cars, operated at about 50 miles an hour, day and night, for approximately 70,000 miles, **CROSS COUNTRY** Oil *mileage per quart* was 17 per cent greater than No. 1 Motor Oil sold at 30c a quart and 8 per cent greater than No. 2 Motor Oil sold at 35c a quart! These were the three best oils in the test.

Tested in the Laboratory

Samples of all brands of motor oil tested were sent to the Phoenix Chemical Laboratory, Inc., Chicago, for their impartial judgment of quality. Samples were marked with numbers only, so that the laboratory did not know what brands were being tested. Here is their report:

"Reports on chemical and physical analysis of the various lubricating oils submitted are attached.

"I particularly wish to call your attention to the 'breakdown' test made on the Consistometer, a laboratory instrument for testing the strength of oil film under pressure and varying temperatures.

How Test Was Made

"You will note that Oil No. 1 showed weakening of the oil film and consequent beginning of mechanical friction at 143 degrees F., and complete seizure between metal parts at 214 degrees F.

Oil No. 2 showed weakening of the oil film and consequent beginning of mechanical friction at 152 degrees Fahrenheit, and complete seizure between metal parts at 175 degrees F.

"Oil No. 3 showed weakening of the oil film and beginning of mechanical friction at 170 degrees F., and complete seizure between metal parts at a temperature of 290 degrees F.

"Based on the facts shown by the physical, chemical and 'breakdown' tests, Oil No. 3 is superior to Oils No. 1 and No. 2."—Signed J. Krawetz, *Technical Director*.

Oil No. 3 is Sears **CROSS COUNTRY** *Motor Oil.*

What These Tests Mean

Practical road and laboratory tests prove that **CROSS COUNTRY** Motor Oil will give you more miles of perfect lubrication.

It is scientifically refined by the most modern methods from 100% Pure Pennsylvania Crude Oil. It will save your motor excessive wear, damage and repairs, and will save *you* money on every gallon!

The difference in selling price between **CROSS COUNTRY** 100% Pure Pennsylvania Oil at 14¾c a Qt. and other leading Nationally Advertised Brands, retailing at 35c per qt. is possible because of Sears Large volume buying and economical methods of distribution.

Protect your investment in your car by using **CROSS COUNTRY** Motor Oil! It is the highest quality motor oil obtainable, regardless of price. Send your order *TODAY!* We can supply the proper grade oil for your car. If you are in doubt as to the grade to order, write, giving the make, year and model of your car and we will recommend the proper grade. Cars two years old and over require the next heavier grade oil than new cars.

Proof that they *are* good tires comes to you from Prof. Phil C. Huntly, eminent scientist and engineer of Armour Institute of Technology. He got *FACTS* on tire quality in a stupendous 2,000,000 tire mile test of all leading makes. The test took a dozen drivers, with a fleet of automobiles, seven and a half months to complete.

This is what the test proved:

Our **ALLSTATE *COMPANION*** Type Tire, with six plies, including 2 cord plies technically known as breaker strips, under the tread, is equal to any similarly advertised tire on the market and costs less! See Prof. Huntly's report on page 516!

Don't be fooled by lower prices quoted by others on their lower grade and poorer tires. Insist on **ALLSTATE *COMPANION*** Type Tires. They are *full size*, interchangeable even with our 6-Ply Heavy Duty **SUPER ALLSTATE** Balloons. They have *improved* center traction tread, riding comfort and up-to-date, handsome appearance. Order **ALLSTATE *COMPANION*** Tires NOW . . . in *Pairs* and Save More!

Postpaid if included in order of $2.00 or more. ALLSTATE Gray tubes guaranteed 2 years. Prices subject to change without notice.

The Government is considering adding a tax on Tires and Tubes. Therefore, all Tire and Tube prices are subject to any tax which may be added.

GUARANTEE

We Guarantee **ALLSTATE *COMPANION*** *Tires to be as good or better than other Nationally Advertised tires sold elsewhere at* **ALLSTATE** *prices! WHY PAY MORE?* Further, We Guarantee **ALLSTATE *COMPANION*** Tires to give satisfactory service, without limitation as to time or mileage. If any **ALLSTATE *COMPANION*** tire fails to give you the service you have a right to expect, we will repair, or replace it, charging only for the proportionate wear it has delivered.

ALLSTATE WINS

WE WANTED *FACTS*..... SO WE PUT ALLSTATE TIRES ON THE ROAD AND TESTED THEM AS *YOU* WOULD. ALLSTATE WON OVER OTHER LEADING MAKES OF TIRES, AVERAGED 28,942 MILES PER TIRE ....OR 3,927 MILES PER DOLLAR.

No news headlines blazed their triumph. No bands greeted the winners . . . But here's a Victory won in the name of Science by **ALLSTATE** that will be celebrated by the millions who know **ALLSTATE** Tires.

Sears, Roebuck and Co. Dear Sirs:—As a result of our testing of **ALLSTATE** and **ALLSTATE *COMPANION*** in comparison with other leading makes of tires, we submit the following report of average mileage and average mileage per dollar.

Tire	Average Mileage	Average Mileage per Dollar
ALLSTATE	28,942	3,927
ALLSTATE *COMPANION*	18,482	3,720
"A"	21,092	2,338

A winding road in Ohio . . . a sunburnt trail through Arizona . . . was their proving ground. Six motor cars were completely worn out in this searching test of tire Quality. Month after month rolled by while expert drivers piled up 2,000,000 tire miles in the most gruelling road test ever devised.

In the end, **ALLSTATE** ranked FIRST above all other tires tested, not only in average mileage per tire, but also in actual ***miles per dollar!***

Prof. Phil C. Huntly of Armour Institute of Technology directed the test in his own scientific, impartial way. All tires were tested under identical conditions, underinflated, overloaded and changed from wheel to wheel. The results of the test give you the real "low down" on tire quality. Read Prof. Huntly's report at the right above, and be convinced of **ALLSTATE** Superiority. Then send us your order . . . You Save even more if you buy in ***Pairs!***

The Government is considering adding a tax on Tires and Tubes. Therefore, all Tire and Tube prices are subject to any tax which may be added.

The entire resources of this forty-six year old organization, doing an annual business of about $350,000,000 direct with the consumer, is back of every ALLSTATE tire. More than 12 million families know by actual experience that the guarantee of Sears, Roebuck and Co. is a definite obligation which we carry out to the letter. This guarantee means what it says:

GUARANTEE

We Guarantee **ALLSTATE** tires to be first quality tires in every respect; we guarantee them to give satisfactory service, *without limitation as to time or mileage*. If any **ALLSTATE** tire fails to give you the service you have a right to expect, or fails to give you equal service with any other first quality tire, we will repair or replace it, charging only for the proportionate wear it has delivered. Further, we Guarantee a Saving on every **ALLSTATE** tire.

LOWER PRICES on PRICES NOW THE SAME AS

SUPER ALLSTATE *TIRES* GIVE GREATER SAFETY AND ABSOLUTE CAREFREE MILEAGE BECAUSE OF THEIR 6 FULL PLIES AND EXTRA HEAVY TREAD . . . . *NOW LOWER PRICED!*

An honest comparison with other leading makes of tires shows that **ALLSTATE** gives more mileage per dollar. We definitely state, 6-Ply Heavy Duty **SUPER ALLSTATE** Tires will give you more Safety and more easy riding mileage per dollar than ever before! *Now*, they cost less!

ALLSTATE Tires were road tested by that famous mechanical engineer, Prof. Phil C. Huntly of Armour Institute of Technology. This "hard boiled" test was made with tires underinflated and overloaded . . . punished in this test as they never would be in ordinary service on your car. 25,000 miles is a modest estimate of the service these Great Tires will give you.

Order **SUPER ALLSTATE** 6-Ply Heavy Duty Tires and be free of all tire worries. . . . You save *More* if you buy in *Pairs!*

ANOTHER CUT in PRICES

BUY DEARBORN $_R$ Now for What Used or Rebuilt Tires Would Cost

Because of popular demand, we've made available a new supply of **DEARBORN** $_R$ Tires for those who want this type tire. Last year we planned to discontinue the **DEARBORN** $_R$ in favor of our new **ALLSTATE** ***COMPANION*** Tire with a more modern tread. But the demand for **DEARBORN** $_R$ continues. On these we are cutting the price to **DEARBORN** $_R$**'S** lowest level! . . . singly or in pairs.

DEARBORN $_R$ Tires have always been popular with some of our old customers who have used them for years. **DEARBORN** $_R$ tires deserve the good reputation they have made.

They have center traction tread and are guaranteed against defects in materials and workmanship. Send us your order now. See Shipping Points on Page 518.

Because

- Automatic Valve-Release Stops Back Pressure.
- All Air Flows Into Tire. None Is Wasted.
- Extra Strong Enameled Steel Barrel.
- ½ Inch Plunger Rod, Oversize Washer and Thick Oil Pad Inside.

With Either BALLOON OR HIGH PRESSURE TIRES AIR FLOW PUMPS WORK EASIER *and* FASTER!

89c AND UP

Air Flow Connection Quickly Attached or Detached.

The Famous AIR FLOW Valve connection is a feature found only in pumps sold elsewhere at higher prices!

Air Flow With Steel Barrel

Barrel of cold rolled steel, electrically welded, 18 in. long; enameled. Big wooden handle. Broad, unbreakable malleable iron base . . . plenty of room for both feet or for pump to stand alone. 24-in. seamless rubber hose . . . wear, oil and water resisting . . . with rustless connections of solid brass. Pumps sold at similar prices elsewhere have only steel fittings.

28K5317—With 1¼ in. diam. Steel Barrel. Especially for high pressure tires. Shpg. wt., 4 lbs. 4 oz. **89c**

28K4735—With 1¾-in. diam. Steel Barrel. **Gives about ⅓ more air per full stroke than 1½ inch barrel pump.** Shpg. wt., 4 lbs. 6 oz. **$1.00**

Air Flow With Solid Brass Barrel

Our **BEST** AIR FLOW pump . . one of the finest to be had anywhere. 1¾ in. diam. oversize brass barrel, 18 inches long. Beautifully **nickel plated** . . . won't rust inside or out . . . less wear; parts last far longer than with steel barrel. Especially built for balloon tires. 24 in. oil, wear and water resisting seamless rubber hose with brass fittings.

28K4841—Shpg. wt., 4 lbs. 6 oz. **$1.49**

Bargain!

Pump 17½ in. long, 1½ in. diam. Enameled steel barrel. 24-in. hose. Regular screw-on-valve connection. Shpg. wt., 3 pounds. **Postpaid if part of $2.00 order.**

28K4867 ..... **69c**

$3.49 Post Paid

Famous Running Board Tire Pump

Seamless steel barrel, 3x5½ in. Easy reading dial type gauge. Requires little effort. Large barrel, short piston and long handle pumps a large volume of air at each stroke. Handle and clamp of malleable iron. Folds to 4x4x12 in. Complete with 6 ft. of rubber hose. Screw on type hose connections and running board clamp.

28K7878—Postpaid. **$3.49**

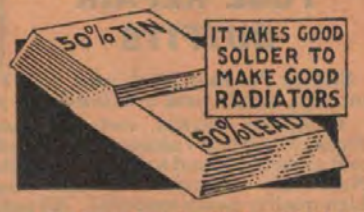
Radiators Shipped Not Prepaid

WHY Some RADIATORS Are SUPERIOR to Others



Increasing the number of water channels greatly increases the radiator's efficiency and the cost. That is why SUPER RELIANCE Radiators have a much higher efficiency rating.

Some radiators are made thinner to save material, thus lowering cost. But their cooling efficiency goes down, too. All SEARS Radiators are full thickness for proper cooling.

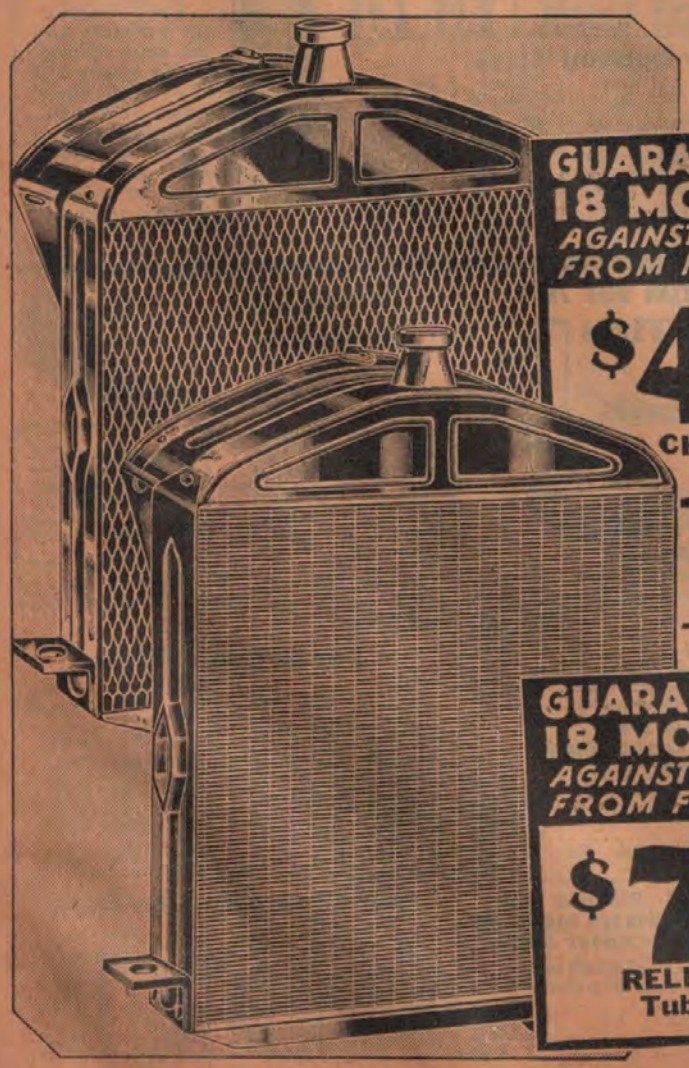
Engineers have found that ¼-inch cells provide the most efficient cooling. This type requires more material and more careful workmanship and is found only in highest quality radiators.

To lower cost, some manufacturers use solder containing less tin. Likewise, other materials are inferior. Only the best 50-50 solder and the best materials are used in making SEARS Radiators.

SUPER RELIANCE

- ★ ¼-inch cells
- ★ 40% more water channels
- ★ More air channels
- ★ More cooling surface
- ★ More material to take off heat
- ★ Extra heavy brass or copper core
- ★ Extra Heavy brass tank

Guaranteed to be the equal of, or superior to, the radiator that came on your car.



Standard RELIANCE

- —⅜-inch cells
- —Non-clogging water channels
- —Clear air channels
- —Sturdy brass or copper core
- —Strong brass tank

Actual tests prove RELIANCE exceeds in efficiency and original equipment, many other similar replacement radiators sold at much higher prices.

SUPER RELIANCE and RELIANCE Radiators are priced without cap or shell. Order from list on opposite page, **stating make, year, model and serial number of your car.**

RELIANCE RADIATORS for MODEL "T" FORDS

GUARANTEED 18 MONTHS *AGAINST DAMAGE FROM FREEZING*

$4.75 And Up
CHALLENGE Cellular

GUARANTEED 18 MONTHS *AGAINST DAMAGE FROM FREEZING*

$7.25
RELIANCE Tubular

RELIANCE Cellular (Honeycomb) Radiators

- —2-inch Bronze core
- —64 non-clogging water channels
- —Exclusive flexible core feature
- —All brass tanks

An exceptionally efficient radiator to cool Model "T" Ford motors under most severe conditions. Strongly built to withstand real hard service. Without shell or cap. Height, 23½ inches. **Not Prepaid.** Shpg. wt., 28 lbs. **Check the height of your old radiator.**

28KC15202¼—1924–27.... **$7.45**

CHALLENGE Cellular (Honeycomb) Radiators

- —1½-inch Bronze core, (Except No. 28KM15841¼)
- —48 water channels
- —All brass tank

An inexpensive radiator for Model "T" Fords that will do a good job under normal conditions. Not the equal of our RELIANCE Radiator, above, for severe conditions. Without shell or cap. **Not Prepaid.** Shpg. wt., 30 lbs. **Measure height of old radiator.**

28KM15770¼—1917–23. Height, 22 inches..... **$5.75**
28KM15841¼—1917–20. Height, 22 in. Same as above but furnished with thinner core..... **$4.75**
28KM15771¼—1924–27. Height, 23½ inches..... **5.75**

RELIANCE Tubular Radiators

- —94 fins, "crimped" to give one-third more exposed radiating surface.
- —45 water tubes, staggered in 3 rows for higher efficiency.
- —Tubes tested under 1100 lbs. water pressure.
- —All brass tanks

The better replacement radiator, because its heavy copper core is designed with greater cooling efficiency and strong assembly. A bargain at our low price. To avoid mistakes in ordering, **measure height of old radiator. Not Prepaid.** Shipping weight, 32 lbs. Without shell or cap.

28KC15700¼—1917–23. Height, 22 inches..... **$7.25**
28KC15702¼—1924–27. Height, 23½ inches..... **7.25**

Radiators for Fordson Tractors

—Cellular Honeycomb construction—3⅜ inch core

One of the most efficient radiator cores for Fordson Tractors. Sturdy, although flexible enough to absorb road shocks. High grade workmanship.

28KC15349¼
Not Prepaid. Shpg. wt., 50 lbs..... **$11.45**

Original Equipment Radiators in the World

LABORATORY SHOWS RELIANCE GIVES 16% GREATER COOLING EFFICIENCY

A recognized radiator designing Engineer made the tests that proved RELIANCE Radiators *superior* to original equipment!

Look at these facts:—The RELIANCE that was tested was 16% more efficient than the radiator that comes with the car and surpassed the efficiency of two other higher priced replacement radiators designed to fit the car. Likewise all RELIANCE and SUPER RELIANCE Radiators will give equal or greater cooling efficiency than original equipment or higher priced replacement radiators. Order your new radiator at Sears. You'll get a better, more efficient radiator and save much money! Easily installed with directions furnished. For better cooling replace the radiator hose, too. See Page 526. Radiators shipped **Not Prepaid.** Prices are for radiators without cap or shell.

Proof of RELIANCE Superiority

Test data of experiment: To determine the cooling efficiency of 4 **different** make radiators designed for a certain model of a car in the lower price class.

Radiator Tested	Water Channels	Compare with Original Equipment
Original Equip.	23	100%
A	29	106%
B	40	109%
RELIANCE	56	116%

Sears RELIANCE Radiator has **many more** water channels and is **16% more efficient** than original equipment.

When ordering Radiators: State make, year, model, and serial number of your car. Refer to your state license card for this information.

NOTE: Radiators listed above and at left are shipped from factory in N. E. ILLINOIS, EAST. PENNA, CENT. MINNESOTA or WESTERN MISSOURI, except those for CHEVROLET which are shipped from stock. Radiators for Fords are shipped from stock. NOT PREPAID. IMPORTANT—Be sure to state make, year, model and serial number of your car. Weights vary with year of radiator. Some years' models are lighter than weight given. Weight quoted is of heaviest model.

RELIANCE RADIATORS for MODEL "A" FORDS

RELIANCE Cellular (Honeycomb) Radiators

A high grade, efficient radiator especially designed to properly cool Model "A" FORD. **Guaranteed** to cool as well, or better, than the original equipment. Without shell or cap. **Not Prepaid.** Shpg. wt., 40 lbs.

—Full 2 inches thick.
—71 water tubes, staggered in 3 rows. Tubes tested under 1100 lbs. pressure.
—All brass tanks.

Radiators for Trucks and Tractors

We can save you money on radiator cores for practically all trucks, tractors or buses, *if you will write to us,* giving the details, *stating* year, make, model and serial number of your car. Our prices are little more than *half of standard list Prices.*

We Guarantee Safe Delivery of All Our Shipments

Use CORD-RUBBER FAN BELTS

They Last LONGER

12c And Up

Postpaid if part of $2.00 order or more.

Fan belts of rubber and fabric, either V-shaped or flat type, are more durable, more resistant to water, oil and wear, have better friction qualities and cost less than leather belts. Replace your worn fan belt now, at lowest cost, with Sears Cord-Rubber Belts. ***Give make, year and model of car. Check with your State License Card.***

SEARS LEADER for EXTRA SERVICE

EXTRA BIG

★ Cross chains of best quality, full gauge, hardened steel—long wearing.
★ Long sidewall "skid link" protects tire from curb burns—each link galvanized.
★ Cross chains designed so that links lie flat and do not dig into tire—each link case hardened.
★ Each link electrically welded.

$3.00 VALUE ELSEWHERE

OUR PRICE $2.55 And Up

Note: If you use Super type tires, be sure to state so when ordering. Also mention tire size.

LEADER Chains are made extra big for greater road contact, extra strong for heavier service; and extra tough for longer wear. We do not sell lightweight or so called "standard" chains—all LEADER Chains are built to provide a margin of wear and safety greatly in excess of what heretofore has been considered "good enough." Translate the quality points at right in terms of safe driving on slippery roads or snow-covered highways—excess wear and accidents prevented—and there will be no doubt as to your decision to buy LEADERS. As part of our National Shopping Program, our shoppers in cities thruout the country found that Sears prices were lower, in most cases, *a third lower* than prices elsewhere for similar quality chains.

Here Are the QUALITY POINTS to Look For When You Buy CHAINS

- Full Gauge Heavy Links
- Electrically Welded Cross Chains
- Cross Chains That Lie Flat
- Long Sidewall Skid Link

In LEADER Chains You Get These QUALITY FEATURES for LESS MONEY

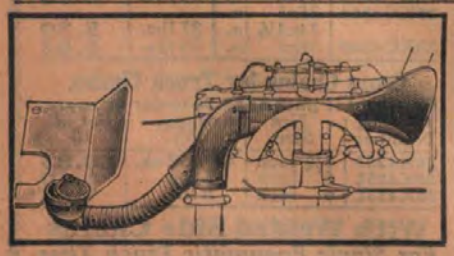
- Size, 7x9 in., 8 in. front to back.
- Tubular Core, 1¾ in. deep.
- Radiator opening, 6x6 in.
- Chromium plated, horizontal adjustable deflector vanes.
- 6-Volt electric motor.

We have never before offered a hot water heater at such a low price. Copper core; heavy gauge metal shell, green enameled. Second only in quality and appearance to the SUNWARM at left, and an excellent heater at our low price. With all necessary fittings and complete, easy instructions for installing. **28K9999¼**—Postpaid **$5.59**

HEATERS for "A" FORDS and CHEVROLETS

Warm Air Heater Simple, Efficient

$2.95 Postpaid



For "A" Fords

Complete With All Fittings for Attaching

- Cast Iron exhaust manifold type; attaches directly to engine block.
- Replaces exhaust manifold on Model A and AA Fords.

There is nothing about this heater to rattle or become loose. Clean, fresh air is drawn through the radiator into the heating chamber, in which are vertical fins of wide area, for rapid diffusion of heat. The air is forced in a steady, warm stream through a register into your car. Register has a deflector to direct the air as wanted, and a cutoff to shut off the heat. Has removable cover which keeps engine cooler in summer weather.

28K9925¼—Complete with all fittings and instructions. **Postpaid**..... **$2.95**

Forced Draft Heater

$2.65 Postpaid

For Fords Model "A"

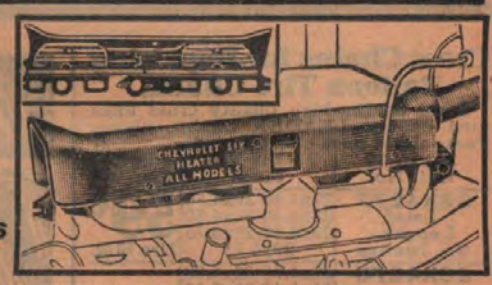
- —Cast Aluminum.
- —Light weight—only 5½ lbs.

Easy installation. All you need is a screwdriver—no bolts to loosen or holes to drill. New plate furnished with cutout for register, makes it unnecessary to cut any holes in floorboard or dash. This heater fits around the exhaust manifold. Wide mouth insures good flow of warm air past exhaust pipe and into flexible metal tube to floor of front compartment of car. Slide over opening permits as much heat as desired. Full instructions furnished. Does not fit 1928 model with center brake lever. **Postpaid.**

28K9905¼—Complete..... **$2.65**

For exhaust manifold "Spacer" type heater for Model "A" Fords, see No. 28K9919¼ at right above.

Spacer Type Manifold Heaters



$3.45 Postpaid

For CHEVROLETS and FORDS

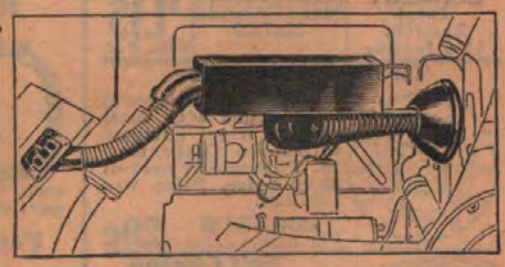
Complete With All Fittings for Attaching

- —Heats up quickly!
- —Attaches directly to motor block, behind exhaust manifold.
- —Cast Aluminum; weighs only 6¼ lbs.

One of the simplest, most efficient heaters designed. Clean, fresh air is drawn in through radiator to the heating chamber, which is lined with wide-area vertical fins, and passes in a warm, steady stream to car through register—which has deflector and shut-off. Removable cover on heater keeps engine cooler in summer—Very easy to install. Full instructions and all necessary bolts and gaskets furnished. **Postpaid.**

28K9916¼—Complete heater. For **Chevrolet 6**..... **$3.45**

28K9919¼—Cast Aluminum Heater similar to above but for Fords, **Model "A"** and New 4 cyl. 1932..... **$2.89**



Forced Draft Heater

$3.45 And Up Postpaid

For Chevrolet 4 Cyl.

- —Wide intake draws air through radiator and forces it into all parts of the car.

A low priced, efficient heater. Heater and manifold are cast in one piece, which assures clean, pure warm air quickly. Special floor register has adjustable openings, operated by foot. All necessary fittings and full instructions for easy installation furnished. **Postpaid.**

28K9994¼—For Chevrolet 4-cyl. 1928..... **$3.75**

28K9981¼—For Chevrolet 4-cyl. 1923-27. Not Illustrated..... **$3.45**

HEATERS for "T" FORDS

Forced Draft Heater

$1.75

This efficient heat maker takes the sting out of winter driving. Is solidly constructed, with a housing which attaches around the exhaust pipe. Note how the forced draft feature is increased by extending the horn toward the fan. Has shut-off register. Fits all model "T" Ford Cars, even those equipped with Holley, Swan, Schebler or other Hot Shot Vaporizers. Complete with all fittings. **Postpaid if part of $2.00 Order.**

28K9991—Each, Complete. Shpg. wt., 6 lbs..... **$1.75**

10c And Up PER FOOT

NO BOILING AWAY EVAPORATION ONE FILLING LASTS ALL WINTER

USE ANTI-FREEZE That Will Not Be INJURIOUS to YOUR RADIATOR

SEARS SUPER SERVICE Anti-Freeze

IS HARMLESS AS WATER TO anything about your car. Won't affect metal, wood, rubber or leather.

WILL GIVE SUB-ZERO PROTECTION Used in proper proportion, guards against freezing to *40 degrees* below zero!

IS ODORLESS, gives off no disagreeable smells at any time.

IS NON-INFLAMMABLE. Cannot explode or even burn under any circumstances. Will not cause short circuits.

WILL NOT BOIL AWAY . . . one economical filling serves all season long! It does not evaporate! . . . Put **SUPER SERVICE ANTI-FREEZE** in your car early. Don't take a chance on getting caught without this protection in a sudden, early freeze! Will not foam. At the end of a season, you can drain and save it for another winter.

Here's an example of how **SEARS SUPER SERVICE** saves you money. For the Model "A" Ford, with 12-qt. radiator capacity, the following quantities of anti-freeze are recommended for protection to 30 degrees below zero:

(Nationally Advertised Brand)
1½ Gallons at $4.45 per gal. $6.68
SEARS SUPER SERVICE ANTI-FREEZE
2¼ Gallons at $1.65 per gal. 3.71
YOU SAVE 2.97

$1.65 PER GALLON

SEARS SUPER SERVICE Anti-Freeze costs less and is guaranteed to give your car just as positive protection as other solutions costing up to $4.45 a gal.

Order SEARS SUPER SERVICE Today!
28KC4756¼—1 gal. Shpg. wt., 12 lbs. **$1.65**
All Anti-Freeze shipped Not Prepaid.

The table below gives examples of the amounts of **SEARS SUPER SERVICE** Anti-Freeze required to protect against freezing to 15 degrees below zero:

MAKE	Model and Year	Radiator Capacity	SEARS SUPER SERVICE
BUICK	Std. 1929-30	17 qts.	11½ qts.
Chevrolet	All 1930	10 qts.	6⅔ qts.

FROST SHIELDS for Clear Vision

- Cost little.
- Easy to put on.
- Necessary for safe driving.

The dead air space between the clear celluloid and the glass keeps steam and frost from forming, giving driver a clear view ahead.

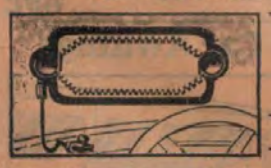
Felt Bound—Held by Vacuum Cups

A clear view of the road means safer driving. In frosty weather this sure aid to clear vision will more than prove its worth.

Two vacuum cups hold this clear celluloid plate securely in position on the inside of the windows or windshield. The reinforced edges are bound with felt to make it air-tight. The large size, 6½x16½ inches, gives a good range of vision. **Postpaid if part of $2.00 order.**

28K6280—Each. Shpg. wt., 1 lb. **59c**

Molded Shields—Held by Tape



Low priced, but serviceable molded celluloid shields that are held tight to the windshield by adhesive tape which is furnished with each shield. **Postpaid if part of $2.00 order.**

28K6282—Attach by tape. Size, 6½x13½ in. Shpg. wt., 3 oz. **35c**
28K6283—Size, 6x20 in. Shpg. wt., 4 oz. **48c**
28K6284—Size, 10x20 in. Shpg. wt., 6 oz. **69c**
28K6285—6x36 in. Shpg. wt., 1 lb. 8 oz. **$1.08**

Adhesive Tape

28K6281—For securely attaching Molded Celluloid Anti-Frost Shields to window or windshield. Roll 14 ft. long, 1 inch wide. Shpg. wt., 4 oz. Per Roll. **Postpaid if part of $2.00 order or more** **19c**

Windshield Defroster

—Heat penetrates glass, melts frost and windshield wiper can work.
—Clears space, 10¾x4½ in.
—Strong frame, clear glass.

Positive clear vision, regardless of snow, ice, sleet or frost! Illustration shows reverse side to show detail. Attaches by vacuum cups at either end, on inside of windshield. Connects to ammeter. Uses 4½ to 5 amp. **Postpaid if part of $2.00 order.**

28K5005—Shpg. wt., 1 lb. 12 oz. **$1.79**

New! Anti-Sleet Wiper Blade

Alcohol absolutely prevents the formation of sleet and ice on your windshield. The Ever-clear wiper arm has a felt wick that is fed with alcohol from an aluminum reservoir. It will keep your windshield clean in all kinds of storms, and need be filled with alcohol only during sleet storms. **Postpaid if part of $2.00 order.**

28K5000—Shpg. wt., 4 oz. **69c**

Low Priced Frost Melter

The heat penetrates through glass and melts frost or sleet and permits windshield wiper to work freely. Attaches by vacuum cups to inside of windshield. (Illustration shows detail of reverse side.) Plugs in at dash socket; complete with wire and plug. Low priced safety! **Postpaid if part of $2.00 order.**

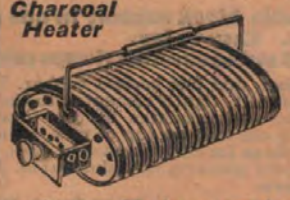
28K5004—Shpg. wt., 5 oz. **22c**

LEK-TRO-HOT Motor Heater

Uses low rate of house current to keep water in radiator and water jacket warm while car stands in garage. Simple, practical and inexpensive. Just plug in dash at night—next morning car starts readily as in summer. All fittings, connections, parts, and instructions furnished. **State size of your radiator hose.** (1¼, 1½, 1¾, 2, 2¼ in.)

28K9956 Complete, **Postpaid** **$2.45**

Make Winter Driving Safe and Comfortable



79¢ PER GAL.

CROSS COUNTRY completely Denatured Alcohol is the very highest quality—188 proof, made according to Forumula No. 5, endorsed by the U. S. Bureau of Standards. For all makes of water cooled automobiles. Will not damage hose connections, gaskets or any part of your motor or cooling system. Half water and half **CROSS COUNTRY** Alcohol protects you at 20° below zero! **Not Mailable. Shipped Not Prepaid, by freight or express, from stock.**

28KM4760—1-Gallon can. Shipping weight, 9 lbs. **79c**

Charcoal Heater

This efficient 14-inch Heater occupies little space, but gives enough heat with one filling to keep the car warm for 12 hours or longer. Just ignite block of charcoal, put in center drawer and forget about it. Absolutely no smoke or fumes. Ideal to carry for use at football games and all winter sports.

28K9973—**Postpaid** **$2.59**

28K9971—**Charcoal** for heater. Comes in box of 12 bricks. Per box, **Postpaid if part of $2.00 order.** Shpg. wt., 7 lbs. 5 oz. **$1.00**

Boss 3-Way Freezometer

Float indicates the temperature at which you are protected. Three scales, one for **alcohol**, one for **glycerine** and one for **Prestone.** For Sears Super Service tester see above. Play safe—make sure your motor is protected against freezing. **Postpaid if part of $2 order.**

28K4755—Shpg. wt., 1 lb. Each **49c**

VERTICAL BLADE RADIATOR SHUTTER

Your motor will perform much better with one of these efficient shutters. Regulates perfectly the temperature of circulating system for the best driving conditions. Made of cold rolled steel with a beautiful black enamel finish. Easily attached—no holes to drill. Control clamps to dash. Finest workmanship. Complete with all necessary fittings. Note our remarkably low prices. **Postpaid.**

Long Wearing Rubber Floor Mats

65c And Up

Made Oversize So Mats Can Be Trimmed

Rubber prices are low—we give you full advantage of them here.
—Extra tough, pliable *black* rubber; in one piece.
—Non-slip surface. Easy to lay.
—Keeps motor heat out in summer; keeps cold out in winter.

Two styles; all rubber, and felt backed rubber. The under side of the felt back mat is soft felt, tightly cemented to the extra tough rubber mat; wears longer and insulates better. Made oversize with wide borders—just lay old mat on top of new, trim new mat to the same size, and cut openings for pedals and gear shift. Universal sizes are an attractive all-over pattern, not illustrated. **Postpaid if part of $2.00 order or more.**

OPEN *with* DOOR SIDE CURTAINS FOR "T" AND "A" FORDS

We recommend these low priced side curtains for your Ford.

Have clear vision through wide, heavy windows of excellent quality transparent celluloid. They give the convenience of a closed car in getting in or out. Curtains on the right side open and close with the doors and are held firmly by special door rods. No rods are included with curtains for 1926 to '31 models; use rods furnished with car. Curtains made of same material as Ford car rubberized cloth curtains —all seams strongly reinforced. Easy to attach. Complete with all fittings except rods for 1926–31 Models as stated above. Fit standard models only—not for Sport and Deluxe types or for Trucks.
Postpaid.

BE SURE TO READ BEFORE ORDERING

Gold Crest Seat Covers are easy to put on and will fit *perfectly* without altering, but we must know *exactly* the model of your car. To be *SURE*, give us this information:

1. Order by proper catalog number.
2. State body style—Coupe, Coach (2-door Sedan) or 4-door Sedan.
3. MAKE, YEAR, MODEL, NUMBER of CYLINDERS AND SERIAL NUMBER of your car. If in doubt, see your STATE LICENSE Card.
4. ALSO, WHEN ORDERING FOR MODEL "A" FORD:

(A) FORDOR SEDAN—Give year. Measurements of rear door glass at widest point, from felt to felt. State whether it has adjustable front seat. State number of side windows. Shipped from factory in 5 to10 days.

(B) 1931 COACH—State whether car has arm rests. Shipped from factory in 5 to 10 days.

We Can Furnish "Peerless" and "Spic and Span" Quality GOLD CREST Seat Covers for Coupes, Coaches, and 5 passenger Sedans for These Cars and for All Models of Ford and Chevrolet

28K9532—1-qt. can of filler, refill for any pump type extinguisher. Shpg. wt., 4 lbs. 12 oz. Postpaid if part of $2.00 order.... **98c**

The *NEW* CROSS COUNTRY Battery

❶ Starts Quicker

Has 50% greater cold weather starting capacity than our former Peerless, at no loss of long battery life!

❷ Delivers Greater Volume of Power

Our high plate type batteries have 10% greater plate area than regular type batteries.*

Months of research, new designing, improved methods of manufacture . . . all go into this great *New* Battery! It's not "just another battery" under a new name. We had to be sure of a superior product before we could name it **CROSS COUNTRY**. . . . *You* can be sure that anything at Sears that bears this famous name represents Quality through and through!

You'll notice the difference with the **CROSS COUNTRY** Battery when you step on your starter on a cold morning and get that ready response that spells starting POWER, and lots of it! You'll notice, too, how it continues to deliver and to *Stand Up!* Order Now and be sure of long trouble-free battery service.

***CROSS COUNTRY SUPER for Model A and V8 Fords and CROSS COUNTRY 7, 13, 15 and 21 plate batteries have standard type plates.**

❸ Lasts Longer

New exclusive plate formation and specially processed oxides give these batteries longer life!

❹ Gives Trouble-free Performance

55 separate rigid inspections are made on each CROSS COUNTRY battery before it is offered to you.

BATTERIES SEE LISTINGS AT RIGHT....

Famous WLS Low Priced BATTERY

GUARANTEED 12 MONTHS

- Each cell has 13 plates, not 11 as sometimes found in other low priced Batteries.
- Pure Antimony-lead grids.
- Pure plate materials.

WLS Batteries beat all competition in low price and quality! Each of the 3 cells has 13 plates instead of 11, sometimes found in batteries near this low price.

13 PLATE $4.85 All Styles

Size, 7 in. x 9 in. x 9¾ in. Shpg. wt., 50 lbs. *Not Mailable. Shipped Not Prepaid from cities as stated below.*

28KM53⅓—Standard Type (6-volt) $4.85

28KM42⅓—*Special* No-handle type for FORDS, Model "A" 1928-32 and V-8, 1932 (6-volt) 4.85

- 10% longer life than our former PEERLESS.
- Port Orford Cedar separators.
- Pure and strong Antimony-lead grids.
- Purest plate oxides.

13 PLATE $5.55 And Up

CROSS COUNTRY SUPER

GUARANTEED 24 MONTHS

- Double Insulated with hard rubber and Port Orford Cedar separators.
- Acid-resisting composition case.
- 50% greater cold weather starting capacity than our former SUPER PEERLESS.
- 10% longer life than our former SUPER PEERLESS.
- New LARGER Antimony-lead Plates.
- Specially processed active oxides.

13 PLATE $7.90 And Up

Special NO-HANDLE Design

Some cars use this special *No-handle* type battery (as illustrated to the left) instead of the standard type with high handles. If your car requires this type, the **CROSS COUNTRY** High Starting Capacity Battery or **CROSS COUNTRY SUPER** Battery you order will fit perfectly. WLS Batteries are available in this style for FORDS and CHEVROLETS (as listed above). *When ordering a battery for your car, give catalog number of battery, make, year, model and serial number of your car. Your SEARS battery will fit and give perfect service.*

Do You Need New Battery Cables? See Page 533

Send Your Battery Orders to:

PHILADELPHIA, PITTSBURGH, BOSTON, WINSTON-SALEM, N. C., CHICAGO, KANSAS CITY, DENVER or MINNEAPOLIS—whichever is nearest you. Shipments will be made from above points or from factories in NEW YORK, MILWAUKEE, DETROIT, CINCINNATI or ST. LOUIS—in order to SAVE YOU MONEY on transportation charges. Batteries are *unmailable*. Shipped by Freight or Express, *Not Prepaid*.

SAVE ⅓ ON GENUINE MAZDA BULBS

We can save you from 4 cents to 20 cents each on Mazda bulbs for every lighting need on your car. Have a set of extra bulbs on hand for emergency use . . . some states require this safety precaution by law. Bulbs Postpaid if part of $2.00 order or more.

The lamps at left below will replace those on your car. If you want brighter lights, see our SUPER G. E. Mazda bulbs directly below. MAZDA numbers stamped on each bulb. For use on 6 to 8 volts except 28K733.

8c EACH And Up *Postpaid if Part of $2.00 Order or More.*

Get ½ to ⅔ More Light With Super G/E. Mazda Lamps

Be ready to meet the emergencies of night driving with MORE LIGHT!! SUPER Mazda bulbs have greater candle power than the regular Mazda bulbs and replace regular Lamps in your car. For example, Mazda No. 1133—gives 52% more light, has 11 more candle power, than Mazda No. 1129 used in the same socket. The greater safety of driving with brighter lights when you need them adds to the pleasure and comfort of driving.

Waste in Old Plugs Shown

Pay for your New Spark Plugs with the money you save on gasoline! Enjoy the new pep your motor will have with *New* Champion or A.C. Plugs. *Change* all your spark plugs *every* 8,000 to 10,000 miles!

Old spark plugs cause the **waste of one and one-half to two pints** of gasoline **per hour!** That's what automotive engineers of one of the outstanding spark plug manufacturers found out, when testing cars in the lower price group! Owners of larger cars will save gasoline, too!

18.68 Miles per Gallon

Another test showed that an average of 18.68 miles per gallon is obtained with new plugs, as against 16.75 miles per gallon with spark plugs that had been in operation a little more than 10,000 miles. **The results of the test follow:**

Miles Per Hour	Miles Per Gallon Old Plugs	New Plugs
20	21.1	23.2
30	18.9	20.55
40	17.6	18.4
50	15.85	16.45
60	10.3	14.8
Average miles per gallon	16.75	18.68

The tests covered a long period of time and were made with a variety of cars.

SUPER CHROME VANADIUM STEEL WRENCH SET

GUARANTEED AGAINST BREAKAGE

We GUARANTEE to replace any SUPER TWIN HEX Chrome Vanadium Steel socket wrench that breaks in ordinary use.

27 PIECE SET **$6.95** Post Paid

Thin Nosed, Straight Walled

SUPER CHROME VANADIUM STEEL

12-Point . . . Won't "Bur" On Hardest, Tightest Nut or Bolt!

- ★ **Twin Hex Sockets and handles of SUPER CHROME VANADIUM Steel, especially heat treated to a toughness found in no other set.**
- ★ **Machined and finished with a care and accuracy that similarly priced sets elsewhere do not have.**
- ★ **Thin nosed, straight walled sockets—fit in hard to reach places . . . the type mechanics demand!**
- ★ **TWIN HEX (12 Point) Openings fit nuts and bolts in twice as many positions as Hex (6 Point) Sockets.**

Now, a Socket Wrench Set Guaranteed against breakage! Because of a special process in the heat treating of the steel used, these sockets are the toughest made, though thinner walled than ordinary sockets. Set includes, (A) 1 drop forged ratchet, super construction, no rivets or bolts used; (B) 1 speeder wrench, (C) 1, 11 1/2 in. FLEX Handle with 200 degree swivel top, (D) 1 screwdriver bit, 11 SUPER TWIN HEX sockets, 7/16 to 1 in. as listed below and sold separately, and a JUNIOR 12-piece Ignition and Carburetor Wrench set consisting of 10 SUPER HEX (6 Point) sockets, 1/4 to 7/16 in., one 5 in. handle, adjustable to offset, and 1, 4 5/8 in. rotator grip extension. "JUNIOR" in separate 7-in. long enameled steel box to fit pocket; 27-piece Set complete in round cornered, enameled steel box, 14 1/2 x 6 x 1 3/4 inches.

28K4899—27-Piece Set. Postpaid. **$6.95**

Valve Grinding Guide

For Model "A" Ford. Provides an accurate guide in grinding valves. Quick and easy to open for inserting and removing valve. **Postpaid if part of $2.00 order.**

28K9100—Shpg. wt., 3 oz..... **48c**

Valve Reseating Tools

—For valve seat sizes from 1 to 2 in.

Reseat the valves in your car with this accurate, smooth cutting tool. Consists of one 45° (degree) reamer cutting head of hard tool steel and four pilots; sizes, 5/16, 7/16, 3/8 and 13/32-in. diameter. Complete in hardwood box.

28K9271—Postpaid..... **$4.35**

Reamer Heads Only

To be used with pilots furnished in set 28K9271 (above).

28K9281—30° (degree) Reamer Head. Postpaid..... **$2.15**
28K9283—60° (degree) Reamer Head. Postpaid..... **$2.15**

Valve Seat Reamers

Will fit any size valve seat from 1¼ to 2¼ in. **45 degree head.** Removable blades. Four pilots, sizes 5/16, 3/8, 7/16 and 13/32 in. **Postpaid if part of $2.00 order.**

28K9290—Shpg. wt., 1 lb. 4 oz.. **82c**
28K9293—**Reamer Heads only. 30 and 60-degree angle,** to be used with pilots furnished in above set. **Set of 2.**
Shpg. wt., 1 lb. 8 oz..... **$1.25**

Valve Reseater for Chev. 6

Especially designed for the Chevrolet 6. High grade tool that gives quick results. **Postpaid if part of $2.00 order.**

28K9276—Shpg. wt., 10 oz..... **80c**

VALVE LIFTERS

For Model "A" and "AA" Fords

A specially designed valve lifter of high grade, nickeled steel. Automatic lock to hold valve spring while locking device is being removed. **Postpaid if part of $2.00 order.**

28K9489—Shpg. wt., 1 lb. 2 oz..... **73c**

For 4 and 6 Cyl. Chevrolets

Specially designed tool for Chevrolet 4 and 6 cylinder motors with overhead valves. Strongly built. Locks and holds valve spring while locking device is being removed. Priced for your saving. **Postpaid if part of $2.00 order.**

28K9490—Shpg. wt., 10 oz..... **47c**

For All Cars

Use a valve lifter to speed up the work of grinding or replacing valves. **Postpaid if part of $2.00 order.** 28K9487

28K9487—For most valves, including those of Model "A" Ford. Cadmium plated steel. Shpg. wt., 14 oz..... **35c**

28K6218—**"Thrift" Valve lifter.** (Not illustrated.) Shpg. wt., 12 oz..... **14c**

For All Cars

A high quality tool with two sets of jaws that will handle most cars with "L" and "T" head motors. First time sold at this low price.

Postpaid if part of $2.00 order.

28K9488—Shpg. wt., 1 lb. 8 oz..... **$1.19**

POWER SAVER PISTONS

MANUFACTURED WITH THE "SOCIETY ENGINEERS"

Your greatest assurance of quality in Sears **POWER SAVER** Pistons lies in this fact: They are made according to the specifications of the World famous Society of Automotive Engineers.

If you order pistons correctly, naming the make, year, model and serial number of your car, we guarantee they will fit properly. Each piston is made of high grade materials, accurately machined. The Aluminum Alloy Pistons, which we recommend because of their greater efficiency, are fitted with steel piston pins and the proper piston rings for use in your car. Send your order today!

HOW TO ORDER PISTONS

Give Cylinder SIZE, also amount of OVERSIZE, if wanted. *In all cases state* MAKE, MODEL, YEAR, SERIAL NO. of car, and Engine Number, also number of cylinders. *Check this with your State License Card.* If cylinders have been rebored *state* to what *oversize. State miles driven.*

To determine oversize, check cylinder diameter with micrometer, or determine size of piston and use thickness gauge to measure oversize wanted. Measure middle or bottom of cylinder, *NOT THE TOP.* For example: If your piston is stamped .005 and you insert a .005 thickness gauge between the piston and cylinder wall (Freely but not too tightly) you would require pistons .010 or Ten thousandths oversize.

ALUMINUM ALLOY PISTONS

Complete With* POWER SAVER *Piston Rings and Pins

- **Only ⅓ weight of iron pistons.**
- **Run cooler, carry off heat 5 times faster than iron, and reduce carbon in engine.**
- **Give faster pick-up, more pulling power, and more speed than iron pistons.**
- **Use less fuel than iron pistons.**

Furnished in Standard, .0025, .005 and .010 oversize. State size.

All Aluminum Pistons **Postpaid,** except 28K4514, Shipping Weight 1 lb. and **Postpaid if part of $2.00 order.**

POWER SAVER PISTON RINGS

HOW TO ORDER PISTON RINGS

State SIZE of ring, also amount of OVERSIZE, if wanted; also give MAKE, MODEL, YEAR, SERIAL NO. of Car, engine no., number of cylinders, and miles driven. *Check this with your State License Card.* Many cars use more than one width ring in each piston, *check this before you order.* Have the cylinders been rebored? If so, state to what oversize.

Stock Sizes of the Piston Rings Displayed Below

2⅝ by ⅛	3⅛ by 5/32	3⅜ by 3/16	3⅞ by ⅛
2 11/16 by ⅛	3⅛ by 3/16	3½ by ⅛	3⅞ by 5/32
2¾ by ⅛	3 3/16 by ⅛	3½ by 3/16	3⅞ by 3/16
2¾ by 3/16	3¼ by ⅛	3⅝ by ⅛	4 by 3/16
2⅞ by ⅛	3¼ by 3/16	3 11/16 by 5/32	4 by ¼
2⅞ by 3/16	3 5/16 by 5/32	3 11/16 by 3/16	4¼ by ¼
3 by ⅛	3 5/16 by 3/16	3¾ by ¼	4½ by ¼
3⅛ by ⅛	3⅜ by ⅛		

Order Standard size or .0025 oversize rings if car has *original* Pistons and driven *up to 15,000 miles.* Larger oversize rings should be ordered if mileage is greater or if rings were replaced with an oversize at 15,000 miles. .010 oversize rings may be required at 30,000 miles. Rings *too large can be reduced by filing ends.*

Now, you can have new pep and speed for your motor yet save more than HALF what you would ordinarily pay for such good rings! We recommend this ring arrangement: Oil distributing in bottom and Quick Seating Oil Compression rings in other grooves.

NEW RINGS—NEW MOTOR PEP
BETTER BECAUSE

- Made of the finest grade gray iron —individually cast.
- Correctly heat treated to withstand the heat and friction inside the cylinder.
- Guaranteed to be of highest quality and to fit perfectly if correct size is ordered.

8c EACH And Up

OIL DISTRIBUTING RINGS

USED IN BOTTOM GROOVE

17c EACH

Scraper edge of oil groove wipes surplus oil from cylinder wall and it drains through notches in ring and holes in piston back to crankcase. Greater saving for you on gas and oil, by using these high grade rings. Makes the perfect combination when used with Oil Compression Rings, described on this page. Shipping weight, each ring, 3 oz. **Postpaid if part of order of $2.00 or more.**

See HOW TO ORDER directions at top of page. Order by Ring Size, or state make, year, model and serial number of your car.

28K3712—.010 Oversize. Each **17c**

OIL REGULATING RINGS

USED IN BOTTOM GROOVE

16c EACH

Eight slots inside of ring return surplus oil to crankcase through holes in the piston. This type ring nationally known and sold for 85 cents elsewhere. This type is standard equipment on many automobiles. Works on a sound engineering principle. The Oil Regulating Ring is usually used in the bottom groove, in combination with other style rings described on this page. Shipping weight, each ring, 3 oz. **Postpaid if part of order of $2.00 or more.**

See HOW TO ORDER directions at top of page. Order by Ring Size, or state make, year, model and serial number of your car.

QUICK SEATING *OIL COMPRESSION RINGS*

USED IN ALL GROOVES

12c EACH

Groove in face of ring cut at an angle. On down stroke of piston, it draws surplus oil back toward the crankcase, preventing excess oil working up past piston. Our Most Popular type. Recommended for use in all grooves of piston, especially in engines that pump oil. A high quality, step cut ring that will save you many times its cost in oil and gasoline saved! Shipping weight, each ring, 3 oz. **Postpaid if part of order of $2.00 or more.**

See HOW TO ORDER directions at top of page. Order by Ring Size, or state make, year, model and serial number of your car.

QUICK SEATING *PLAIN COMPRESSION RINGS*

USED IN UPPER GROOVES

8c EACH

Guaranteed to be the equal in every way to original equipment, individually cast and of uniform hardness. A set of these designed for quick seating and perfect seal will improve your motor. Used with other type rings shown on this page, the usual combination being, this type ring in top grooves of piston and Oil Regulating or Distributing Ring (shown on this page) in the bottom. Shipping weight, each ring, 3 oz. **Postpaid if part of order of $2.00 or more.**

Sealflex FLEXIBLE OIL CONTROL RINGS

29c EA.

Cure Oil Pumping and Piston Slap

As part of Our National Shopping Program, we bought rings similar to our Sealflex Oil Control ring, from Auto and Accessory stores in all parts of the country. The typical examples shown below definitely prove that our prices save you from one third to over half!

New Orleans, La.....40c each
Rochester, N. Y.....50c each
Seattle, Wash.....40c each
Ogden, Utah.....75c each

Install a set of SEAL-FLEX Rings in your motor and save the expense of reboring or honing, restore the original power, enjoy new car pick-up and economy of operation. SEAL-FLEX Rings eliminate the factors that shorten motor life. SEAL-FLEX Piston Rings come in two styles: the Compression Ring, for use in top piston grooves, designed to hold and control the piston and to keep piston from wearing cylinders out of round; and the Oil Ring, for use in bottom groove, which prevents oil from reaching combustion chamber. Use both styles of SEAL-FLEX Rings in your engine. Standard rings expand up to fourteen thousandths oversize. If your motor has been rebored, specify size; otherwise, no oversize is necessary. **Each ring is furnished with a spring steel inner ring which maintains equal tension on cylinder walls at all times. Postpaid if part of $2.00 order.**

28K3700—Compression SEAL-FLEX Ring. **Order by size. If you do not know proper size, state make, year, serial number and model of your car.** Shpg. wt., 3 oz. Each..... **29c**

28K3701—Oil-Groove SEAL-FLEX Ring. **Order by size.** Shpg. wt., 3 oz. Each..... **29c**

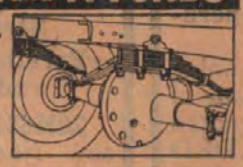
HELPER SPRINGS for "AA" and "A" FORDS



Semi-Elliptic Type *For Model "AA" Truck*

Carry 2 Tons Extra.

28KM18010¼—Fit 1928–31 Short (131-in.) and 1928–30 Long (157-in.) Wheelbase. Tapered frame. Per pair. Shpg. wt., 80 lbs. **$10.95**

28KM18012¼—Fit 1931 (157-in.) Wheelbase. Straight frame. Per pair. Shpg. wt., 80 lbs. **$10.95**

Not Prepaid.

Cantilever Type *"AA" Truck Carry 1 Ton Extra.*

28KM18007¼—Fit 1928–31 Short (131-in.) and 1928–30 Long (157-in.) Wheelbase. Tapered frame. Per pair. Shpg. wt., 90 lbs. **$10.95**

28KM18009¼—Fit 1931 (157-in.) Wheelbase. Straight frame. Per pair. Shpg. wt., 90 lbs. **$11.45**

Not Prepaid.

Cantilever Type For Model "A" Truck

Carry ¾ Ton Extra

For Ford "A" 1928–31 Sedan Delivery and Pick-Up Delivery Truck for hauling heavy, compact merchandise. Fit all Ford "A" Passenger Chassis. For Panel Bodies with long overhang, these helpers eliminate side-sway and maintain road balance.

28KC18013¼—Shpg. wt., per pair, 40 lbs. Not Prepaid. **$7.98**

Auxiliary Front Spring for 1930-31 Model "AA" Trucks

Fit your 1930-31 Model "AA" FORD Truck with an auxiliary front spring that prevents side sway and reduces wear and tear due to excessive front spring deflection. Easily installed, no drilling Shpg. wt., 16 lbs. **Not Prepaid.**

28KC13072¼—For 13 or 14-leaf springs (2¼ in. wide.) Each. **$3.15**

HELPER SPRINGS for CHEVROLET Trucks

Underslung Type *For 1½ Ton Truck*

Carry 1½ Tons Extra

Carry heavier loads without frame distortion or danger of rear-end damage. Easy to install. Complete with fittings and full instructions. For all Models, 1927–32.

28KM18005¼—Per pair. Shpg. wt., 106 lbs. Not Prepaid. **$14.95**

Auxiliary Type *For 1½ Ton Trucks*

Carry 1½ Tons Extra

Permits carrying of heavy loads without danger of rear-end damage or frame distortion. Easily installed. For all models 1927–32. Complete.

28KM18004¼—Per pair. Shpg. wt., 82 lbs. Not Prepaid. **$9.85**

Cantilever Type for Light Del. Truck

Carry ¾ Ton Extra

Permits moderately fast driving over rough roads. For all models 1928–32 Light Delivery and all Chevrolet passenger chassis.

28KC18006¼—Per pair. Shpg. wt., 45 lbs. Not Prepaid. **$7.90**

..DON'T TAKE CHANCES!

Buy CROSS COUNTRY Brake Lining

CROSS COUNTRY SUPER-FLEX MOLDED FOR ALL BRAKES

All the advantages of woven and full molded lining are combined in **CROSS COUNTRY** Super-Flex—the ideal lining! Present day traffic, high speeds on small circumference tires put brake lining to a greater test than ever before. Of all the linings we have examined, **CROSS COUNTRY** Super-Flex Molded Lining performs best. Replace worn brake lining with **CROSS COUNTRY** Super-Flex for Safety's Sake. For internal and external brakes. You save money and get better lining in **CROSS COUNTRY.**

For Steeldraulic brakes, we recommend "STOPLIGHT" Full Molded, shown below at right.

Postpaid if part of $2.00 order or more.

STOPLIGHT FULL MOLDED

For All Internal Brakes

—Molded in a solid mass, non-compressible.

—Uniform braking strength per square inch.

—Won't break down at high temperature.

A long wearing, "velvet braking" lining free from drum-scoring troubles. Made of best materials, thoroughly impregnated with compound. Our FULL MOLDED **"STOPLIGHT"** linings bring you these qualities at Great Saving! Only the best asbestos, graphite and rubber compound go into the making of **"STOPLIGHT"** FULL MOLDED Lining.

For all internal brakes, except cars equipped with steeldraulic brakes, as listed to the right.

Postpaid if part of $2.00 order or more.

Easy-On BRAKE SETS WILL SAVE YOU ½

For 1922 to 1928 CHEVROLETS

Good brakes are the first essential of safe driving. Take no chances. Install a pair of these Easy-On Lined Brake Bands and you'll drive with more confidence.

Cost but a trifle more than the lining itself, and you can install them quickly and easily. Perfect fit guaranteed. Two grades; either STOPLIGHT Woven Asbestos Brake Lining or **CROSS COUNTRY** Super-Flex Brake Lining. We recommend **CROSS COUNTRY** Super-Flex for longest wear. **Postpaid if part of $2.00 order or more.**

Lined With STOPLIGHT Woven Asbestos Lining

28K8810—Model 490, 1922-23. Shpg. wt., 5 lbs. 2 oz. **$1.35**

28K8811—Superior, 1924. Shpg. wt., 6 lbs. **$1.38**

For Model "A" FORDS

Lined With CROSS COUNTRY Super-Flex Lining

The most satisfactory and economical way to renew the brakes on your model "A" FORD is to replace the entire old worn shoes.

Four shoes to a box, enough to replace the front or rear brakes of your car. If all 4 brakes need replacing, order two outfits. Two different grades, faced with either our **CROSS COUNTRY** Super-Flex or STOPLIGHT Full Molded lining. For most satisfactory and longest service we recommend the **CROSS COUNTRY** Super-Flex kind.

4 Faced Shoes

28K8786—With STOPLIGHT Full Molded. Shpg. wt., 5 lbs. 8 oz. **Postpaid if part of $2.00 order or more.** **$1.60**

28K8797—With **CROSS COUNTRY** Super-Flex. **Postpaid** **$2.50**

Punched and Cut Strips of Lining to Reface Old Shoes

Sufficient supply of rivets furnished. **Postpaid if part of $2.00 order.**

28K6481—4 Strips **CROSS COUNTRY** Super-Flex Lining and rivets. Enough for either front or rear brakes. Shpg. wt., 1 lb. 8 oz. **85c**

28K6513—8 Strips STOPLIGHT Full Molded Lining and rivets. Enough for all 4 brakes. Shpg. wt., 1 lb. 12 oz. **95c**

Lined Bands-Other Cars

Easily installed. Similar to those shown above. Fit rear unless otherwise stated. **Postpaid, except 28K8813, which is Postpaid if part of $2.00 order or more.**

Rates twenty percent lower than those established by other old line stock Insurance Companies—that's what ALLSTATE offers you! Simplified, direct methods of doing business together with the careful selection of risks, have made these timely savings possible.

You need not pay the full premium when you order your policy. ALLSTATE offers a convenient and exclusive easy payment plan. No interest or service charge.

There is no reason why every automobile owner should not be fully insured—with ALLSTATE making it so easy to obtain.

Security

No automobile owner can afford the extravagant risk of being unprotected—Not merely against fire and theft, but against those far more costly claims for Bodily Injury or Property Damage.

A single liability claim might sweep away all we have. And the future, too, may be mortgaged unless we have reliable automobile insurance to meet just claims and fight unjust demands.

ALLSTATE Automobile Insurance with its many exclusive features, including outstanding claim adjusting service, is the last word in protection for the automobile owner.

LIABILITY

PROPERTY DAMAGE

FIRE

Learn for yourself just what our low rates are for *your car*. You will realize that a single accident might cost you more than your ALLSTATE premium for ten years.

Last Year's Price ~~49.75~~

To any man intimately familiar with the manufacture of small firearms John M. Browning is a name signifying the finest.

The Browning Automatic illustrated on this page has always been regarded as his greatest achievement in an arm of this type. Sportsmen all over the world agree that it is not only the lightest, but the easiest handling, the most accurate and the best Automatic Shotgun ever built.

Refined Appearance and Beauty of Line

—Parts are fitted and adjusted by hand, which insures smoothest operation.
—The barrel guide ring forged in one-piece with the barrel.
—Holds 4 shells in magazine and 1 in chamber.
—Double extractors, one on each side of the breach block.
—The safety "That is safe," convenient and positive.
—Magazine cut-out, additional safety and greater convenience.
—Shorter receiver.
—Raised matted rib is hollow, therefor lighter.
—Stock and fore-arm hand checkered.
—Tested in Proof House of Belgian Government as well as tested and inspected according to Browning standards.

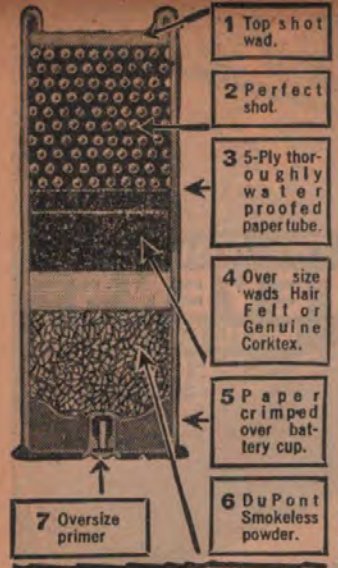
FIREARMS AND AMMUNITION NOT SOLD TO MINORS

LOWEST PRICED *Accurate Shooting* RIFLE *We Recommend*

22-Caliber Single Shot

Stevens No. 11 Junior Rifle

$2.98 Post Paid



—Round blued steel barrel 20 inches long, accurately bored and rifled.
—Equipped with bright metal knife blade front sight and flat top open rear sight.
—Stock is one-piece Military type with walnut finish.
—Thumb operated drop breech block with positive extractor.
—Steel frame single shot with dependable action.
—Takedown model.—Shoots 22 caliber short, long and long rifle cartridges.
—Not recommended for any but regular cartridges. Weight, about 2¾ lbs.

It is really an exceptional value at this low figure. **A year ago we sold this rifle at $3.98.** There are many rifles selling around the same price as this Stevens Junior but do not compare with this rifle. Thousands sold every year. Designed especially for the beginner.

6K209¼—Postpaid..... **$2.98**

ABOUT Lower Priced RIFLES

Sears, Roebuck and Co. do not recommend or sell lower priced rifles. We do not believe they are safe.

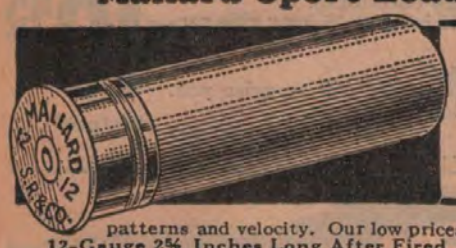
Our Ammunition Expert Says:

"NO BETTER AMMUNITION REGARDLESS OF PRICE"

DU PONT POWDER—Non-Corrosive Primer

Why Pay More Elsewhere?

Buying and selling many millions of shells annually enables us to offer you the highest grade ammunition at very reasonable prices.



This big and increasing volume is made possible by keeping faith with our customers, by delivering exactly what we represent, by offering the highest quality shells obtainable. Buying direct from manufacturer and selling direct to consumer means a big saving for you. We know you cannot buy shells of the same high quality as our Mallard, Pointer or Xtra Range anywhere at these low prices. Our ammunition is manufactured and quality guaranteed by one of the largest factories in America.

WE GUARANTEE that our manufacturers make our Sport Loads just exactly the same way as their own nationally advertised brands, which sell at much higher prices. Ammunition is Not Mailable. Not Prepaid.

Firearms and Ammunition Not Sold to Minors.

Xtra Range Sport Loads DuPont Smokeless Powder

25 12-GAUGE SHELLS FOR 82c

They Actually Increase Killing Range by 10 Yards

Uniformly Perfect

—High brass cup which protects the shell, keeps out moisture and adds to strength and safety.
—Genuine Du Pont Oval Progressive Burning Powder.
—Instantaneous ignition. —Non-corrosive primer.
—Powder used in 12-gauge, Sport Loads produces velocity equivalent to 3¾ drams of regular smokeless powder. Other gauges in proportion.

Each batch of powder is carefully tested for velocity and strength. Loading machines are scientifically adjusted to load shells with the exact quantity of powder, precisely the correct kind and amount of wadding, and correct weight of spherical and sized shot. Shells are waterproofed inside and out. Not Mailable. Not Prepaid.

TRAPPERS' NEEDS

Newhouse Fur Stretchers
—Large gauge rustproof spring wire.
—Adjustable hooks stretch fur in length and breadth, giving it perfect shape.
—Permits furs to dry in short time, as air circulates through them thoroughly and prevents molding.

Approved by trappers generally as the most satisfactory. Get more money for your furs by drying them in the right shape and full size. Many furs are ruined and much money is lost by careless handling, particularly by using makeshift fur stretchers with sharp edges which damage the fur. Shpg. wt. 5 lbs. 8 oz. Postpaid if part of $2 order.
6K5288—7¾x20 inches. Per dozen..... **$1.20**

One Finger Mitten
—For shooting and driving.
—Soft washable genuine buckskin.
—Knitted wool lining.
—Close fitting elastic web wrists.
6K787—Shpg. wt., 1 lb..... **$1.65**

Ranger Game Bag
—Khaki color canvas.
—Rubberized game bag and shell pockets.
—Construction insures absolute freedom of arms and gives that added second for the fast shots.
Sizes, 34 to 48. State size.
6K575 Postpaid **$2.59**

Most effective for Foxes, Wolves and Coyotes. Tightens automatically—cannot loosen.

—Only snare that is equipped with deerproof stop and non-slip lock and end tie.
—Special tempered stranded willow steel wire.
—Newhouse patented free running clamps.
—Special clamp for tree tie.
6K5253—For Foxes and Coyotes. Shpg. wt., 8 oz. Each..... **40c**
Dozen, Postpaid..... **$4.37**
6K5254—Heavier wire. For Wolves. Shpg. wt., 9 oz. Each..... **49c**
Dozen, Postpaid..... **$5.60**

Johnny Muskrat Knife
—Two sharp pointed 3-in. blades for skinning.
—3⅞-inch bone stag handle.
—Nickel silver bolsters. Brass lined.
6K7040—Shpg. wt., 3 oz..... **69c**
Stainless Steel Blades. Nickel silver linings.
6K7001—Shpg. wt., 3 oz..... **89c**

Boat Cushion or Life Preserver
—Filled with prime JavaKapok. Size, 15x15 inches.
—Covered with brown Spanish grain Dupont Fabrikoid.
—Keeps 250 pound person afloat about 24 hours.
—Approved by U.S. Government.
6K5709
Shpg. wt., 3 lbs..... **$1.19**

Marble's Rocky Mountain Rear Sight

Elevation can be changed by adjusting step. State name, model and caliber of your rifle.
6K677—Shpg. wt., 3 oz..... **87c**

TRAP for PROFIT and EARN $50 to $500!

Sta-Kawt New Spring Traps

SIMPLE—STRONG—SURE

An Innovation in the Trap Field
Easy Setting — Perfect Action

$1.59 PER DOZ. SIZE 1

- Spring is made of tempered steel with just the correct tension so that the trap will hold an animal without breaking the bones, thus preventing the animal from gnawing free.
- Quick and dependable.
- Will perform regardless of climatic conditions—no trigger to freeze or jam.
- Pan holds jaws.

New type of setting pan, insures easier setting, and due to the simplicity of construction it is next to impossible for the trap to clog.

We had this trap tested in all parts of the country by Professional Trappers, and their enthusiastic reports confirm our opinion that it is one of the finest traps made.

EACH 43c SIZE 2

We Pay Postage on Orders of $2.00 or More.

Double Spring—Plain Jaws

—Jaws that are wide spreading.

There is no danger of the game twisting free or gnawing its way to freedom when its shoulder is pinned in this grip that tightens with resistance. It is a triumph of man's ingenuity over animal cunning. While very low in price, they are durable, efficient and are fully guaranteed. Will perform successfully any place regardless of climatic conditions.

Oneida Victor Traps

—Single spring.
—Double jaws—wide spreading.
—Shoulder catch type.

This type of jaw catches the animal high on the leg and special double construction prevents animal from gnawing or twisting free. You can't go wrong if you buy Victor Traps.

Trappers!

..Let Sears Protect You in the Marketing of Your Raw Furs

Since 1925 we have been looking after the interests of American trappers by acting as their agent in the selling of their raw furs. This season, we again offer our Free Fur Marketing Service to all trappers. If you have never taken advantage of this service, learn now what it has done for others—and what it will do for you. Mail the coupon below for Johnny Muskrat's latest, and by far, best edition of "Tips to Trappers"—it's free. Besides containing full details of our modern method of raw fur marketing, "Tips to Trappers" tells you how to get more furs—how to sell for best results and other valuable trapping information. It also contains the names and addresses of all winners of last season's big Fur Show, and full information, including rules governing the FOURTH NATIONAL FUR SHOW.

Wherever you live, whatever you trap, you can make *more money* out of your trapping by letting The World's Largest Store help you market your furs. No commission—no handling charge for you to pay—our check represents the *actual amount* that your furs sold for and which every trapper who ships to Sears can depend on getting. Whether you are a customer of ours or not makes no difference. This service is offered free to all trappers.

Selling raw furs is no experiment on our part—1932–33 will be our eighth season of marketing raw pelts for many thousands of our customers and friends. *Full market value, honest grading and prompt returns are guaranteed you by The World's Largest Store.*

Before you ship another pelt, mail the coupon below for your copy of Johnny Muskrat's "Tips to Trappers." It's one of the most complete trapping books ever written and it's yours for the asking. *Send for it today.*

Sears Fourth National Fur Show
WILL BE DIFFERENT

How Many Times Has This Happened to You?

SCENE TAKEN FROM OUR FILM:
"The Valuable Enemy"

This Year's Fur Show will be entirely different from those we have held in the past. In accord with the popular demand from trappers, there will be daily awards for the best handled pelts received and sold between November 21, 1932, and February 6, 1933, at each of our six big fur receiving stations located at Chicago, Philadelphia, Memphis, Dallas, Kansas City and Seattle. All winners of these daily awards will be announced over the radio and their awards will be mailed to them *at once.*

There is no limit to the number of these daily awards any trapper can win. All pelts winning daily awards will also be eligible for the four big major awards that will be given at the end of the season. This new plan enables many more trappers to share in the awards—which they'll receive promptly after their furs have reached us. In determining the best handled pelts, the following standards will be considered by the judges: Condition, care and skill employed in skinning, drying and stretching. Neither the section of the country the fur comes from nor the kind or value of the skin will have any bearing on the awards. Don't fail to read the new rules governing the Fourth National Fur Show in Johnny Muskrat's latest edition of "Tips to Trappers."

Have You Seen It?

We have prepared for free distribution to County Agents, and all other community representatives a two-reel movie, "The Valuable Enemy." This 2,000 feet of film has proved to be extremely interesting to farmers, trappers, hunters and all lovers of wild life. Ask your County Agent or community leader to write Johnny Muskrat, care of Sears, Roebuck and Co. for full particulars, giving type of picture machine he has. We will loan him this film free—all he pays is the shipping charges.

[If you are a Sears, Roebuck and Co. fur shipper it will not be necessary to mail coupon as you will receive the new book when issued.]

TRAPPERS:
Keep Posted on The Fur Market

Know what's going on—know which furs are in best demand and when to sell for highest prices. You can do it by tuning in regularly for Johnny Muskrat's radio fur talks and market reports. See complete schedule in "Tips to Trappers."

Ship Your Furs to

Brighter than 32 Old Style Lanterns • Says Our Laboratory

Sears Improved STA-LITE Super White Lite

TWO-BURNER TYPE

$5.79 WITH BUILT-IN PUMP *Postpaid*

Compares with Lanterns Selling up to $8.50 Elsewhere

4 OUTSTANDING FEATURES

Lights instantly—No Generating Necessary
Simplified Tip Cleaner
Large Canopy Top
Improved Built-In Pump
Will Not Blow Out—Unaffected by Wind, Rain or Snow.

High Quality Mantles and Generators

6K4602—Extra mantles. 6 for 27c
6K4604—Extra mica globes... 59c
6K4606—Bell shaped generator..... 28c
6K4613—Akron Generator..... 28c
6K4609—Akron oversize with tip cleaner..... 47c
6K4623—Generator for 6K4618¼. Complete with tip cleaner..... 47c
Shpg. wt., above items, each, 2 oz. Postpaid if part of $2 order.

—Gives a white light—easy on the eyes—actually more brilliant and powerful than 32 old style lanterns.
—Instant lighting—light comes the instant flame is placed near mantles.
—New large generator with simplified tip cleaner; a slight turn of the handle cleans the generator.
—Canopy 8½ inches in diameter—new shape gives added reflection. Under side is enameled white, top dark green.
—Base of lantern dark green to match canopy.
—Strong mica chimney—no glass to break.
—Bail handle for carrying.

Furnished only with built-in pump. Burning ordinary gasoline the two mantles cost only one-third cent per hour to operate. **Lantern stands about 13½ inches high exclusive of handle.** Weight, 4¼ lbs. Gasoline container holds one quart, which will burn about 12 hours.

A lighting marvel of safety and brilliance for indoor and outdoor use. **Postpaid.**

6K4618¼—Sta-Lite Super White Lite..... **$5.79**

Justrite TRADE MARK Powerful Carbide HUNTING LAMP

For Hunting, Trapping, Frogging and Camping

ONLY "Rip Tested" GOOD ENOUGH for SEARS TENTS

All our tents are made of extra strength —Hard to Rip Canvas. A laboratory test showed the breaking strength of our 9.93 ounce canvas per inch to be: warp (lengthways), 131 pounds and filling (width) 119 pounds. Several other manufacturers' 9.93 ounce canvas which is sold as the same quality as ours, showed an average breaking strength warp 142 pounds per inch and filling only 71 pounds per inch. This better balance proves that the material used in our tents is of extra strength, Hard to Rip and will give longer and more satisfactory service.

$9.45 And Up COMPLETE

Special Features
Double Strength Hard to Rip Canvas
Seams Double Stitched
All Points of Strain Reinforced
Wide Eaves Protect Side Walls
All Ropes Spliced Into Galvanized Rings

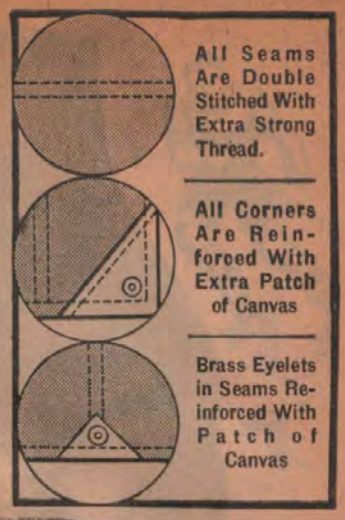
Sears Use the Strongest Canvas

Be Sure You Know the Actual Weight of Material Before Waterproofing



Sears Covers Meet Requirements of U. S. Government

All our covers are stamped with the actual weight of the material before waterproofing. You know just what you are getting. When making a comparison of prices, be sure to compare weight of material. A laboratory test showed breaking strength of our 9.93-ounce canvas per inch to be: Warp (length), 131 pounds, filling (width), 119 pounds. Other manufacturers' 9.93-ounce canvas per inch showed: Warp (length) 142 pounds and filling (width), only 71 pounds. Obviously our better balanced material is of Extra Strength and Hard to Rip. Every cover finished around the edge with brass eyelets and reinforced with extra material at all points of strain. Double stitched throughout. Ropes for tying included. Protect your machinery, grains, building material, or other property at a very low cost.

Canvas Covers Can Be Used Any Time— Any Place for Protection from Weather

Indispensable on the Farm

Cover or Tent Material By the Yard

—Canvas Used is Best Obtainable.
—For Making Your Own Covers for Hay and Grain Stacks, Farm Machinery, Building Material, Repairs and the Like.
Postpaid if Part of $2.00 order or more.

ARISTO

4 BIG FEATURES

①Stainless Steel Head
②Shock Absorbing Feature
③Chromium Plated Steel Shaft
④Best Grade Calfskin Grip

"Built to Improve Your Game"

These Aristo clubs have been designed and built according to scientific principles. Heads are ideal for the large sized ball; the blades are shorter and deeper which puts the weight in the proper place and makes the club much easier to control when swinging. Shock absorbing feature of red and black fiberloid on shaft near head. Each club is perfectly matched and balanced as to weight, length and feel. Postpaid.

FOR SMOOTHER, CLEANER QUICKER SHAVES USE A Twinplex STROPPER BEFORE SHAVING

Makes Gillette Blades Last Longer

Transforms the Daily Duty into the Daily Joy

For Sharpening Both Old and New Gillette Blades

Under a microscope, the edge of every blade shows an uneven row of tiny sensitive teeth. It is difficult to keep these teeth in perfect alignment for any great length of time. Strop them smooth just before using, if you want the coolest, cleanest shave.

BOOKS MADE POPULAR BY THE MOVIES

These are stories so exceptionally interesting that Hollywood chose them for feature pictures. A story just has to be good to make the movies! Some of the most talked about movies being shown this year are based on the books offered here and elsewhere on this page of wonderful fiction. "Skippy" and Frankenstein" are just two of many. Skippy you know, was played by that marvelous Jackie Cooper. A very human story. For spine-tickling thrills, read "Frankenstein." But they're all good! Make your choice. Any three books postpaid for $2.00.

Skippy—*Percy Crosby*
Sooky—(Sequel to Skippy)—*Percy Crosby*
Frankenstein—*Mary W. Shelley*
Strangers May Kiss—*Ursula Parrott*
Dr. Jekyll and Mr. Hyde—*Robert L. Stevenson*
Murders in the Rue Morgue—*Edgar A. Poe*
Strictly Dishonorable—*Joseph Weil*
Personal Maid—*Grace Perkins*
Cimarron—*Edna Ferber*
State titles wanted

ZANE GREY!

- More Popular than ever!
- Thrills, Fighting and Romance on the Western Frontier.
- Twenty-Nine of Zane Grey's "Best Sellers"

Sunset Pass

Trueman Rock, daring young rider, came back to the riotous cowtown, Wagontongue, after six years' necessary absence. He came back for a girl and immediately met another!—all of which led to two terrific gun duels. "Sunset Pass" is told with the sweeping force for which Zane Grey is famous.

3K754..... **67c**

The Shepherd of Guadaloupe

An exciting modern ranch romance. It is the story of a feud that is bitter as death and a love that is sweeter than life. Clifton Forrest returned home broken by War and achieved a glorious victory—proving that there's still room for adventure and heroism in the West of Today.

3K725..... **67c**

Fighting Caravans

Here is the raw, primitive West of the early pioneers. Amazing, electric, brave and bloody days that actually existed. Let them exist for you in the story of the two young people who were orphaned by an Indian raid, separated and cast adrift to wander the great frontier!

3K729... **67c**

These are fascinating pictures of the new and old west by a writer who knows this part of the country as does no other writer. Colorful and exciting Romances that appeal to women, men and boys. In fact, almost anyone will enjoy a Zane Grey book.

THRILLING STORIES OF THE GREAT WEST

Western Range Stories

Clarence Mulford
Bar 20 Rides Again
Hopalong Cassidy
The Eagle's Brood
The Deputy Sheriff
Coming of Cassidy
Bar 20 Days

State Titles Wanted

3K979—Each.. 67c

Clarence Mulford, Charles Alden Seltzer, Jackson Gregory, William Macleod Raine and many other well-known authors are represented among this stirring list of "Westerns." Perhaps the greatest story of the group is Will James' "Sand"—the story of a man and of a horse. Both had "sand." If you love horses, you will be thrilled by this magnificent story. Then there is "The Gay Bandit of the Border" by Tom Gill. This story was considered good enough even for the movies where it appeared as "The Gay Caballero." Scan this entire list carefully. We have included only "Best Sellers."

Any three Postpaid for $2.00. State titles wanted.

SAVE ON EASTMAN FILMS

Sears offer, at a saving, four types of Eastman film: (1) Kodak *Verichrome*, (2) Kodak "Regular" Non-Curling (N.C.), (3) Autographic and (4) Kodak *Verichrome* Film Packs.
For best results, we recommend *Verichrome* Film. *Verichrome* makes it unnecessary for people to face the bright light. For clear, detailed pictures, even in the shade, use Kodak *Verichrome* Film

Verichrome represents the greatest improvement in snapshot film since 1903. Its special, double coating of sensitive silver yields negatives of a beauty and richness hitherto unequalled; and in speed, *Verichrome* excels even regular Kodak Film, affording a greater independence of bright light and protecting the user against under-timing.

New Verichrome Film

There is no film "just like" Verichrome. You are maximumly assured of success when you use Verichrome. Best under poor light conditions; best at any time. 8 Exposures instead of 6 in the popular sizes.

Regular Non-Curling Film (N. C.)

Backed by Eastman's reputation for dependability. The famous film in the familiar yellow box. 8 exposures for the old price of six, in the popular sizes.

Verichrome

Cat. No.	No.	Each	Exp.	Film Size
3K6736	V127	26c	8	1⅝x2½

Kodak "Six-16"

Something New!

This latest Eastman Camera sets an entirely new style in camera design and construction. Inside and out it is a wholly new picture-taking instrument. To achieve its marvelous compactness, a new, smaller, all-metal spool was designed. Yet this spool carries eight exposures which you get at the price of six.

The Kodak Six-16 has a new hinged back and hinged spool sockets that make loading simpler, quicker. As you open the front of the camera, the lens mount snaps automatically into picture-making position—ready for action. A camera you'd like to own—and an ideal gift. Available in Black and Brown. State color wanted.

♦ Smallest Camera ever made for 2½x4¼ roll film.

The Popular "Columbia" Easel

This is an inslip style easel-mount in harmonious neutral tone combination equally suitable for white, buff or sepia tones. It is sturdily constructed and tastefully designed with an appropriate border around the arched picture opening. This type photo-mount finds immediate acceptance among those who prefer a distinctive photo-folder with the easel back feature.

Underwood Late Model No. 5

K Model Machine—Serial Numbers over 1,750,000.

Every one of these machines has been completely rebuilt and refinished by expert mechanics, then critically tested and passed as being in perfect operating condition. All working parts have been carefully adjusted for speed, accuracy, alignment and ease of touch. Bear in mind that these machines are not simply "fixed up" or repaired. They are completely rebuilt from the frame up. All worn or defective parts have been replaced with genuine brand-new Underwood parts—so that these machines not only look but operate like brand new Underwoods. Look at all these up-to-date features:

—4-row keyboard (*84 characters*)
—2-color Ribbon
—Back Spacer
—Rising Scale
—Ribbon Reverse
—Automatic release
—Shift Lock Key
—Tabulator
—Marginal Stops
—Paper Fingers

Send $5.00 today, together with the time payment order blank, or if you wish, the complete Cash Price, and use the machine for ten days. If at the end of this time you do not believe that this is the greatest typewriter bargain and that you have received a really worth while typewriter value, then send it back and we will return every cent you have paid. Postpaid.

Terms: $5.00 with order and $5.00 a month until Time Payment Price is paid. Use Time Payment order blank in back of Catalog.

YOUR CHOICE
$5 DOWN $5 A MONTH

There is a vast difference between "Sears *Perfection Rebuilts*" and ordinary "reconditioned" typewriters. A typewriter merely reconditioned is like a second hand car touched up only here and there. Sears *Perfection Rebuilts* are completely torn down to the frame—then

built up again. Metal parts, such as type, type bars and bearings are critically examined and worn parts unhesitatingly replaced by genuine new parts. All rubber (cylinder, finger rolls and feed rolls) regardless of con-

dition, is completely discarded and new live rubber installed. Even the frame is scoured clean and brightly re-enameled. All nickel parts are renickeled. Finally each machine is expertly reassembled and then tested to carry a new machine guarantee. No wonder "Sears *Perfection Rebuilts*" stand up under strain! They meet every requirement.

Remington No. 12 Typewriter

All the essential parts such as type bars, bearings, etc., that might show wear are replaced with brand new parts. All rubber parts including the important cylinder rollers have been refitted with live new rubber parts. The frames have had a new finish of enamel baked on and all nickel plates newly plated. In fact, these machines look and work like new typewriters. Accurately tested by experienced operators. Experts cannot tell them from a new machine.

Specifications

Standard 4-row keyboard. Writes 84 characters. Rubber roller takes paper 10½ in. wide and writes 8-in. line. Tilting paper table, paper release, stencil device, two color self-reversing ribbon device, marginal stops, ultra-rapid line spacer and lever back spacer key, new one key tabulator, paper fingers, envelope guide, centering scale, variable line spacer. All the features of a brand new machine.

No. 8 L. C. Smith Typewriter

The World's Only Ball Bearing Typewriter

The 640 ball bearings in the L. C. Smith typewriter are present at all points of friction and wear. The carriage runs on ball bearings and is rigid and firm—the type basket operates on ball bearings, thus giving the machine the lightest shift ever attained in a typewriter—the type bars are ball bearing and cause the easiest and most responsive touch!

A remanufactured typewriter that includes new model improvements! Completely rebuilt at the L. C. Smith factory.

1 **Ball-Bearing Type Bars.** Each has 15 Ball Bearings. They are made with the same care as the jewels in your watch.
2 **Non-Shifting Carriage.** Type bar shifts instead on ball bearings Makes possible rigid carriage essential to perfect alignment. Smith's Famous "Floating" Shift.
3 **Inbuilt Decimal Tabulator.** Five-key tabulator provides flexible writing machine, handling both correspondence and billing.
4 **Half Spacing.** Permits varied spacing of letters within lines of same length. Often saves rewriting.
5 **Non-Locking Type Bars.** Try striking all keys at once and see how type bars return to normal position.
6 **Interchangeable Platen.** Platen can be changed in 30 seconds. Special platens available for manifolding, card work, label writing and stencil cutting. One of many modern features.

Royal DeLuxe Model No. 10

A Precision-Rebuilt Royal is unlike any other rebuilt typewriter. Practically a new machine in everything except the serial number.

There are two things you need to know about a rebuilt typewriter. What kind of a machine was it originally and how thorough and how complete was the rebuilding job. **The DeLuxe Royal Rebuilt is a Model 10 Royal of recent manufacture.**

The DeLuxe Royal is furnished in two models, depending on the age of the original machine before rebuilding as shown by the serial numbers. Both models are completely rebuilt and carry a new machine guarantee. See actual sample of Pica and Elite Type and select the size type you want. **Postpaid.**

- 23 Year Reputation for Durability.

Sears, Roebuck and Co., this year, for the first time in Corona History, makes it possible for families anywhere in the U. S. A. to secure direct this high class product, heretofore sold only through exclusive dealers

Certainly a few dollars a month is not too much to invest in the future social and business welfare of every member of your family. It will help the children in their school work—if they are forced to go to work at an early age, a knowledge of typewriting will help them to secure a better job.

Everyone who has writing to do needs a Corona. It should not be considered as an expenditure, but as an investment. It is also a most appropriate gift for birthdays, weddings, graduation, holidays, and other events.

Hand writing is a thing of the past in business—and now social leaders use Corona for all social correspondence, except for the most formal invitations. Coronas are beautiful in appearance. Supplied in black with black rippled panels or black with rippled gold finish panels, also green or maroon with stippled panels. Good to look at—easy to operate!

BENEFITS THE ENTIRE FAMILY

$4.95 DOWN and $5.00 a Month

STANDARD KEYBOARD SAME AS USED ON ALL OFFICE TYPEWRITERS

CORONAS have been used for years by such prominent writers as Albert Payson Terhune and Edgar A. Guest. Practically all sports writers and war correspondents use the Corona. Hundreds of famous people have carried Coronas around the world—Theodore Roosevelt carried one to Africa. Coronas have been carried over deserts and dropped in the sea, but always come up in good working order, seldom need repairs and stand a world of abuse.

THE PRICE is only $49.95 cash, including the Combination Case and Instruction Book; or if you prefer, use the time payment order blank, sending $4.95 with your order and pay only $5.00 a month until paid in full. Order Now!—try the machine for ten days. If you are not perfectly satisfied, return the Corona and we will refund all the money you have paid. Coronas carry a one-year guarantee against defective material and workmanship.

This line is written in Standard "Pica" size type

Without Extra Charge

This Attractive Combination Week-end Bag and Carrying Case

Efficient Corona protection and a final touch of smartness. At the same time a fitting companion to the finest hand luggage.

When Corona is left at home this case serves as an attractive week-end bag or overnight case. It will carry necessary clothing and toilet requisites for short trips.

(Clothing not included)

PORTO-RITE PORTABLE TYPEWRITER

With Tabulator Key

$4.95 DOWN $5 A MONTH

This is the brand new, genuine Porto-Rite Portable Typewriter with tabulator key made by the Remington Typewriter Company especially for Sears, Roebuck and Co. With all its superior features, this Porto-Rite saves you approximately $25.00.

You can use the Porto-Rite Portable anywhere—set it on your knees if there is no table handy. It weighs only 11½ lbs. and its baseboard serves as a substantial table. The Porto-Rite will do practically everything a big standard office typewriter will do—yet it has the convenience of portability. Included with each machine is a sturdy carrying case with handle; a type brush and an instruction book. Your choice of three colors. **Green, Black or Blue.**

We guarantee the Porto-Rite Portable for one year against defective material and workmanship. If returned during that time to any branch of Sears, Roebuck and Co. any broken parts will be replaced and the machine properly adjusted without charge.

Send Only $4.95 Now for 10 Days' Trial

Use time payment blank in back of catalog. If after 10 days you are not perfectly satisfied in every way, return the Porto-Rite and we will refund all you have paid.

Remember!—the Porto-Rite has the standard 4-row keyboard and exclusive Remington Tabulator Key. An investment in a Porto-Rite is an investment in personal efficiency and genuine economy.

Standard Pica Type only. Shipped to you Postpaid.

FOLD IT UP· TAKE IT WITH YOU CORONA SPECIAL

$2.95 DOWN

THEN ONLY $4 A MONTH UNTIL PAID

Compact Folding Model With Simplified 3-Row Keyboard
Lightest Weight Portable—6½ Lbs.—
Strong Sturdy Construction

Corona Special sold for years at $50 and more recently at $39.50. Now offered by Sears at the amazingly low price of $29.95. Over 600,000 people paid $50 for these machines.

Here is your chance to own one of these BRAND NEW Genuine Corona Specials that you have wanted at the LOWEST PRICE ever offered. Complete in every detail with two color ribbon, margin release, stencil cutter, solid one-piece aluminum frame, self spacing carriage return, 100 per cent visibility, wide carriage for holding No. 10 envelopes and full size business letter-heads.

Corona established its reputation on this model. There is no more durable typewriter made or one requiring as little adjustment. Ideal for the hard knocks of travel or for use by children.

The arrangement of the letters is exactly the same as on standard office machine—shifting for figures is the only operating difference. Has one shift for capitals and another for figures.

Supplied in black or black and gold color, including carrying case and instruction book. **Postpaid.**

MOSLER ALL STEEL SAFES

Largest Safe and Vault Manufacturer in the World

Built in accordance with United States Government specifications for good quality safes (Class "B" or 2 hour safes) and bearing manufacturers 2 hour label which is an assurance these safes pass these high test qualifications.

Copy of the 2 Hour Label — MOSLER 2 HOUR SAFE — *These Safes Carry 2 Hour Label*

"B" grade safes are much better than "C" grade and withstand double time heat resistance (2 hours instead of 1 hour) at even a higher temperature, still preserving its contents intact.

Fire Exposure Test: Safe must withstand two hour exposure to heat reaching 1,850 degrees F.

Drop or Impact Test: Safe is heated for one hour and while in red hot condition is dropped thirty feet on bed of broken rock, etc. Safe is placed back in furnace for one hour at high temperature.

Explosion Test: A very intense flame is applied in such a manner as to subject insulation of safe to severe reaction. If any dangerous gases are present they will explode inside the safe.

—The Latest and most modern construction.
—Electrically welded throughout.
—3 tumbler—Non pickable Mosler combination lock. All our safes carry Underwriters Laboratories' relocking device label.

Mosler safes must be good to meet all the above requirements.

Important!

Underwriters' Laboratories' Relocking device label entitles you to a 10% reduction on burglary insurance.

We can furnish larger sizes than listed here. Write for safe circular P9792K. Safes shipped Not Prepaid from Hamilton, Ohio.

"Approved" RUSSIAN MINERAL OIL

(REG. U. S. PAT. OFF.)

- Absolutely safe and sure.
- Tasteless and odorless.
- Easy to take as water.
- Non-fattening.
- Not a laxative—simply a lubricant.
- Non habit-forming.
- For children as well as adults.

"Approved" American Mineral Oil

An extra-heavy bodied pure, tasteless, colorless and odorless oil of wide public recognition. (Not illustrated.)

1-pint—16 oz.
Shpg. wt., 3 lbs. 7 oz. ea.
8K276 Each..... 57c
2 Bottles for $1.10

"Approved" MINERAL OIL
Equal to Nationally Advertised Brands Offered at Considerably Higher Prices

In actual laboratory tests of "Approved" Mineral Oil against nationally advertised brands it was conclusively proved that our oil equals the best. In fact, the test for viscosity, showed that "Approved" Oil is slightly heavier than the other brands tested, which, in the opinion of many doctors makes it a more desirable product as an intestinal lubricant. Our oil met every requirement of the **U. S. Pharmacopeia, the same as nationally advertised brands, yet our prices save you real money.**

The radiant health of youth is the reflection of an internally clean system. Sallowness, lack of appetite, loss of vigor and ambition, skin blemishes, etc., are not usually so much a condition of age, but a condition of intestinal sluggishness. Restore the regularity of youth and you will enjoy a return of health and beauty. Assure yourself of intestinal cleanliness by using Nature's method—mineral oil. "Approved" Mineral Oils, are, in our opinion, the highest quality obtainable. They are absolutely pure clear, tasteless and odorless. They are heavy bodied lubricants which gently, but thoroughly oil the intestinal tract, carrying off harmful food wastes. Mineral Oil is non-habit forming, non-fattening and easy to take. Doctors, more and more are recommending the use of Mineral Oil for infants and children as well as adults.

Despite its high quality "Approved" Russian Mineral Oil is much less expensive than nationally advertised brands. Our laboratory tests have proven the superiority of our products, yet we have priced them so much lower than competitive brands that you cannot overlook the savings we offer you. Buy "Approved" Mineral Oil and you will surely put your own stamp of approval on them.

"Approved" Milk of Magnesia
—Genuine U.S.P. Quality.
—Full 16 oz. bottle—not 12 oz.
—Easy to administer, pleasant to take and harmless.

We offer you U.S.P. Milk of Magnesia, as fine a product as we can obtain, at a great saving in price. Compare the price of our Milk of Magnesia with that of others and remember that ours is **16 ounces, a full pint,** instead of the usual **12 ounce** bottle.

"Approved" Milk of Magnesia is a concentrated liquid magnesia—odorless and almost tasteless. Used by children and adults as an anti-acid, corrective and laxative; also as a dentrifice to protect the teeth and neutralize mouth acidity. Shpg. wt., 2 lbs. 12 oz. each.

Feel Better—Look Younger
Use Mineralax

- Mineral Oil and Agar Emulsion.
- Pleasant to taste.
- Has less tendency to leakage than plain oil.

Shpg. wt., 3 lbs. 4 oz. Each

Be clean internally—your enjoyment of life's charms, your appearance, your mental brightness all depend on it. Thousands upon thousands are not so fortunate as to enjoy intestinal cleanliness naturally and for these Mineralax is the ideal treatment. Mineralax supplies the necessary lubricant for the intestinal tract—mineral oil—which makes it possible to rid the system of accumulated waste matter—**regularly, easily, normally.** And yet despite its high percentage of finest quality mineral oil, Mineralax has no oily taste. Because of this feature it is growing in popularity daily. There are countless number of people who cannot take the plain oil, and for these especially, Mineralax comes as a real blessing. **Regular $1.50 value. 16-oz. size.**

Psyllium Seed
The Natural Food Laxative

—100% high grade Black Psyllium.
—Treated to remove all impurities.
—Furnishes roughage and lubrication required by bowels.
—Tasteless—no drugs added—just the natural product.

Our Psyllium Seed offers a treatment for constipation in keeping with the trend of modern medicine—the removal of the cause. Psyllium seed is ideal for the purpose. It possesses the bulk to make it effective, and the gelatinous substance which it gives off softens the intestinal contents. Psyllium Seed is a **tasteless, dependable, harmless, non-habit forming natural regulator** for the elimination of body wastes. Shpg. wt., 1 lb. 8 oz. each.

6 Months Old and Weighs 18 lbs!

He Gets "Approved" (Reg. U. S. Pat. Off.) COD LIVER OIL

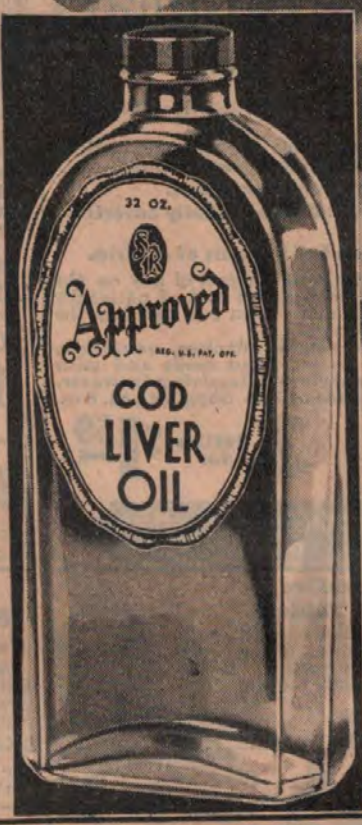
It's the vitamin A in "Approved" Cod Liver Oil that promotes baby's growth and builds resistance against disease. Colds, coughs and the other common diseases very often lead to serious consequences and if babies do develop serious illness, growth is naturally retarded. **Vitamin A is the important resistance building factor.** It increases vitality, helps ward off common illness and because of its own natural tendency, helps promote rapid growth.

But the vitamin A alone is not the only important factor in good Cod Liver Oil like "Approved." Unless babies receive an abundance of **Vitamin D** their bones and teeth will not form properly. Sunshine provides Vitamin D, but not in sufficient amount nor with regularity. For a reliable source of Vitamin D, mothers more and more have come to depend on "Approved" **"Liquid Sunshine,"** the finest imported Norwegian Cod Liver Oil obtainable.

Give your baby "Approved" Cod Liver Oil every day from the time it is a month old and watch it grow strong and healthy.

1-pint (16 oz.). Shpg. wt., 3 lbs. 10 oz. **8K20** **74c**

1-quart (32 oz.). Shpg. wt., 5 lbs. 2 oz. **8K21** **$1.29**



1 gallon. **8K22¼** Postpaid **$3.98**

Grown-ups! Older Children

Build up resistance to disease with **"Approved" Mint Flavored Cod Liver Oil.** Its cool, refreshing mint flavor makes it wonderfully easy to take. Shpg. wt., 3 lbs. each. **1-pint bottle.**

8K33

Each **74c** | 2 for **$1.45**

- **Biologically tested to determine vitamin potency.**
- **Bears certificate of vitamin content from Univ. of Oslo, Norway.**
- **Vitamin A content about 14,000 units per ounce, Vitamin D, about 7,000 units per ounce.**
- **Light amber color—as tasteless as pure Cod Liver Oil can be.**
- **Full 16-oz. bottle for only 74c.**

"5D" Fortified Cod Liver Oil

Contains five times the strength in Vitamin D of average oil, yet the taste and odor are practically the same as of regular oil. Because it is so much stronger than our regular product, less is needed to obtain the proper results. Recommended for those who want to take Cod Liver Oil in smaller doses. Shpg. wt., ea., 1 lb.

3-oz. bottle "5 D" Oil. **8K45** ..... **69c**; 2 for **$1.35**

16-oz. bottle. "5 D" Oil. **8K46** Postpaid .. **$2.79**

"Approved"
(Reg. U.S. Pat. Off.)
The quality drug line which replaces Tru Test. We have changed the name of our former Tru Test. line to "Approved" The change however is only in name; the quality is still the very highest.

PURITY COMES FIRST

..COUGH and COLD MEDICINES

U.S.P. ASPIRIN Tablets

- Meets the rigid requirements of the U. S. Pharmacopeia.
- U. S. P. Aspirin is the best there is—there can be no better.
- Our laboratory tests have proven our Aspirin equal to nationally advertised brands.
- Our Aspirin cannot harm the heart.
- Our price is almost half of nationally advertised brands.
- Each tablet contains full 5 grains of Aspirin.

We offer you U. S. P. Aspirin—the equal of any on the market at little more than one-half the cost of nationally advertised brands. Why pay more when you can buy the highest standard of purity for less?

Extensively used for relieving headaches, neuralgia, rheumatic and muscular pains, head colds and pain generally. Also used as a gargle by dissolving in water. Full 5-grain tablets. Bottles of 100. Shpg. wt., ea. 8 oz.

ABDOMINAL SUPPORTERS for MEN and WOMEN

Higgins Elastic Supporter

$2.59 And Up Postpaid

- Good quality, flesh colored elastic belt.
- Double weight elastic bottom edge makes belt fit better.
- Leather covered corset stays and back panel.
- Belt adjusted with laces in back.

State size. Even sizes only. Postpaid. See How to Order.
8K1498—30 to 38..... $2.59
8K1499 40 to 52..... $2.87

How to Order

Please send all information requested so that your order may not be delayed unnecessarily.

Measure around abdomen as shown in this illustration. Tape line should be drawn snugly on a line from just above the hips to the navel. Send us this measurement.

NOTE:—When you receive your elastic belt you will find it measures several inches shorter than the size ordered. They are made small so they will stretch to exert proper pressure. There is also a 4-inch lace adjustment. Belts when first worn may feel uncomfortable. It is necessary to accustom yourself to the pressure gradually.

Dr. Walter's Mesh Supporter

Single $3.85

HOW TO ORDER

Please read carefully and send correct measurements so as not to delay your order unnecessarily.

All articles on this page where lettered measurements are requested are made to order and require from **eight to ten days** to make.

All articles on this page are of a sanitary nature and therefore cannot be returned when once worn.

All measurements should be taken with leg in position illustrated, and in the morning before limbs have had an opportunity to swell. It is advisable whenever possible to have someone else take your measurements, so as to get them more exact. We allow for stretching so give exact measurements of limb. State whether for right or left leg. If possible consult a physician before ordering.

Elastic Bandage

—Light and porous yet strong and durable.
—Soft cotton thread, cream color.
—Firmly woven on strong rubber threads.
—Length stretched 15 ft.

An especially good bandage for preventing swelling in the legs caused by varicose veins. Well adapted as a support for other parts of the body. Used by athletes after a strain. Shpg. wt., 4 oz.

—Suitable for ordinary and scrotal rupture.
—Understrap covered with soft rubber tubing.

Despite its ruggedness and stability this is a very comfortable truss to wear. Even sizes, 32 to 42. State size and side. See How to Order. Single only
8K1342—Postpaid **$5.95**

Leeland Elastic Truss

- Has soft rubber air cushion pad.
- Comfortable without binding—yet holds.
- Will not show through clothing.
- Only finest quality materials used.
- Pad remains firmly set without discomfort to wearer.
- You save considerable money by buying at our low price.

One of the best and finest elastic trusses made. Has proven extremely popular and well liked by thousands of satisfied customers. We recommend its quality, service and comfort. Even sizes, 30 to 42. See How to Order below. Postpaid. Be sure to state size.

8K1303 Single Truss..... **$2.97** | 8K1304 Double Truss..... **$3.95**

Non-Slip Rubber Pad Truss

- Secure and comfortable.
- Pad is corrugated non-slip rubber.
- Full size pad—good for scrotal as well as ordinary rupture—do not confuse with small type pads offered elsewhere.
- Pad remains firmly set when adjusted, yet is resilient and soft.

An ideal elastic truss for holding scrotal or ordinary rupture. Finest quality elastic used. Rubber covered understrap. See How to Order. Even sizes, 32 to 42. Single.
8K1329—State size and side. Postpaid..... **$3.95**

HOW TO ORDER

Please follow these instructions in full, so as not to delay your order unnecessarily.

Take measurements around body on line with rupture, holding tape line snugly, **1 inch** below hip joints. **Be careful to avoid any unnatural fullness in abdomen.** The truss to fit correctly should fit snugly around body, slightly above fleshy part of buttock. **If odd size, order next smaller even size.**

Most orders shipped directly from stock. Occasionally it is necessary for special reasons to order your truss shipped from factory. In this case you will be notified of slight delay. **Consult physician before ordering, if possible.**

ELASTIC TRUSS WEBBING

For HOMES WITHOUT RUNNING WATER

HANDEE INDOOR TOILET

Now! Beautiful, Sanitary WHITE Finish

Sanitary—Odorless—Inexpensive

No Discomfort in Winter

Handy at Night

Convenient for the Old Folks

$4.95

WE PAY THE POSTAGE ON ORDERS OF $2.00 OR MORE AS EXPLAINED ON PAGE 1

- Baked, chip-proof, glistening WHITE enamel finish—easily cleaned.
- The Handee makes possible healthier, more hygienic living conditions.
- Is far less expensive to install than the old-fashioned outhouse.
- More convenient—no fear of stormy cold nights with a Handee toilet in your home.
- Inexpensive to operate—1 can of chemical being sufficient for several months.
- Affords the healthy conditions and convenience of homes with running water.
- No plumbing or running water required.

The Handee is today a necessity in all homes not equipped with running water. Before you consider installing an outhouse, consider that the Handee costs you far less, is much more convenient and most important, gives you healthy sanitary living conditions in your home. It is simple to install, 3 x 4 ft. of space being ample. Ventilation pipes included for carrying away all odors. After closet is set up simply add **two gallons** of water to inside removable container, ½ pint of chemical and toilet is ready for use.

No longer is it necessary to consider the expense for the cost of the Handee is nothing compared with the convenience of having a healthy sanitary toilet in your home. Rainy nights, cold weather, sickness are no longer a hardship to the owner of a Handee.

Outfit comes to you complete—ready to set up—**consisting of closet of sheet steel, white enameled; inner pail of 6½-gal. capacity. Seat and cover are of non-split hardwood. Seven 1-ft. x 3-in. white enameled vent pipes; and one white wall collar; two 3-in. white elbows, one roll toilet paper and holder and 1 gal. Handee Chemical.**

XMAS STOCKINGS

Real Toys for Real Kids at Real Savings

Same Big Assortment—Good Quality But for Less Money

Here is a wonderful opportunity to get the children a big assortment of good looking, workable, playable toys for one very low price. Compare these stockings with what we've offered before and you will find they have about the same number of toys—but cost you much less. And, if you bought these toys separately elsewhere, the big stocking would cost at least $2.50 and the small one $1.40.

Also, you have the advantage of buying them all at once. Think how much time you'd waste in shopping for the large number of toys in even our smaller stocking!

These stocking toy assortments are also ideal for children's parties, churches, fairs, schools, institutions, grab bags or any place where a large number of toys are wanted for distribution. Biggest Values In Our History.

IMPORTANT

Lower Prices But Same Practical Quality Toys. Not Just A Big Quantity of Cheap Flimsy Articles.

Everlasting Christmas Trees

The larger sizes come in two sections

—Economical — sanitary. —less messy.
—They last you a life time
—They do not shed needles.
—They are perfectly shaped.
—Made by best maker in the world.
—White enameled, sturdy wood pot holder included, assorted designs.
—Full round natural green color branches with red holly berries on tips of large ones.
—After the holidays fold up and put away.

Our trees are made by the best maker of artificial trees. Branches are full and fluffy so when trees are set up they look better than natural trees for they are symmetrically built. Then again they are much cheaper in the long run for they last a life time.

The Famous

"BURROWES" Pool Tables

Finest Juvenile Tables Made by The Oldest Juvenile Table Makers

We have carefully checked the market and Burrowes lead them all for **Quality Construction, Improved Features and Supreme Value. All Mahogany color finish. The prices are unusually low for tables from the Famous Burrowes' Factory.** Accurately scaled down, from regulation size, they adequately meet the demand for a smaller, home-sized table. The beds are of particularly hard, specially treated composition, that will not warp. **It has the floating type bed**—not nailed to the hardwood frame—and may be easily adjusted to take care of expansion or contraction. Screw ball leveling feet are adjustable for height and varying floor levels. Folding legs are sturdily braced. They have strong net pockets with pocket leathers. **Ball racks to hold balls not in play on table, and counters for keeping score.** Diamond Markers on rails. **Tables are unmailable. Not Prepaid.**

TOY GUNS FOR BOY SHARPSHOOTERS

29 IN. LONG $2.25 Post Paid

Fox Famous Double Barrel Breech Loading Play Gun

Bullseye target with bell to register a real hit and bag of extra ammunition included.

Every boy in America knows about this fine gun and wants one. Here is your opportunity to save money and how thrilled your boy will be when he gets it. A realistic reproduction of a real double barrel shotgun. Two triggers to enable you to shoot each barrel separately. Click! Out goes one pellet! Click! Out goes the other! The shells are removable as in the larger gun but uses a coil spring for power. Although it is harmless, it shoots a wooden ball with sufficient force and accuracy for real target practice. Well made with wearing parts hardened. Barrels finished in black enamel and stock of hardwood, walnut stained.
49K5640—Postpaid..... **$2.25**

New 25-in. Double Barrel Popgun Break Action **59c**

Greatest Popgun Value We Ever Offered. Two Triggers—Each Barrel Shoots Separately. The finest inexpensive gun we have ever seen. Pull triggers and loud report follows each time. FULL COLLAPSIBLE ALL IN ONE PLAY YARD

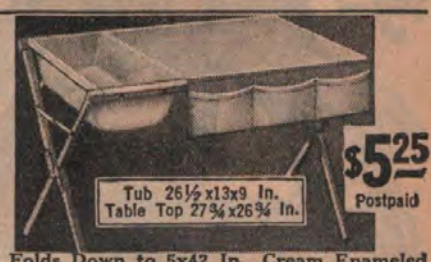
Now Shipped Postpaid

All-in-1 Folding Play Yard with wooden floor. Riveted and hinged into one piece. Protect your baby against danger. Can be folded down to occupy very little space.



This is indeed the simplest, yet most practical and efficient play yard we have ever seen. It safeguards your child and teaches him to stand alone. The all-in-one construction makes it far superior to play yards with separate floors or other loose parts such as nuts and bolts which are easily lost. It can be quickly set up and just as quickly folded up. **Although it measures 38½ in. square, it folds down to 38½x5 in.** Height 23¾ in. Made from smooth hardwood, and has colored wooden beads for baby to play with. Furnished in two finishes.

THESE TOYS ARE SAFE

Famous Halsam Safety Blocks

Safe—Appealing—Instructive—Amusing

Each Set Contains 4 Brilliant Colors in High Gloss Enamel Colors Are Non-Poisonous—Only Vegetable Dyes Are Used

Tiny tots just love to play with blocks. It's so easy to build things with them and by contact with these attractive blocks it is a simple matter for them to learn letters, numbers and objects while they amuse themselves. These fancy scroll A-B-C Blocks are particularly attractive in their natural wood finish with enameled embossed ends. On the four sides are printed in harmonious colors a variety of subjects—1) alphabet and numerals—2) fairy tale characters dear to the hearts of little tots such as Cinderella, the Three Bears, Goldie Locks, etc.—3) action figures of gnomes and elves, like a person walking, jumping, crying, etc.—4) people of different nations in typical dress and every day articles. Blocks made of clear soft wood with all corners and edges rounded to prevent slivers or cutting.

Postpaid when included in orders of $2.00 or more.

Country's Three Best Solid Oak Blackboard Values

Enthusiastically Approved by Educators

These boards have been planned, approved and are conceded to be finest boards on the market today.

6 outstanding features prove these statements.

(1) Beautiful natural finished sturdily constructed solid oak frames.

(2) Writing surface the best; covered with slate composition put on with a trowel, not just painted on. Will not crack or break.

(3) New modern up-to-date charts with latest methods of teaching, mounted on easy turning rollers which will not jam or tear charts.

(4) Blackboard lowers, forming sturdy desk with compartments for papers, etc.
(5) Blackboards fold flat occupying little space when not in use.
(6) Sturdily braced, will not wobble, finished with 2 coats of good varnish.

Now a 6-Pc. Housecleaning Set for Only $1.00

5 Real Housecleaning toys and a pretty apron. Just the set every ambitious little girl wants.

1—Bissell toy sweeper with revolving brush and round wood handle, 24 in. long. It actually sweeps and has two dumping dustpans.

2—A real colored yarn dust-mop with 24-in. varnished round wood handle. Triangle shape makes it easy to get into corners.

3—12-in. colored cotton yarn duster.

4—Good grade 32-in. broom with enameled wood handle.

5—Latest style green enameled metal long handle dustpan with a 22-in. fancy twisted wire handle.

6—Pretty design kitchen apron with pocket made from closely woven cotton material.

Children are usually glad to help with the work if the things they have to use are their own size. It's difficult for a little girl to use a regular broom, but the one in this set will fit her nicely, as will the sweeper, mop, duster and dustpan. Besides, there is a dressy little apron every little girl will be proud to own. Everyone of them works like the larger sized pieces that mother uses. They're just right to fit small hands and while they play they really help.

79K9185—Shpg. wt., 3 lbs. 12 oz..... **$1.00**

"HONEYSUCKLE" takes the prize in the rubber body class! Made better, looks more natural, and can "do" more things than any other doll baby on the market. Nice weight, not heavy. Children love to wash her soft, smooth and *rosy rubber body, arms and legs* that feel like baby's own. Honeysuckle has those marvelous eyes that roll and flirt in the most delightful way. Head is of durable composition, it tilts and turns to endless charming poses. Squeeze either of her roly-poly legs, and she'll squeal and gurgle just like a real baby. Comes dressed in diaper. We include a lovely cotton flannelette sleeping garment with drawstring at bottom. For extra clothes see layettes 18K3215 and 18K3216 — Page 664. *Order Size wanted by Catalog number at left.*

HEAD TILTS

EYES FLIRT

NOTE: OUR PRICES FOR *this* DE-LUXE QUALITY "Tickle-Toes" *with* TILTING HEADS Are the *Lowest* to be had - *Do not confuse with other grades*

HEAD, ARMS AND LEGS ARE WASHABLE

SOFT FLESH-LIKE ARMS THAT FEEL SO REAL

"TICKLE-TOES—IS MARVELOUS." With her new and larger head that can so saucily tilt and turn in all directions, her rolling, flirting eyes that wink and blink so mischievously and, also, go-to-sleep; she's a wonder! Now says "ma-ma," too. Squeeze either rubber leg and she cries. Beautifully dressed in fine, pink organdy, trimmed with lace, a charming bonnet to match, separate underskirt, cotton flannel vestee and rubber pants. A dolly pacifier, strung on a silk ribbon, comes with each doll. Strong composition head, soft, flexible rubber arms and legs, and kapok body.

NOTE: *The smallest size—18K3146—has a head that turns but cannot tilt. She is so "young" that she cries instead of calling "ma-ma." Order size wanted by Catalog number at left.*

Shipping weight of 18K3146, 1 lb. 12 oz. Postpaid when part of a $2.00 order.

TICKLE-TOES" WITH NEW WASHABLE WIG

Tickle-Toes, the wonder doll, with all the features as shown above, except that in addition she has a soft, hair-like, tousled fur wig that is washable. This wig can also be combed and brushed and looks as real as life. Dressed in pretty colored cotton broadcloth romper suit with embroidered collar, and a cotton flannel vest and rubber panties.

Improved Adjustable 3-In-1 Gym Set

A real health builder Set at a sensational low price.

—Two 4-strand Manila ropes each about 8 ft. long.
—Hardwood trapeze bar 21 in. long.
—New roomy varnished swing seat with steel brackets.
—Rings with padded real leather hand grips.
—2 case hardened hooks for attaching.

Do not confuse this remarkable value with other makes on the market at around this price as they usually do not include hooks, manilla ropes or rings with padded leather hand grips, which features are of vital importance. Our set is laboratory tested to insure strength, reliability, and safety when properly attached. The new type swing seat now eliminates the use of rings to hold the seat thus making it impossible for the board to slip. Shpg. wt., 5 lbs.

We Guarantee to Satisfy You and Save You Money

WOW! THEY SURE DO CLIMB

MARX WORLD FAMOUS CLIMBING TOYS

Super Power 6 Wheel Reversible Climbing Tractor

New Low Price on the First and Only Reversible Climbing Tractor $1.67

★ It is 12 in. long and 4⅜ in. high.
★ Reverse Gear Shift.
★ Beautiful Nickel Plated Finish.
★ Start and Stop Lever.

Even at last year's price America was amazed at this remarkable—almost unbelievable Tractor Value. Now at this new low price it will be more popular than ever. Just think of being able to shift gears and throw your tractor in reverse while it is moving. The extra strong guaranteed Marx clockwork motor does real wonders in pulling heavy loads many times its own weight. The speed is controlled causing it to lumber along like a real Tractor always maintaining the same speed regardless of the weight it pulls, the grade it climbs or the decline it descends. The extra wide sturdy and strong quality rubber treads give it traction power which can only be found in the Marx tractors. Size, 12 in. long and 4⅜ in. high. **Postpaid if part of $2 order.**

49K5775—Shipping weight, 3 pounds 8 ounces..... $1.67

The First Hill Climbing Industrial Dump Truck

A New Marx 1932 Sensation

$1.00

★ Size overall 12½ in. long, 4½ in. wide, 5⅛ in high.
★ Made of heavy gauge steel.
★ Has lever to tilt truck bed when unloading. Also start and stop lever.
★ Equipped with a Marx guaranteed clockwork motor.
★ Has sure-grip rubber treads like on our tractor toys.

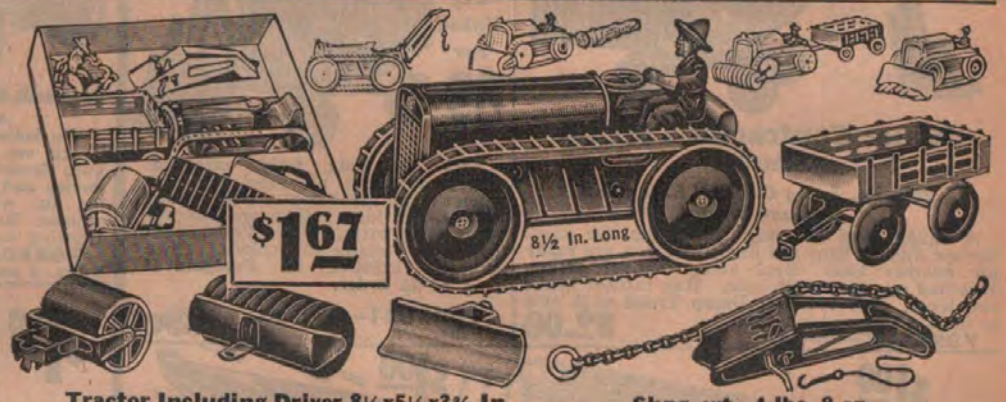
In the swiftest changing age in history we are offering an up-to-the-minute truck which will charm and amuse the child. Here is a toy that will thrill the youngster. Just imagine the fun to be able to load up your truck, then release the brake and watch it pull along up a hill and then down again. The powerful clockwork motor does real wonders in pulling. Besides it has all the climbing features of our regular tractor toys. **Postpaid if part of $2 order.**

49K5705—Shpg. wt., 3 lbs..... $1.00

7-Piece Tractor Set Was $2.39—Now $1.67

This is by far the greatest Marx achievement in super values. At our low price this 7-in-1 set can make millions of children happy.

—**The famous enameled all metal Tractor with its powerful clockwork motor** and wide suction cup type rubber treads which enable it to climb up or go down an incline. The speed governor gives it the tractor-like slow and regular pull; also has start and stop lever.
—**Heavy gauge steel wagon** with wood wheels, size overall 8 in. long, 3¾ in. wide, 3½ in. high.
—**Disc harrow** measures 5½ in. long, 2 in. wide.
—**Aluminum scraper** measures 5⅜ in. long, 1¾ in. high.
—**Road Roller** measures 3½ in. wide, 2½ in. diameter.
—**Wrecker derrick** measures 8¼ in. high, 2¼ in. wide.
—**Hauling chain 3 ft. long. (Nickel plated.)**



Think of the many varieties of combinations you can work out.

49K5749—7-Piece Set. Postpaid if part of $2 order..... $1.67

$1.59 Aluminum Tractor With Chain and Plow Now $1.00

Marx DeLuxe Aluminum Climbing Tractor with scraper attachment and chain like in our big set. Tractor incl. driver 8½x5¼x3⅜ in. Shpg. wt., 2 lbs. 4 oz. **Postpaid if part of $2 order.**

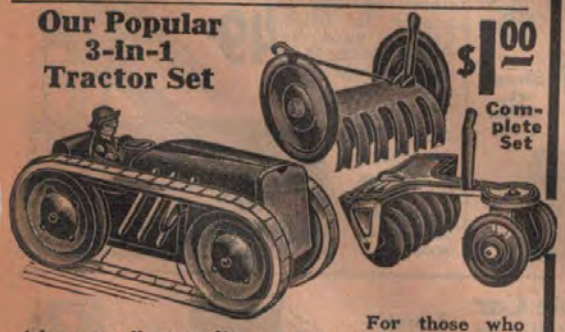
Tractor Including Driver 8½x5¼x3⅜ In.

Shpg. wt., 4 lbs. 8 oz.

With Tractor Type Rubber Treads. ***Size with shovel extended 16x6x 9½in.***

Powerful Climbing Steam Shovel



NOW $1.00 WAS $1.49

Massive—big—that's what you will say when this powerful steam shovel slowly rambles along on the wide corrugated rubber treads ready to excavate, shift gravel, or to do any work necessary in toyland. Has Marx strong spring motor, and stop and start lever. The huge shovel will lift heavy loads, can be raised by turning crank and dumped by a pull of the cord. Strong metal enameled in bright colors. **Postpaid if part of $2 order.**

49K5701—Shpg. wt., 4 lbs..... $1.00

Our Popular 3-in-1 Tractor Set

$1.00 Complete Set

For those who wish an excellent quality yet inexpensive tractor set, we offer this fine value. Set consists of real climbing tractor with the suction cup traction type treads; well known strong Marx clock work motor; farm rake and disc harrow. Tractor measures, 7½x3¼ in. Other pieces in proportion. **When hitched together set measures 18 in. long.** Tractor and accessories made from strong metal, lithographed in bright colors. **Postpaid if part of $2 order.**

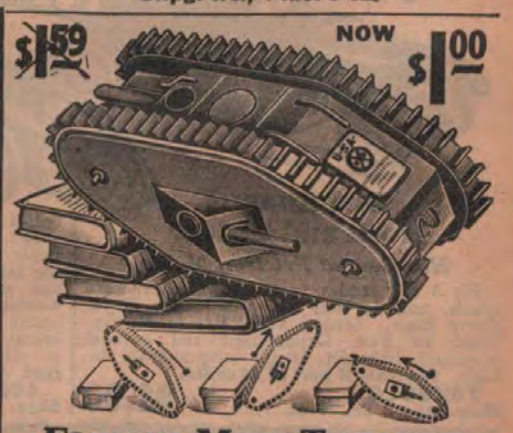
47c



Toy Castle and Bridge for Our Tractors and Tank

An immense play value at a very low price. The incline is carefully worked out so tractor will not find it difficult to even pull small loads up or down. Besides, there is the wide double door gate and the roomy inside which can be used for garage or storage. Made from strong cardboard, lithographed in realistic colors. Size overall, 40x10x10 in. Tractor or tank not included. **Postpaid if part of $2 order.**

49K5790—Shpg. wt., 2 lbs..... 47c

$1.59 NOW $1.00

Famous Marx Turnover Tank

At Big Savings Over Last Year's Price

Last Year $1.59 This Year $1.00

Only Tank Which Climbs on its Top or Back

—**Size about, 9 in. long, 4 in. high and, 4¾ in. wide.**
—**Marx guaranteed powerful clockwork motor equipped with start and stop lever.**
—**Heavy tractor type rubber tread. Runs long time on one winding.**
—**Motor speed controlled by Special Governor.**
—**Sturdy metal construction, nicely finished. Powerful appearance. Will pull a load of many times its own weight. Has hook for attaching trailers, etc. Works right side up, upside down. Climbs steep grades and over obstacles, lumbering along, slow but sure.**

Here it comes—the powerful dreadnaught of the Army. Just as on the battlefield. Tank will climb over dugouts or any other obstacles in its way. If the first attempt fails, tank may fall on its back or side but it fights on, and eventually will make it. **Postpaid if part of $2 order.**

Famous Marx "Merrymakers"

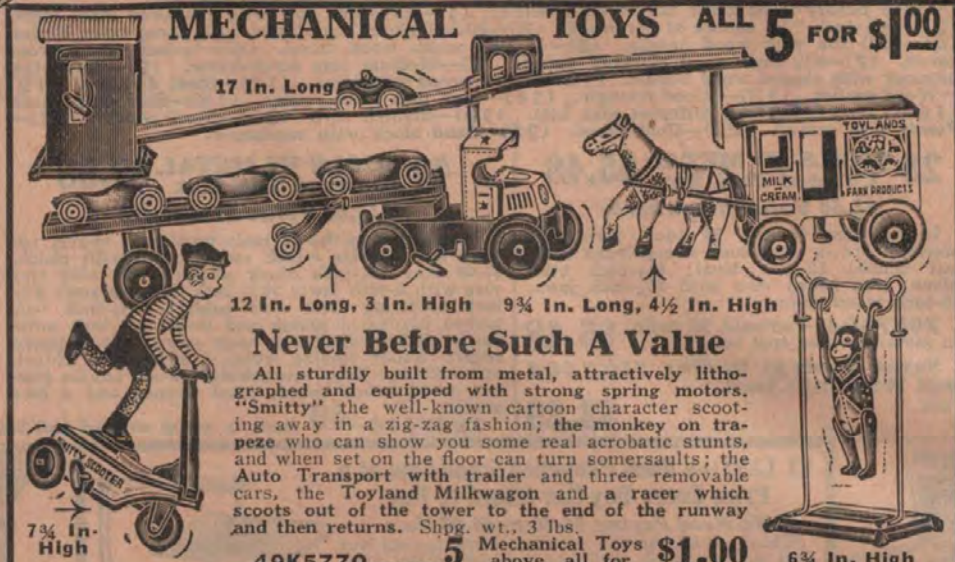
Repeated Because of Last Year's Popularity

Every youngster will enjoy them as they are right up to the minute and full of pep. Just wind the strong spring motor and "on with the show." The mouse leader on the piano swings his baton, while another bangs the piano and a third one beats the trap drum. The fourth fellow dances merrily to keep in time. Although there are no musical notes every one who has seen this toy in operation marvels at the clever action. Made of metal, lithographed in attractive and contrasting colors. **Size overall, 9x9x5 inches.** Shipping weight, 1 lb. 8 oz.

49K5717 ..... **87c**

Famous Popeye and His Dodging Parrot

Brand New Famous Cartoon Character Toy



He is just "it" when he comes to strolling along pushing his wheelbarrow. No wonder they call him "Blow Me Down" Popeye. The happy go lucky expression and the famous pipe in his mouth portrays him very realistically. While he pushes his wheelbarrow the lid of the trunk opens and the famous parrot pops his head in and out from under his hiding place. This action is repeated many times with one winding. Every youngster will enjoy this distinctly different toy on account of its original action and the colorful portrayal of their famous cartoon character. Made from metal, lithographed. **Size, 7¼x7¼x3¼ in.**

49K5788—Shpg. wt., 1 lb. 12 oz. **59c**

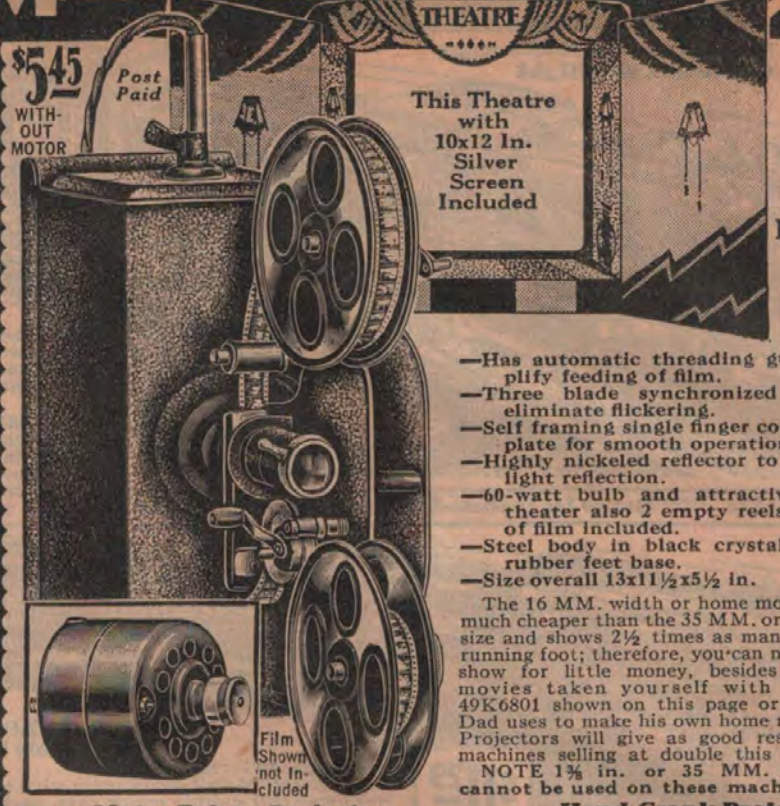
ELECTRIC MOVIE MACHINES

16 MM. WIDTH NONINFLAMMABLE FILM

KODATOY

Eastman Kodak's Famous Toy Movie
$7.98
Postpaid

—Kodatoy is built by the makers of the world famous Kodak and Cine Kodak.
—It's smart looking—sturdily constructed and safe because it uses only 16 MM. width safety film.
—Because of its mechanical and optical perfection there is nothing "toyish" about the picture it projects.
—Kodatoy outfit includes—two empty reels for 100 feet of film—a cardboard miniature theatre with 8½ x 11 in. silver color screen surface and a 21 candle power automobile headlight lamp producing powerful light.



This fine Projector will entertain both youngsters and oldsters for it is simple to operate and shows such crystal clear pictures, eliminating all flicker because of the shutter. It operates on 110 to 115 volt—60 cycle alternating current and has two strong projection lenses. Made from steel in crystalline maroon finish and measures 12¾ x9¾ inches. (Film not included.)

79K6821—Kodatoy with Theater. Postpaid..... **$7.98**

16MM. Eastman Kodak's Kodaplays. Safe, Clear and Non-inflammable

Again Real Savings on Original Keystone 16 MM. Movie Machines

—Has automatic threading guide to simplify feeding of film.
—Three blade synchronized shutter to eliminate flickering.
—Self framing single finger control tension plate for smooth operation.
—Highly nickeled reflector to increase the light reflection.
—60-watt bulb and attractive cardboard theater also 2 empty reels for 100 feet of film included.
—Steel body in black crystal finish with rubber feet base.
—Size overall 13x11½x5½ in.

The 16 MM. width or home movie size film is much cheaper than the 35 MM. or movie theater size and shows 2½ times as many pictures per running foot; therefore, you can now have a real show for little money, besides they project movies taken yourself with our Camera 49K6801 shown on this page or the one your Dad uses to make his own home movies. These Projectors will give as good results as many machines selling at double this price.

NOTE 1⅜ in. or 35 MM. theater film cannot be used on these machines.

Have a Complete Train Yard

—PASSENGER train with 10 pieces of track.
—Freight Train with 6 pieces of track.
—Overall length of each train, 28 inches.
—Two Bell Ringing Mogul Steam Type locomotives.
—Strong clockwork motor.
—6 beautifully enameled cars, each 4⅞ inches long.

BOYS! A complete railroad yard in itself! Just think of the thrill of running two trains at the same time, each on its own track.

Set consists of two big 7-inch snappily enameled steel Mogul steam type mechanical locomotives with bells that ring automatically as trains run around track. Each has **nickel plated pistons** and guard rail. Strong clockwork motor with **start and stop lever** and two tenders with imitation coal. Passenger train has two natural looking passenger cars, and one observation car with observation platform. Freight train, one tank car, one gondola or coal car, and one caboose with lookout cabin on roof. Each car 4⅞ in. long, finished in natural colors. Eight pieces of curved track and eight pieces of straight, one with **"stop and start control track." Will form two ovals, one 32x42 inches and the other 21x31 inches.** Postpaid.

49K5119—2 Complete trains with track..... **$2.29**

DeLuxe Overland Bell Ringing Mechanical Freight Train

—7-in. Mogul type locomotive with tender.
—Strong clock work motor.
—Three De Luxe cars, each, 5⅜ in. long.
—10 pieces of track, forming an oval, 26x36 in.

$1.89

Boys! This train surely is a dandy! It's the last word in power and appearance . . . with a DeLuxe 7-inch steel Mogul type red enameled engine with strong clockwork motor and nickel plated piston rods. Also has hand rail around the body, and is **equipped with stop and start lever. Bell rings as engine speeds around track.** 2¾-inch tender with imitation coal. Stock car with sliding doors, box car and caboose, each 5⅜ inches long and lithographed in realistic colors. Shpg. wt., 3 lbs. 4 oz.

49K5121—Complete 3-car Outfit..... **$1.89**

DeLuxe Overland Bell Ringing Mechanical Passenger Train

—Train 31 inches long overall.
—Mogul Steam type locomotive with tender.
—Strong clockwork Motor.
—3 beautifully enameled De Luxe Cars—each 5⅜ inches long.
—10 Pieces of track.

$1.89

This fine set consists of **one 7-in. Mogul steam type locomotive with bell;** lithographed tender with imitation coal; two large modern type passenger cars; one observation car with observation platform; **8 pieces of curved and 2 pieces of straight track forming oval, 26x36 in.** Red enameled locomotive has strong wind-up clockwork Motor and equipped with start and stop lever; nickel plated piston rods and hand or guard rails around boiler. **Bell rings as engine speeds around track.** The cars are faithful copies of the coaches from one of the leading railroads of the nation and are beautifully enameled in natural railroad colors. Really an excellent train value.

49K5122—Complete Set. Shpg. wt., 3 lbs. 4 oz..... **$1.89**

New Bell Ringing Famous Overland Flyer

—Train, 30 inches long overall.
—7-inch Classy Mogul type engine with tender.
—Strong clockwork motor.
—Four handsome coaches, each 6 in. long.
—8 pieces of track.

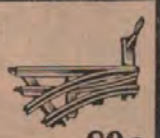
$1.39

What boy wouldn't thrill to see this dandy flyer with its bell ringing as it speeds along the track? The engine is of steel, and is patterned after the famous Mogul type. Has **starting and stopping lever,** and powerful clockwork motor. Enameled in bright red and black. Tender has imitation coal. Three passenger coaches, each 6 inches long, and one baggage car with sliding doors. Not as good quality as 49K5122 cars. Rear car has observation platform. Eight pieces of curved track form a circle 26 inches in diameter. Shpg. wt., 3 lbs. 4 oz.

49K5123—Complete 30-inch train..... **$1.39**

36-In. Freight With Bell Ringing Mechanical Engine

—Length, 36 inches overall.
—7⅛-inch Mogul Steam type locomotive with tender.



$1.45

—Five 4⅞-inch cars. —Strong clockwork motor.
—8 pieces of track forming oval, 37¼ x37¼ inches.

Brightly enameled Mogul steam type locomotive, 7⅛ in. long with sturdy clock work motor and **start and stop lever.** Bell rings as train runs around track. Coal tender has imitation coal. Five cars including a dump car that really dumps; one box car with real sliding doors; one tank car, one gondola and one caboose. Natural looking in every detail, and handsomely lithographed in natural colors. 4 sections of curved and 4 sections of straight tracks, **one with "Stop and Start Control."**

SEARS FLYING ARROW SLED GOES LIKE the WIND

$1.69 40-IN. SIZE

ZIP! There Goes the Flying Arrow!

"Oh, Boy! What a Ride!" That's What You'll Say. Goes like a flash—Lives Up To Its Name Because it is built on long racy lines.

This new Flying Arrow Sled is now better than ever before. Has more patented features which give it not only speed but the best flexible steering we have ever seen on any sled. **We have never offered two different grades of sleds because you can buy Sears Flying Arrow which is equal to the best on the market at prices asked elsewhere for a lower grade.**

Don't be misled by inferior sleds sometimes even offered at higher prices.

OUR FLYING ARROWS ARE MADE BY A FACTORY WITH 40 YEARS EXPERIENCE IN MAKING FINE SLEDS.

If we were permitted to divulge the nationally known name of this De Luxe Sled, which is a duplicate of our Flying Arrow, you would immediately realize your tremendous saving when you buy a Flying Arrow.

Read About the New Features:

Now a better speedier Flying Arrow Sled at no increase in price.

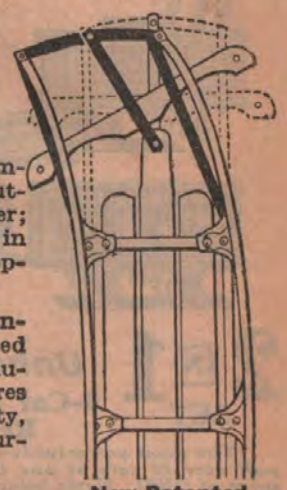
1—Those new scientifically designed and patented sturdy knees mean extraordinary rigidity. Read about the two laboratory tests. See illustrations at right.

2—New, patented steering with many new features making steering effective along entire length of runners. Boys! that's what you call real steering and you'll find out that the Flying Arrow will turn quicker, much easier and will go farther than any other sled, and what speed! Down hills like a "shot" and around the curves with little or no effort because of the new instantaneous steering device.

3—Sturdy construction. Tops are made of tough hardwood with several coats of outside spar varnish which will stand up in all kinds of weather. No more loose joints. No more bent knees. No more wood parts coming off with the new rivets.

It has everything! This superior sled is built like a battleship.

Rigidity test by laboratory shows that it takes more than 3,570 lbs. to break a Flying Arrow Sled. What more can you ask?



Side or rock strain test required 430 lbs. to put kink in upper part of knee.

Patented new, improved knee. Stouter, wider, tougher; and special ridge in center gives exceptional durability.

Patented rivet construction produced by no other manufacturer. Insures extreme durability, strength and accuracy of steering.

Non-skid, flexible, high-carbon spring steel grooved runner. Will stay keen and sharp.

New Patented—Effective Super-Steering. Steers Better Goes Much Farther

Single Cross-Bar 32-Inch Sled

With 4 sturdy patented knees. This size for baby. (Guard listed at right.) Shipping weight, 6 lbs. 8 oz.

79K8303 **$1.15**

These Four Have Double Crossbars

For youngsters who can coast, we do not recommend sleds with steering bar attached way up front, for it limits steering flexibility. That type of sled is about one-fifth cheaper. Remember this when comparing prices. Sizes given below are overall. Measured from bumper to end of runners.

36-Inch Sled
4 stout patented knees. Shpg. wt., 7 lbs.
79K8304 **$1.45**

40-Inch Sled
4 new sturdy patented knees. Shpg. wt., 9 lbs.
79K8305 **$1.69**

45-Inch Sled
4 stout patented knees. Shpg. wt., 11 lbs.
79K8306 **$1.89**

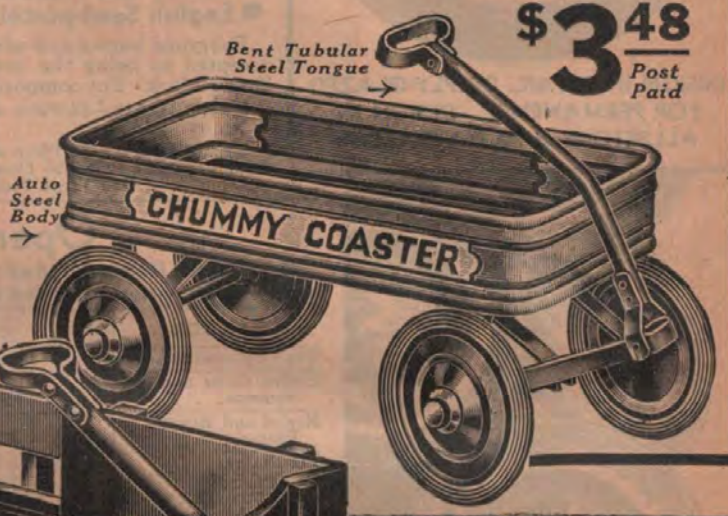
OUR CHALLENGE VALUE

Built In Same Factory As Our Super DeLuxe—Quality at Low Price

Features Usually Found On Much Higher Priced Wagons. We'll Back This Wagon Against Any Selling for $1.50 to $2.00 More.

Compare details with those of wagons offered by others. Then look at our price once more. Talking about factory tests, read this: **Our Chummy Wagon with 2000 lbs. of iron castings loaded in it** was just as straight and firm as when empty. **Wheels, hubs, axle hangers, all withstood this amazing test of 2000 lbs.** Many other wagons crumble with less than one-half this weight.



FEATURES: (1)—Full size body, 33⅜x14¾ in., of 20-gauge auto steel. Others use 22 or 24 gauge, which is apt to buckle and warp. ⅝-in. rolled top and bottom. **(2)—Beaded sides** and **light color fancy raised panel** in each side for more strength and beauty. **(3)—Finish: High luster (baked-on) red enamel**—will not chip or check. **(4)—9⅜-in. dia. roller bearing double disc steel wheels with 2½-in. hubs;** finished in aluminum with red bull's eye, black striping. Others have 2-in. hubs. The larger the hub, the larger the roller bearings, which means better wearing quality. **(5)—Tires: ¾-in. rubber. (6)—Axles: ½-in. dia. steel. (7)—Bolsters: Channel steel and curved tubular steel tongue,** enameled black. **(8)—Hub Caps: Clamp-on rust-resisting type, that cannot come off.**

79K7606—Postpaid **$3.48**

Amazing Weight Test!

6-Wheel 40-Inch Truck $6.95

THE BIGGEST HIT IN YEARS

Popular with Boys Because of Its 3-In-1 Features

(See illustrations at right.) Utility and Pleasure Combined. That Means Real Economy.

Have you seen another wagon or truck anywhere that compares with it? Now look at our price—of course you want one of these.

New Modern 3-in-1 Boycraft

6-Wheel 40-Inch Truck (Illustrated)

1—**Body; size, overall:** Length, 40 in.; width, 17½ in. Makes a dandy lumber wagon when sides and ends are removed.
2—**Slip the staked sides and ends into the strong steel supports to haul** newspapers, groceries or two milk cans.
3—**Red enameled 11-inch double disc steel roller bearing wheels;** 1¼-inch rubber tires.
4—**Curved tubular steel tongue** makes steering and coasting easy.
5—**Four wheels on rear axle and two in front.** It looks like one of the long distance hauling trucks you see on the highway.

Body of kiln dried hardwood, natural finish varnished, reinforced with two steel rods. Removable wood staked sides and ends enameled green. Channel steel bolsters and steel braces enameled black; ½-in. steel axles. Tongue with metal grip, enameled red. Fancy large size snap-on type nickel plated hub caps. Shpg. wt., 61 lbs.
79KC7686—6-Wheel Truck, Not Prepaid..... **$6.95**

36-Inch Truck With 4 Balloon Style Wheels *(Not Illustrated)*
Similar to above, but with **4-10¼-in. balloon type disc steel wheels** and equipped with **1-in. auto tread rubber tires. Body, size, 36x17½ in.**
79KC7677—Shpg. wt., 48 lbs. Not Prepaid..... **$5.98**

Hardwood Shafts for Goat or Dog

Arrow Speedster for the Small Child

Built in same factory as is our Super De Luxe. Body of 20-gauge auto fender stock, size, **24x12¼ in.; enameled red, yellow lettering. Finish is baked-on. 8⅜-in. double disc steel** plain bearing **wheels** enameled red: **⅝-in. rubber tires. Tubular steel tongue.** Stamped steel channel bolsters.

79K7604—Postpaid..... **$2.79**

$2.79 *Postpaid*

Ace of All Steel Wagons—A Genuine Thoroughbred

Why—Because year after year, we put it through amazing gruelling tests and each time it comes through without a break. First we tested with 12 men standing on a board placed on top of body, next we pushed one down the famous 100-ft. Ski Jump at Cary, Illinois, and now the factory has made the test shown above. What more can anyone ask?

8 Points of Superiority

(1)—Wheels: Heavy duty giant size **balloon type 10¼-in. with roller bearings. (2)—Tires: Full 1-in. cushion like auto tread rubber. (3)—Body, 33⅜x14¾ in.: of 20-gauge auto fender steel** throughout. Beading in sides and bottom also raised panel in each side adds to its beauty. No wrinkles—no sharp corners nor edges. **(4)—Body Finish** a beautiful high gloss luster **red** enamel with rich light color panels. Baked-on enamel finish like the fenders on large motor cars. Wheels finished to match body. **(5)—Undergearing:** One of the best steel jobs ever built into a wagon. Long king bolt designed to withstand excessive strain and severe jolts. **(6)—Steel bolsters and braces, 1 in. wide,** also steel axles ½-in. in diameter, enameled **black. (7)—Tongue: Chromium plated tubular steel with red rubber bumper. (8)—Hub Caps: Clamp-on, rust-resisting type** that stay on.

79K7618—Regular $7.00 Value Elsewhere, Our Price, Postpaid..... **$4.98**

Our Right-O-Way Coaster

Similar to our Super De Luxe but without the fine trimmings and details. Same style body enameled green and cream; wheels enameled to match Same type **10-in. wheels but with ¾-in. gear tread rubber tires.** Wide stamped channel steel undergearing and tubular steel tongue, enameled black. Clamp-on type rust-resisting hub caps that stay on. **No rubber bumper.**

79K7609—$5.50 Value Elsewhere. Postpaid..... **$3.98**

Composition of Dinner Sets

OPEN STOCK By open stock we mean that you can make up and purchase any combination of pieces desired and that you can add pieces to any set. It also means that you can replace breakage. It does not mean, however, that the pattern is carried indefinitely. Styles in dinnerware, as in everything else, change from time to time. For that reason we advise you to complete your set to your own satisfaction within a reasonable period of time.

32-PIECE SET

6 Tea Cups	6 Bread and Butter Plates	6 Sauce Dishes	1 Small Platter
6 Tea Saucers	6 Dinner Plates	1 Oval Open Dish	

For 35-piece set, add 1 creamer and 1 covered sugar (2 pieces) to 32-Piece Set.

42-PIECE SET

6 Tea Cups	6 Bread and Butter Plates	1 Medium Platter	1 Cov. Sugar (2 pcs.)
6 Tea Saucers	6 Sauce Dishes	1 Oval Open Dish	1 Creamer
6 Dinner Plates	6 Soup Plates	1 Pt. Bowl	

56-PIECE SET

8 Tea Cups	8 Bread and Butter Plates	1 Medium Platter	1 Cov. Veg. Dish (2 pcs.)
8 Tea Saucers	8 Soup Plates	1 Oval Open Dish	1 Cov. Sugar (2 pcs.)
8 Sauce Dishes	8 Dinner Plates	1 Sauce Boat	1 Creamer

65-PIECE SET

8 Tea Cups	8 Bread and Butter Plates	1 Pickle Dish	1 Cov. Sugar (2 pcs.)
8 Tea Saucers	8 Dinner Plates	1 Medium Platter	1 Creamer
8 Tea Plates	8 Soup Plates	1 Oval Open Dish	1 Cov. Veg. Dish (2 pcs.)
	8 Sauce Dishes	1 Sauce Boat	

95-PIECE SET

12 Tea Cups	12 Bread and Butter Plates	1 Small Platter	1 Cov. Sugar (2 pcs.)
12 Tea Saucers	12 Soup Plates	1 Large Platter	1 Creamer
12 Tea Plates	12 Dinner Plates	1 Oval Open Dish	1 Pickle Dish
12 Sauce Dishes		1 Salad Bowl	1 Cov. Veg. Dish (2 pcs.)
		1 Sauce Boat	

NOTE: Due to the fact that pottery is made by hand, through the agency of fire, there may be slight variation in dimensions, due to expansion or contraction in process of manufacture. Sizes as given are approximate. In our imported sets the plates are fashionably oversize.

AND BEAUTY
• *New* LOW PRICES

You are invited to use our time payment plan when buying dinnerware. See page 737.

We took the loveliness of Spring's first flowers, the ravishing colors of the rainbow, those fleeting forms of beauty, and imprisoned them in these newest forms of the skilled potter's art—Sears Chinaware! Then we priced this chinaware so low, that this beauty may be yours every day in the week, the year round. You'll love our newest chinaware because it will bring enthusiastic approval from your family and friends! Nowhere else could you find fine dinnerware such as this priced so decidedly within the reach of everyone's purse.

Signed
Home Adviser Sue Roberts

All the dinnerware on this page is American China (Semi-porcelain) and is first quality, flawless merchandise.

WILD ROSEWOOD PATTERN

- *New Square Shape.*
- *Pink Colored Body—(Color Goes Clear Through).*
- *Decorated With Natural Colored Wild Roses.*

The beauty of the pink body, the naturalness and charm of the floral decoration and the stylishness of the shapes unite to make this one of the outstanding dinnerware sets in our varied line. The dark pink wild roses surrounded by a profusion of foliage are really beautiful. Embossing and platinum colored line at edges. Handles and knobs have platinum colored trim. For composition of sets see opposite page.

GENUINE ROGERS SILVER PLATE TABLEWARE

In Complete Services For Six or Eight

- **Heavily plated with PURE silver, finer and purer than Sterling.**
- **Finely finished—perfectly balanced.**
- **Written guarantee with each set.**

Here is a silverware that will add a sparkling beauty to your table. Whether you choose the stately Empire, the new Plaza, or the lovely La Salle pattern, you will be mighty proud of your selection. Each pattern is perfectly balanced and finished with such care and precision that we do not hesitate to guarantee it for 50 years of wear.

A Word About Finishes
SATIN is a satiny Gray commonly known as Gray finish. LIGHT SATIN is dull, known as Platinum-like finish. BRIGHT is the shiny lustrous finish.

ENGRAVING
We engrave all silverware shown on this page in old English at 5 cents per letter, and in script at 3 cents per letter. PRINT initial desired.

QUALITY First - QUALITY Always - at Sears

RELIABILITY

Approved...Guaranteed

ON EVERY SEARS ELECTRIC CLOCK.....

TESTED AND FOUND RELIABLE AND ACCURATE by SEARS ELECTRICAL LABORATORY

MOTOR The movements of all Sears electric clocks are tested and inspected for quietness of operation—Reliability in timekeeping—and long life. They must measure up—quality is guaranteed.

OIL To lower cost some makers do not give their Electric Clocks proper oiling for the best of service. At Sears quality comes first. Each clock is tested to make sure enough oil is provided to last the entire life of the clock.

DIALS Sears Clock Dials are designed and made to match the style and model of the clock they are used on.

CORDS Sears Electric cords are well made, having inner and outer braids and rubber insulation, to insure protection.

COILS The length of the coil determines the life of your clock. Some Electric Clocks have short coils—and short life. Sears Electric Clocks have long coils of approved heavy gauge wire giving long life and dependability.

CURRENT Every clock on this page will operate on 110 to 130-volt, 60-cycle regulated (AC) alternating current. If you are not sure of the cycle and current you are supplied with, read the plate on your electric light meter.

TESTED RELIABLE AND ACCURATE $3.49 Post paid

DID THIS EVER HAPPEN TO YOU?

The NATIONAL CALL AUTOMATIC Can't Forget!

24-Hour Automatic—8-Day Movement

No nightly setting of alarm to worry about. Just set the alarm for any time you wish, when the alarm rings, push down the alarm control on top. That automatically sets the alarm for the same time 24-hours later. The NEW NATIONAL CALL AUTOMATIC CAN'T FORGET.

Has a Manual Alarm Control too, just like other alarms, so you can sleep late some mornings if you wish.

- **8-day *Quiet* movement.**
- **24-Hour automatic alarm.**
- **Metal dial with raised numerals.**
- **New Opaline finish case.**
- **Choice of four colors, Green, Blue, Rose, or Black, all with Nickel Trim.**
- **Pedestal base.**

Did you ever wish you had an alarm that would *Run-On-Time? Ring-On-Time?* Are you tired of guessing—figuring the time? Then you should own this *New NATIONAL CALL AUTOMATIC.*

BETTER than ever
PRICED LOWER than ever

We made this *8-Day NATIONAL CALL* new from start to finish, inside and out. We built into it the *New Automatic Alarm* feature. We gave it a new case—more graceful—with new finish—a new metal dial with raised numerals—improved the movement—and gave it a *2-Year Guarantee*—Yet we cut the price lower than ever. *Everything about this NATIONAL CALL is NEW—and better.*

CERTIFICATE OF GUARANTEE

We guarantee the diamond in ring No.——this day—— 19 — sold to —— for $—— to be a *genuine diamond* our first quality, correctly cut and finished and to weigh —— carats.

We hereby agree that this diamond may be returned to us at any time within *one year* from date of purchase if unharmed and exchanged at full purchase price for any other diamond or article of Jewelry at a higher price by paying the difference in price. We also agree that this diamond, if unharmed may be returned to us at any time within thirty days from date of purchase. We will upon request then return the full amount paid. We further agree that this diamond may be returned to us *after thirty days and within one year from date of purchase if unharmed.* We will then, upon request, return the amount paid, less 10 per cent of the purchase price.

This Certificate of Guarantee must accompany diamond in its original setting when returned to us.

with Confidence

It Comes With Each Sears Selected First Quality Diamond

Remember . . . . Only weight and quality determine diamond value. . . . Buy only where both are certified and guaranteed.

HERE'S WHY WE CLEARLY STATE THE SIZE OF EACH SEARS DIAMOND

WEIGHT OF DIAMOND
½ CARAT

WEIGHT OF DIAMOND
⅝ CARAT

In both above pictures the diamonds look the same size. But the stone in one actually weighs ¼ more than the other. Many firms selling diamonds by mail do not tell you the weight and purposely exaggerate the picture. BEWARE of such selling practices. Know what you are buying.

SEARS RING SIZE CHART ~ PLEASE READ BEFORE ORDERING

METHOD "A"

Ring Size Gauge
METHOD "B"

If you cannot determine your Ring size by methods "A" or "B" send for our Cardboard Ring Measuring Chart before ordering.

Method "A." Procure a ring that fits the finger. Place it over the circle that fits the inside measurement of the ring. The number of that circle is the ring size you will require.

It is very important when you order a ring from us that you send the correct size. If your finger size is larger than size 6 and smaller than size 7, order size 6½.

Method "B." Wrap a strip of paper around the middle joint of the finger and trim so that the ends meet. Place this strip of paper on the chart (Method B) with one end touching the left end of the chart. The other end of the paper will indicate size.

QUALITY First - QUALITY Always - at Sears

ONLY EXPERTS CAN TELL THE REAL PEARL from *Senorita* ARTIFICIAL PEARLS

WHICH ONE?
One of these pearls is a real pearl; the other is one of our Senoritas.

Senorita Pearl Reproductions Resemble Natural Pearls In Every Outward Appearance

Our finest Senorita artificial pearls can only be distinguished from the Genuine Oriental pearl by experts of long experience. The higher the cost the more perfectly matched are the beads and the higher the luster and sheen. All are solid and indestructible. We list Senorita artificial pearls in four grades: "A", "B," "C" and "D." The large illustrations of the clasps are actual size.

Our Finest "A" Luster

What "Sit Right" Means

The "Sit Right" scientific rest principle eliminates needless fatigue in sewing. It insures you the most restful posture known to sewing science.

Machine head and treadle are in one direct line—and so is your body. Throw that line off balance, and you are off balance, too. When you own a Franklin you sit right, sew right, and feel right.

SEWING MACHINE ACCESSORIES OF DEPENDABLE QUALITY

69c EACH Vibrator Shuttles

We can supply shuttles for practically every make of family sewing machine. They are precision made, of the finest steel obtainable and each one is guaranteed to fit perfectly.

In order not to delay or disappoint you in receiving the correct shuttle, **it is absolutely necessary for you to send us your old shuttle as well as the name of your machine, type, style and head number.**

A new shuttle frequently requires a slight adjustment of the shuttle carrier before it will work properly. Instructions for this are included with each shuttle.

1K6200—(Send us your old shuttle). Shpg. wt., 4 oz. Each..... **69c**
Postpaid if part of $2 order or more.

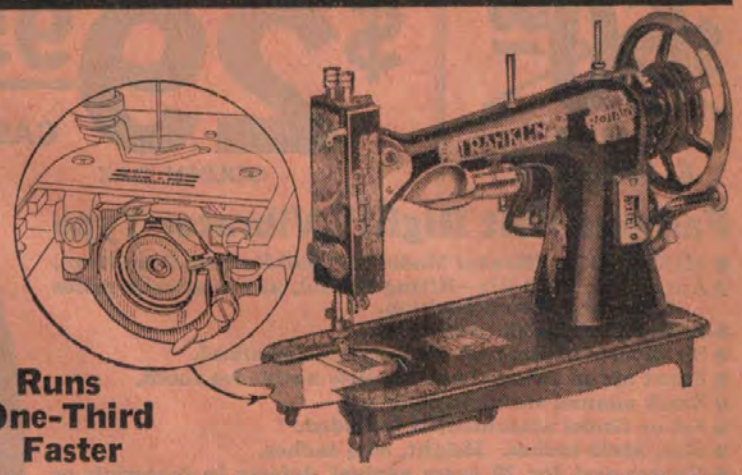
How the BEST ELECTRIC

ROTARY HEAD

FRANKLIN ROTARY ELECTRIC

OTHERS ASK ~~$100.00~~



SEARS PRICE $54.50 CASH

$5 DOWN

$5.00 Per Month

Closed. A beautiful piece of furniture

Runs One-Third Faster

The most efficient and satisfactory type of head ever produced. Surprisingly fast and smooth running. Has a revolving shuttle with a continuous rotary motion and can be run at a very slow speed for particular work or speeded up to approximately 900 stitches a minute—almost one-third faster than the vibrator head.

This Franklin Rotary head has automatic tension release, easy stitch regulator, automatic bobbin winder, 4-motion feed, disc wheel, makes the popular double lockstitch, has two revolving spool pins and all bright parts are CHROMIUM PLATED. Easy self-threading take-up lever. Adjustable presser foot allows sewing thin materials without puckering.

20-YEAR GUARANTEE

Against Defects in Materials and Workmanship

—Silent ROTARY TYPE HEAD—see features at the right.
—5-ply American Walnut veneered cabinet, dull finish.
—Sewing lamp with adjustable shade.
—Latest type bronze bearing motor.
—Convenient 5-speed knee control.
—Size of top, 24x19 in. closed; 47x19 in. open. Standard height, 31 in.

Guaranteed to be the equal in sewing performance, latest improvements, and beauty to any nationally advertised machine sold. Richly figured butt walnut overlay on cabinet front. Parts not veneered are hardwood finished to match. Handy racks on inside of door for sewing necessities.

Motor furnished is for direct or alternating current, 110 to 120 volts, and 25 to 75 cycles. If 32-volt motor is required allow $2.00 extra. Shipped from factory near Cleveland, Ohio. Shpg. weight, 85 pounds. Not Prepaid. For freight rates see opposite page.

1KM6195⅓—Complete with sewing light, accessories, instruction book and full set of Greist attachments.
Cash Price $54.50
Easy Payment Price 59.95

TERMS: $5.00 with order, $5.00 a month. Use time payment order blank in back of catalog.

Automatic Upper Tension Regulator

Every Franklin Rotary Head is fitted with automatic tension release. Lifting the presser foot with the presser bar automatically releases the upper thread tension. Tension regulator lever is located on the face plate of the machine—easy to get at and is numbered, eliminating guesswork in obtaining proper tension on the top thread. Both upper and lower tensions are carefully adjusted at factory and are adjusted for all ordinary sewing when shipped. Instruction book covers changes.

Plainly Marked Stitch Regulator

The Franklin Rotary Head is equipped with stitch regulator for altering length of stitch. The regulator lever is on the front of the arm near the bobbin winder. Moving lever upwards lengthens the stitch—downward shortens it. Length of stitch can be regulated without stopping the machine.

Numbering avoids all guesswork in obtaining the proper length desired. Can be set for from 7 to 28 stitches per inch. Minnesota heads have a similar regulating device.

Sewing Machines Are BUILT

VIBRATOR HEAD

FEWER MOVING PARTS

The cost of the Vibrator Type Head is less than that of the Rotary Type. In the Minnesota Vibrator head you will find a good, serviceable and efficient high arm machine at a medium price. Uses the long cylinder shuttle with a back and forth motion. We unhesitatingly guarantee it for years of service because we know that no machine of this type, regardless of price, runs easier, sews better, or has finer mechanical construction.

Automatic disc tension, easy stitch regulator, automatic bobbin winder, ball bearing balance wheel, and popular double lockstitch are improvements that definitely place it in the quality class. Extra strong and large feed, positive in action.

MINNESOTA VIBRATOR ELECTRIC

Open—Ready to Sew

—Full Size MINNESOTA Model "A" vibrator head.
—5-ply Walnut veneer cabinet front and top.
—Hand-lift head.
—Knee control to regulate motor speed.
—Size of top, 22½x19 in. closed; 45x19 in. open.

No machine gives more for the money than this duplicate of the———sewing machine that sells for $75.00. Console cabinet matches the finest home furnishings. Front and top are 5-ply genuine walnut veneer—balance hardwood finished to match. Closed, it makes a beautiful table, desk or night table. Convenient rack inside door for sewing necessities.

Head is the famous Minnesota model "A"—one of the most efficient vibrator sewing heads on the market. Does a perfect job of sewing, is easy running and has all the finer mechanical improvements found on the highest priced machines (read the features on this page). Motor furnished is for direct or alternating current 110 to 120 volts, 25 to 75 cycles. If 32-volt motor is required allow $2 extra. **Shipped from factory near Cleveland, Ohio. Not Prepaid.**

TERMS: $4.00 with order, $4.00 a month. Use Time Payment Order Blank in back of catalog.

Franklin Sewing Motor

Listed as standard by the Underwriters' Laboratories. Removes all physical effort of propelling the machine enabling you to concentrate on your sewing and do your work three times as fast.

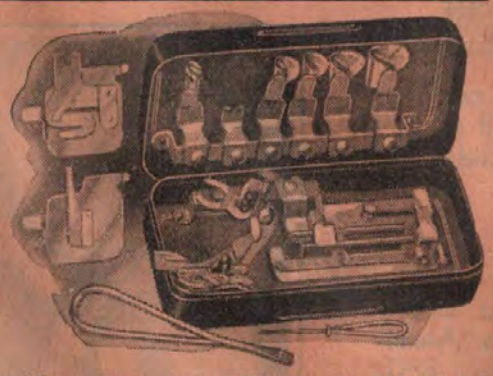
Motor operates on a direct or alternating current 110 to 120 volts, and from 25 to 75 cycles. If a 32-volt moter is needed, an additional charge of $2.00 is made. Motor is fast, smooth, quiet running. Operates the stitching mechanism by means of a rubber face pulley, easily adjusted for efficient operation. It is absolutely safe, reliable and does not have to be removed or adjusted when closing the machine.

Convenient Knee Control

Speed of motor easily and quickly controlled by a gentle pressure of the knee against the lever. Regulates the motor to five 5) different speeds from the slowest desired to 900 stitches per minute. To stop the machine release entirely all pressure and the sewing mechanism stops instantly. Reduces breakage of rheostat to a minimum, eliminates unsightly wires and helps promote sewing efficiency.

All cabinet styles have the automatic knee control lever. Portable electrics are controlled by a Foot Control which is placed on the floor in a convenient position for comfortable operation.

With Adjustable Shade

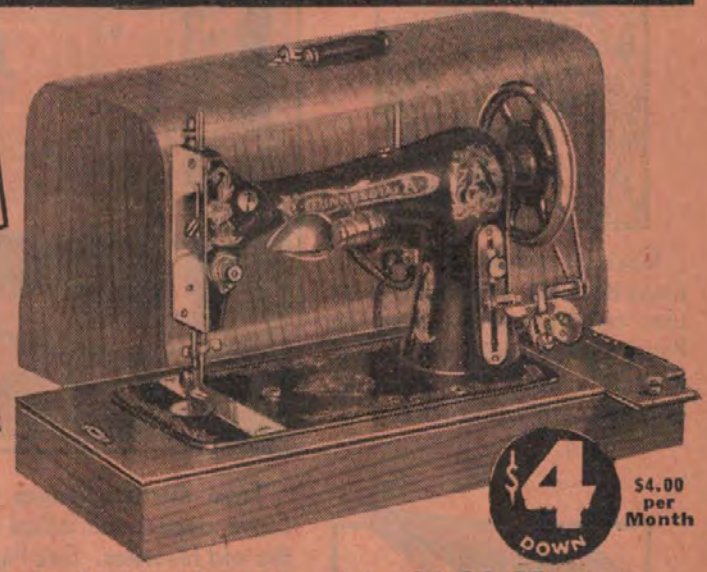


Concentrates light right where it is needed. Lamp is securely attached to bottom of arm on all Franklin heads. No matter how dark the day or in what room you wish to sew, you can always have the best of light. Shade is highly polished metal to reflect light rays. Adjustable to various angles to secure best results.

No Extras to Buy

Every machine purchased from Sears comes completely equipped including the following: Large nickel plated screw-driver, one gauge screw, small nickel plated shuttle screw-driver, oil can filled with oil, foot hemmer, package of six needles in assorted sizes (one in the machine), quilter and six bobbins (one in machine).

—Square shouldered foot, reducing needle breakage.
—Easily removed shuttle.
—Adjustable bearings.
—Positive timing.
—Oil cup on needle bar prevents oil from splashing on sewing material.



Full Set of GREIST Attachments

Included with every Sears sewing machine. Enables you to do fancy sewing by using the following: ruffler, shirring blade, under braider, short presser foot, binder and set of four hemmers of different widths. With these different attachments, you can make use of your machine twice as much as you would if you did not have them. The easy-to-understand instruction book explains fully how to successfully use them.

This Year HOME FURNISHINGS

You Get More Value·

Unquestionably the domestic budget will buy more and better things today than ever before in history. You get more furniture, more floor coverings, curtains, silverware, dinnerware or labor-saving devices for less money than at any time you can remember. These are opportunity days—the best time to buy!

Especially is this true at Sears, where prices on home furnishings have been drastically reduced, while more artistry has gone into the designing, more attention has been paid to color and line, more manufacturing skill has been called into play and more quality has been built into every detail.

Sears prices today offer you and your family an unusual opportunity to make an investment in home furnishings that will pay you big dividends in thorough comfort, lasting satisfaction, and in the realization that your money buys more than it ever did before.

Not only have Sears prices been reduced, but our Group Purchase Plan makes it unnecessary to wait until you save enough cash to buy the things you want. Sears make it easy for you to select new things for your home, to have them and enjoy them while you pay for them—a small amount down and a little each month.

This convenient way of buying at Sears brings you home furnishings on EASY TERMS at less than cash prices elsewhere.

Our Furniture department offers the newly inspired designs that combine comfort with utility and durability and shows you how you can furnish your home today for a fraction of what it cost several years ago. See Pages 732 to 786W.

Curtains and draperies in the newest styles and most popular materials are shown on Pages 209 to 225. Because of their low cost, they are sold only for cash with order.

From Kitchen Ranges to Warm Air Circulators, our Stove department offers the newest designs as well as the old favorites. See Pages 787 to 824 and the outside back cover.

Silverware in the new patterns now being advertised in the magazines, is shown on Pages 688 to 696 at prices that will save you money.

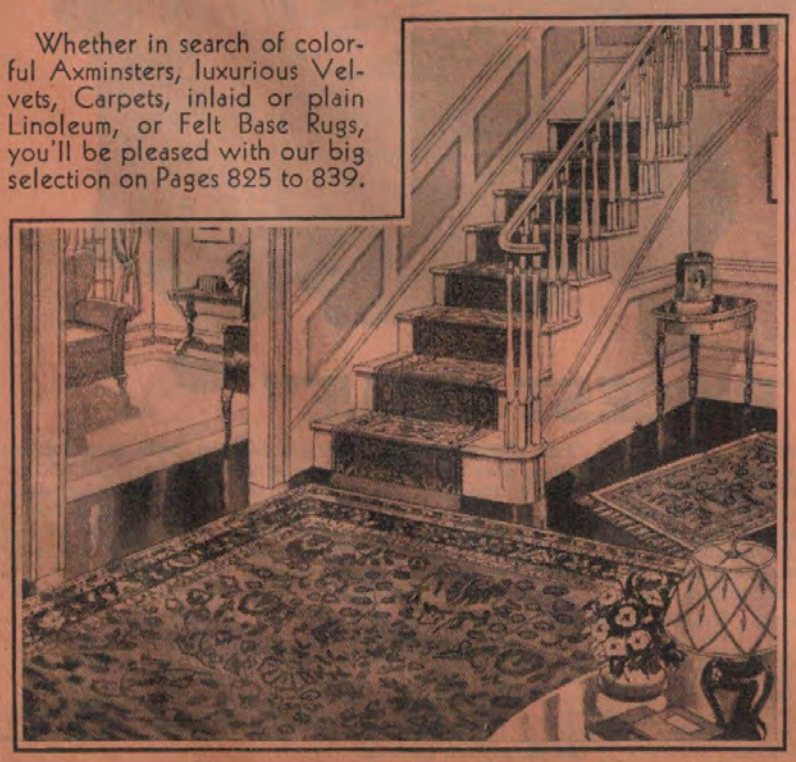
Now for the first time—**Guaranteed Stainless Aluminumware!** Our famous BATTLESHIP brand may be included in your time payment order, as well as BANNER kitchen utensils, made of heavy cast aluminum. See Page 844.

Imported china and sparkling glassware in shapes, colors and designs to grace any table. Practical pieces, too, for everyday use. See Pages 680 to 686.

Are Your Best Investment

Beauty · Quality · *than ever before*

Now · at Sears · *Buy the Things You Want* on EASY TERMS



Use your credit at Sears! . . . *One Order With One Down Payment Brings you everything you want for your home.* . . . You may include all your home furnishings purchases in one Time Payment order, providing the order amounts to $20.00 or more. Include the small down payment with the order and pay the balance a little each month.

Following are the kinds of merchandise that you may combine in your order:

FURNITURE
FLOOR COVERINGS
REFRIGERATORS
WASHING MACHINES
ELECTRIC IRONERS
SEWING MACHINES
STOVES
ELECTRIC FLOOR and TABLE LAMPS
VACUUM CLEANERS
BATTLESHIP and BANNER ALUMINUM
CHINAWARE
SILVERWARE
ELECTRIC APPLIANCES such as TOASTERS, WAFFLE IRONS, PERCOLATORS and IRONS

On washing machines, electric irons, sewing machines, stoves, vacuum cleaners and electric refrigerators special easy payment terms are shown on the pages where the merchandise is described. When ordering these you may include any of the home furnishings from the list above, to make one time payment order, but, of course, it must total $20.00 or more. For combination orders, use the table of terms at the right and figure your terms on the basis of the *cash* prices of *all* merchandise in your order.

Whether in search of colorful Axminsters, luxurious Velvets, Carpets, inlaid or plain Linoleum, or Felt Base Rugs, you'll be pleased with our big selection on Pages 825 to 839.

MAKE USE OF THIS CONVENIENT WAY OF COMBINING ALL YOUR HOME FURNISHINGS PURCHASES IN ONE ORDER.

AS LOW AS $4.00 DOWN

EASY PAYMENT TERMS on HOME FURNISHINGS Orders of $20.00 or More

100% ANGORA MOHAIR

AND OTHER POPULAR COVERINGS

Good 100% Angora Mohair is the most durable of all upholstery fabrics. Genuine Mohair is made entirely from hair of Angora goats except for cotton base. Mohair retains its color fastness. It does not soil easily, is readily cleaned and today is treated with a dependable moth-repellent.

6 Reasons *Why "HONOR-BILT" Means Better Quality*

1. Hardwood frames of kiln dried, seasoned lumber, treated to remove moisture and prevent warping. Double cross-braced with corners double doweled, strongly glued and heavily blocked.
2. All steel understructure — made like a box spring. Never sags or lets down.
3. Resilient coil springs in backs and seats, of the finest quality tempered steel wire.
4. Filling materials are new, clean and fresh. Scientifically treated for absolute purity.
5. Removable cushions are spring filled and well padded to give utmost comfort.
6. Made in the factories of a nationally known manufacturer, every process has the closest inspection.

CUSTOMERS SAY . . . . "IT'S AMERICA'S BIGGEST VALUE"

- Graceful serpentine fronts.
- Wide flare arms and rollover backs.
- Smartly pleated fan shaped welts.
- Full spring edges on all pieces.
- Spring-filled reversible cushions.
- Spring filled backs softly padded.
- Hardwood frame finished Mahogany.
- New, DeLuxe lounge chair with button-tufted back.
- Quality Honor-Bilt construction.
- Choice of MOHAIR, or other popular covers listed on pages 739 and 740.

A touch of friendliness . . . a lot of comfort . . . restfulness and distinction. A decidedly popular style, supremely comfortable with its softly padded spring filled understructure. It is finely constructed—Honor-Bilt, of course—and offered in a choice of coverings and colors designed to harmonize with the more popular color schemes. The new DeLuxe lounge chair has a distinctive back, unmistakably the newest interpretation of a comfort chair. The plump, spring-filled seat cushion, built to make you relax, and the fashionable button-tufted welted back are details appropriate to chairs that cost many times more. 2-Tone Jac. velour and Mohair pieces have plain cotton velour on outside backs and sides; outside backs of bed davenports are denim. Bed davenport opens to 48x72 in. **Select color and cover wanted on page 739 and 740. Shipped from factory near our store. Not Prepaid.**

Sears HONOR-BILT Quality . . . .

Select Your Suite in the Cover and Color You Want

Two-Tone Cotton Jacquard Velour

A beautiful fabric with the pile woven into the back material to form the design. When brushed with the hand responds to the slightest pressure and reflects the full beauty of the different color tones. The color of the back material, which shows through the design, forms the last color of the following combinations:

COLORS—*Taupe with Rose Back.*
Taupe with Blue Back.

Reverse cushions are in Tapestry to harmonize.

Multi-Colored Cotton Jacquard Velour

An unusually colorful and long-wearing fabric which has been accorded universal favor. Woodrose or Taupe predominate with a mixture of Brown, Green, Rose and Black, producing a harmonious five-color effect. Has a Jacquard pattern similar to the two-tone velour but is heavier and finer quality. *State predominating color wanted:*

COLORS: *Woodrose on mixed background.*
Taupe on mixed background.

Suites made with this cover are covered allover in same material, including reverse cushions.

Floral Figured Tapestry

A beautiful fabric for those who wish the latest in design and color. A heavy cotton fabric of plain weave (has no pile). It has good weight and a closeness of weave for durability. Modern floral pattern in the following predominating colors:

COLORS: *Sand, Henna or Green with various colored threads to make the pattern, such as gold, brown, orange and blue.*

Suites made with this cover are covered allover in same material, including reverse cushions.
